

Transferring a Kindle book via USB

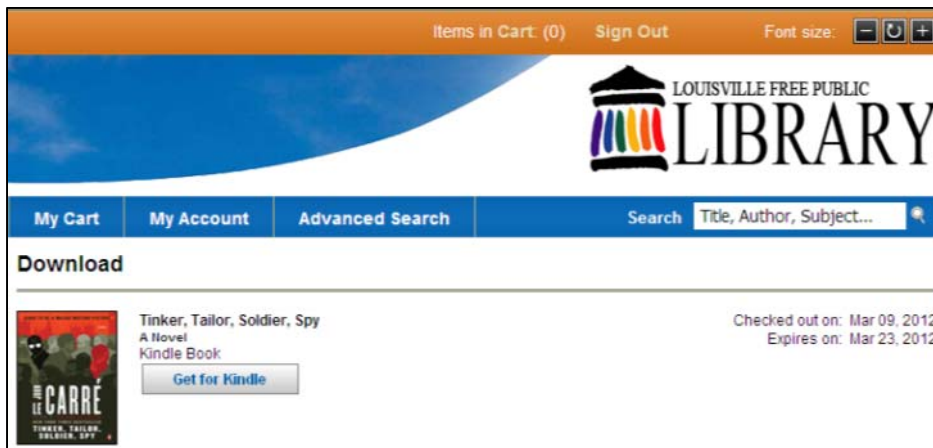

1. Notice that when you add the item to your cart it tells you, “Kindle devices via USB only”. Click on “Proceed to Checkout”

2. At Checkout, you will see that the eBook can be used on “Kindle devices via USB only”. Click the “Confirm Check Out” button.

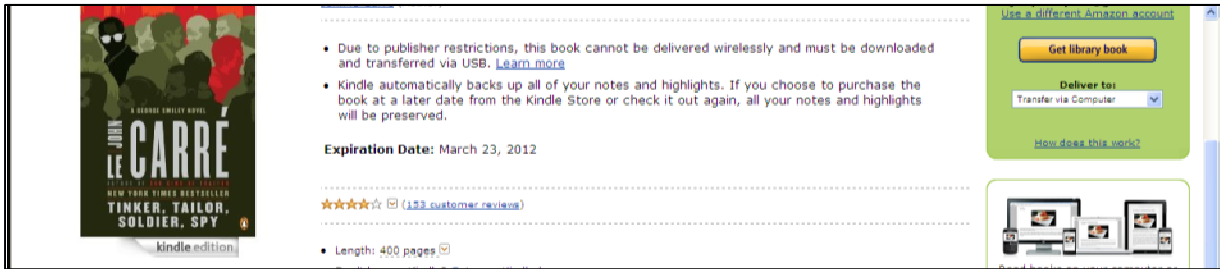

3. Clicking on the “Get for Kindle” button will open a new window that takes you to Amazon.com:

Transferring a Kindle book via USB

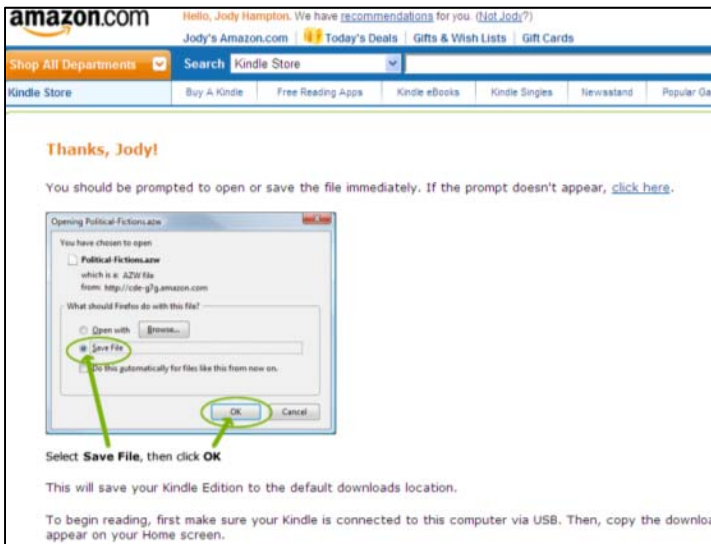

- Click on **“Get library book”** which takes you to the Amazon sign in screen (unless you are already signed on).

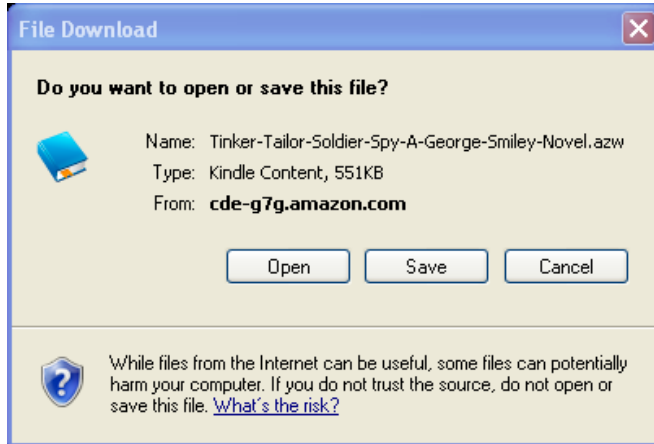

- Choose the device you want to download to and click **“Continue”**.

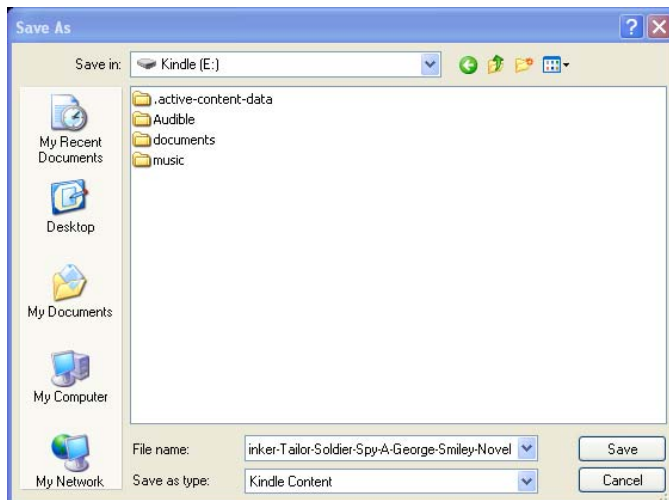

- Now these screens appear:
