The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held at 4:15 p.m., May 20, 1958 in the Director's office.

Present: Mesdames Fagin and Morris, Messrs. Pitt, Powell, Sanders, Schneider, Steele, and Wolford, and the Director.

Mr. Wolford presided.

It was moved by Mr. Sanders, seconded by Mrs. Fagin, and carried that the minutes for the meeting of April 8, 1958 be approved as distributed.

Library Committee: Mrs. Fagin read the certification that bills for the month of April in the amount of $23,958.84 had been audited and found correct. It was moved by Mrs. Fagin, seconded by Mr. Schneider, and carried unanimously that bills in this amount be ordered paid.

Building Committee: The Director reported that Mr. Sullivan, Chairman of the Building Committee, had been concerned with the condition of the stone and brick work of the Highland Branch Library. It had been decided to ask for bids on this work. The Director reported that only one bid had been received at this time and that Hartstern, Louis and Henry were expecting other bids soon.

It was stated that inasmuch as this brick and stone work were in a dangerous condition it might be well for the Board to authorize the Building Committee to go ahead with work so that it would not have to be delayed until the next Board meeting. The amount of the one proposal received is $1753; therefore, the cost of the work cannot go higher than this figure. After discussion it was moved by Mrs. Fagin, seconded by Mr. Sanders and carried that the Building Committee be given power to proceed with the work at Highland Branch.

Finance Committee: Mr. Schneider reported that a recent Marshall and Stevens valuation on the Kaufman-Straus building had increased the insurable value by $63,000. He explained that the terms of the library's lease with Kaufman-Straus made it mandatory that an insurance coverage equal to 100 per cent of the insurable value be maintained. He explained that the purchase of this additional $63,000 worth of insurance would cost a payment now of $105 with a first-year premium of $110 and the premiums for the next four years at $88 per year. Mr. Schneider moved and Mrs. Morris seconded that this additional amount of insurance be purchased. The motion carried.
Mr. Schneider also gave the statistical report for the month which was ordered received and filed.

Director's Report: The Director reported that the arrangement with the Municipal Housing Commission concerning rental of space for two branch libraries had never been made into a formal lease. At the request of the auditors, the Louisville Municipal Housing Commission had prepared leases which had been signed by Mr. Wolford as President of the Board.

It was moved by Mr. Schneider and seconded by Monsignor Pitt that the Board ratify this action of the President in signing the leases with the Housing Commission. The motion passed unanimously.

The Director reported the two-day visit by a Mr. Tay from Viet-Nam, who had been sent to visit this library by the U. S. State Department.

He also reported that the Kentucky Opera Association had been allowed to use an unused section of University Square buildings as a workshop for the making of opera scenery.

Finance Committee: Mr. Schneider gave the statistical report for the month which was ordered received and filed.

Mr. Schneider, Chairman of the Finance Committee, reported that at the budget hearing with City officials the library was ordered to reduce the salaries of all employees three percent beginning July 1. At this time it was stated that if the Occupational Tax remains as it is now, this reduction in salary would be refunded on a retroactive basis.

In addition to this reduction in salaries because of the Occupational Tax, the library’s non-personnel budget was also reduced by $6,500 due to the City's loss of operational income.

The Director announced the gift of The Mountain Muse by Daniel Bryan, from the University of Louisville and Mrs. Baylor Hickman. This book had been received through the good offices of Mr. Charles Farnsley. Its importance to the library is because it was one of the books in the original Louisville library founded in 1816, from which this present library descended.

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MINUTES
September 9, 1958

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held at 4:15 p.m., September 9, 1958 in the Director's office.

Present: Mesdames Fagin and Morris, Messrs. Clark, Imhoff, Pitt, Powell, Sanders, Schneider, and Wolford, and the Director.

Mr. Wolford presided.

It was moved by Monsignor Pitt, seconded by Mr. Schneider and carried that the minutes of the meeting of June 10, 1958 be accepted as distributed and that the Executive Board action of July 8 and August 12, ordering bills to be paid when no meeting was held due to the lack of a quorum, be ratified.
Communications: The Director read a letter from Mr. R. J. Gardner enclosing certificate of insurance carried for the Kaufman-Straus building.

The Director read a letter from Leo Zimmerman concerning use of the library's films at free showings in Arts in Louisville House. After discussion it was moved by Mr. Clark and seconded by Monsignor Pitt and carried that permission be given the Arts in Louisville House to use the library's film collection.

Library Committee: Mrs. Fagin read the certification that bills in the amount of $26,514.21 had been audited and found correct. She moved, it was seconded by Mrs. Morris and carried unanimously that bills in this amount be ordered paid.

Finance Committee: Mr. Schneider gave the statistical report for the month which was ordered received and filed.

Director's Report: The Director read the following communication from Mrs. Grover Page:

September 1, 1958

MEMO TO: Louisville Free Public Library

SUBJECT: Cartoon originals of Grover Page to be given to the Louisville Free Public Library

NUMBER: 3,000 (estimate only) covering 1943-1958, incomplete due to requests. Collection includes some material prior to 1943.

SIZE: Largest are 22" x 26", but majority are 11 1/2" x 14 3/4". When stacked the collection is 22" high.

LOCATION: 1815 Casselberry Rd., Louisville 5, Ky.

TIME OF TRANSFER: The artist's wife, having lost permanently the sight in one eye, faces surgery on the remaining one due to the growth of a cataract. She desires to go through the collection and make a selection of a few of her favorites for framing and use in her home. Due to failing eyesight, she is unable to do so at present. The operation will take place around Christmas of this year.

LEGAL STATUS: The collection is a part of the Page Estate. Since both her son and Barry Bingham are in agreement, no legal problems exist.

ADDITIONAL CARTOONS AND MATERIAL: Mr. Page left a large file of letters from world famous political figures. Those relating to cartoons in the collection should be kept with the collection. A careful sorting of Mr. Page's papers at present is impossible.
A collection of Page cartoons, formed over the years by the artist's son, will be left to the main collection after the son's death. While not a large collection, it covers such interesting topics as destruction of the League of Nations, Rise of Adolf Hitler, death of Franklin Roosevelt, etc.

During the 1930's Mr. Page did his cartoons in woodblock form for several years. Trial proofs of these original hand-cut blocks exist, along with a few of the blocks themselves, and will join the main collection as soon as they can be sorted from among the vast amount of graphic material left by Mr. Page. This, however, excludes the Horse and Buggie Day series, to which the widow retains sole rights.

It is suggested that an appeal be made by the library for original Page cartoons prior to 1940. Many of these are in permanent collections, museums, etc. here and abroad, but many people owning Page originals may desire to see them join the main collection at the library. Early Pages are extremely rare, as well as World War II cartoons.

Right is granted for the library to use the collection as it sees fit; right is granted for reproduction of all material except in the case of an entire book devoted to Mr. Page's work.

Louisville 5, Ky.

It was moved by Pastor Imhoff, seconded by Mr. Schneider and carried unanimously that the Board gratefully accept this gift from Mrs. Page.

The Director read a report showing the success of the messenger service in obtaining long overdue books. He reported that in 1957 books valued at $289.70 had been collected at a cost to the library of $259.16, and that in 1958, so far, books valued at $302.30 had been collected at a cost of $396.05.

The Director called attention to the gift by Mr. Sidney Fine of an old check drawn on the Public Library of Kentucky dated September 5, 1874.

He also read a communication from Mrs. Charles T. White enclosing a newspaper clipping from Ankara, Turkey, concerning the Louisville Free Public Library.

It was reported that WPPK-TV, Channel 15, the television station licensed to the library officially went on the air Friday, September 6, 1958.
Proposed plans for the new St. Matthews library were examined by the Board of Trustees.

The Director recommended that Miss Grace Banks be named Head Branch Librarian at Shelby Park Branch to replace Miss Kathrine Fort who resigned as of October 1 to take a position at Greensboro, N. C. Miss Banks has been bookmobile librarian.

It was moved by Mr. Sanders, seconded by Mr. Schneider and carried unanimously that Grace Banks be named branch librarian at Shelby Park Branch, this appointment to take place October 1.

The Director stated that former Mayor Farnsley had suggested it would be appropriate for the Board of Trustees to recognize the work done by former Mayor Broaddus in helping the library to acquire the property known as University Square. It was suggested that the middle building at University Square be named Broaddus Hall. After discussion it was moved by Mr. Clark and seconded by Mr. Schneider and carried that the Board officially name the middle building of University Square Broaddus Hall.

New Business: Pastor Imhoff suggested that the Director study ways in which the library can celebrate the Lincoln Sesquicentennial.

Library Committee: Mrs. Fagin read the certification that bills in the amount of $14,875.73 for the month of September, 1958 had been audited and found correct. She moved, it was seconded by Monsignor Pitt, and carried unanimously that bills in this amount be ordered paid.

Finance Committee: Mr. Schneider gave the statistical report for the month, which was ordered filed.

Director's Report: The Director reported that he had met with the Finance Committee of the Board of Aldermen and the Mayor, at the Mayor's request. He reported that the Mayor was very enthusiastic about Mrs. Embry's planting project which the Board had approved. Mrs. Embry had requested the city to furnish stone work and to improve the lighting.

The Finance Committee of the Board of Aldermen had authorized the Director to take bids on stone and concrete work, to take bids on lighting the lawn and to take bids on cleaning the building.

The Director requested that, inasmuch as the library was closed on November 11, a holiday, that the November meeting be postponed until November 18 when the library is open. The Board expressed approval of this request.

It was announced that a check for $1180.93 had been received in full payment and satisfaction of the balance of the legacy due to the Louisville Free Public Library according to the will of Mary Graton Bartlett.

The Director called to the attention of the Board that this will established a fund to be known as the Mary Graton Bartlett Fund, the income only to be used for the photographic collection. The Director stated that $2000 had already been received from the estate and $1975 of this had been invested in Federal Land Bank bonds. This new check for $1180.93 plus the remaining $25 made up a total of $1205.93 additional to be invested.

The Investment Department of the Kentucky Trust Company advised the treasurer, and it was approved by the President of the Board and the Chairman of the Finance Committee that shares of Louisville Gas and Electric common stock should be purchased with this remaining money. Therefore, $1197.21 was invested to buy 31 shares of Louisville Gas and Electric common stock.

The Board approved of these transactions.

The Director also read a communication from Mr. Herman Handmaker enclosing a check for $574.66 as the library's prorated distribution of the residuary assets of the estate of Lucile Newmark.
The Director read a communication from Mr. William D. Meyers, Director of Finance, announcing a $9708 supplementary appropriation by the Board of Aldermen. It was stated that this supplementary appropriation restored the cuts in the July 1 budget and allowed an additional amount for one-step salary increase for those who have had one year of service as of October 1.

The Director reported that rentals of radios had totaled $527.95 for the period April 1 through September 30. He reported that there were many radios on the shelves at this time and there seemed to be enough on hand to satisfy any demand without purchasing additional sets. He therefore recommended that these earnings of $527.95 be used to replace audio equipment in the branch libraries which is now ten years old, and completely worn out.

It was moved by Monsignor Pitt, seconded by Mr. Schneider and carried that the Director be authorized to use this radio rental money for the purchase of audio equipment.

The Director announced the Southeastern Library Association Meeting October 22-25 and invited the members of the Board to attend the meetings.

There being no further business, the meeting adjourned at 4:50 p.m.

Re: Cleves Kinkead & Kathryn P. Kinkead

Dear Mr. Graham:

You will recall that several months ago I discussed with you some sort of memorial for Mr. & Mrs. Cleves Kinkead. He was my mother's brother, and I am currently executor of the estate of Mrs. Kinkead.

You suggested the possibility of establishing a small trust fund from which a book or two could be purchased annually, with a suitable name plate inside indicating that the gift is in memory of Mr. & Mrs. Kinkead.

Approval has now been secured for this plan to be definitely explored. Will you please give the matter some thought, and then advise me of your suggestion about carrying out the details. Your cooperation will be appreciated.

(Baylor Landrum)

BOARD OF TRUSTEES MEETING
December 9, 1958

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held at 4:15 p.m. Tuesday, December 9, 1958 in the Director's office.

Mr. Wolford presided.

Minutes: It was moved by Mrs. Fagin, and seconded by Monsignor Pitt and carried unanimously that the minutes of the meeting of November 18, 1958 be approved as distributed.

Library Committee: Mme. Fagin read the certification that bills in the amount of $32,960.15 had been audited and found correct. She moved, it was seconded by Monsignor Pitt and carried unanimously that bills in this amount be ordered paid.

Finance Committee: Mr. Schneider, chairman of the Finance Committee, reported on the receipt of a check for $300 establishing a trust fund in memory of Cleves Kinkead and Kathryn P. Kinkead. The income from this trust fund is to be used to purchase books in memory of Mr. and Mrs. Kinkead.

Mr. Schneider reported that advisors at the Kentucky Trust Company had recommended that the $300 bequest be invested in a "federalized" building and loan association. They suggested that the Portland Federal Savings and Loan Association was such an association and that it was, at the present time, paying 4 percent interest on stock.

After discussion it was moved by Monsignor Pitt and seconded by Mrs. Morris that the following resolution be approved by the Board:
BE IT RESOLVED THAT the Board of Trustees of the Free Public Library of the City of Louisville, Kentucky, hereby authorizes the purchase of $300 worth of paid-up stock in the Portland Federal Savings and Loan Association.

This stock is to be used to establish a trust fund in memory of Cleves Kinkead and Kathryn P. Kinkead and the income only from this fund is to be used in the purchase of books in memory of Mr. and Mrs. Kinkead jointly.

In the event the Board wishes to withdraw this amount of stock from the Portland Federal Savings and Loan Association, any two of the following officers are hereby authorized to sign for the withdrawal: President, Vice-president, Secretary, Chairman of the Finance Committee.

The motion to approve this resolution was passed unanimously.

Mr. Schneider asked the Director to read the following recommendation from Miss Margaret Sheviak, Head of the Children's Department, concerning purchase of $1,000 worth of children's books:

The receipt of one thousand dollars from the will of Mary Buckner Nettelroth can enable the Main Children's Department of LFPL to establish a special collection of books and materials for which there is a growing demand.

With increased attention on the exceptional child libraries are being called upon to provide materials to satisfy the needs of such children. It is not difficult to find numerous materials in the general collection for the gifted child. Others, such as low vocabulary, high interest books for the remedial reader, sight saving books for those with limited vision, talking books for the crippled or in-bed children, etc., are limited in number.

I should like to recommend the establishment of a separate and generous collection of such materials at the Main to be used by patrons here and to be readily available for loan to branches at the request of their patrons.

I should also recommend that these not be loaned to classrooms on teacher's privilege—eight weeks—since this would limit their use and availability to our regular patrons requesting such materials. Further, I feel that the supplying of such materials for classroom use is rightly the problem of the schools. Hence, the importance of the establishment of a separate, centrally located collection over which some measure of loan control can be maintained and which will make such materials readily accessible upon request.

Any possible remaining funds can well be used to replace books worn out through heavy use in the classrooms of the schools borrowed from the Main collection on teacher's privilege.
After discussion it was moved by Mr. Sanders, seconded by Monsignor Pitt and carried unanimously that the Board approve this recommendation for using the $1,000 gift from the will of Mary B. Nettelroth.

Mr. Schneider presented the statistical report for the month, which was ordered received and filed.

Director's Report: The Director reported on the wide distributions of the Associated Press story concerning the use of apostrophe in the library's sign "Seasons Greetings."

It was also reported that a long article about the library had appeared in a daily newspaper from the Hague.

Samples of the new bookmark were distributed to members of the Board.

There being no further business, the meeting adjourned at 4:55 p.m.

Building Committee: It was reported that the Finance Committee of the Board of Aldermen had asked that bids be taken for the work of improving the lawn, lawn lighting, and cleaning and tuck-pointing the main library building. Its next meeting. After discussion it was moved by Monsignor Pitt and seconded by Mr. Schneider that the Building Committee be authorized to proceed with this work if and when the Board of Aldermen appropriated the money for such work.

Finance Committee: Mr. Schneider gave the statistical report for the month. This was ordered received and filed.

Mr. Schneider then reported on a Marshall and Stevens revised estimate of the insurable value of Kaufman-Straus building. It was reported that the insurable value of the building had increased by $26,256. Therefore, in accordance with the lease, the Board should purchase an additional $27,000 worth of insurance. This would cost $4,078 now and an average annual premium of $56.00. After discussion it was moved by Mr. Schneider, seconded by Mr. Sullivan and carried that $27,000 worth of additional insurance on the Kaufman-Straus building be purchased.

Director's Report: The Director reported that he had received an inquiry from the Telephone Company concerning a request from a dentist and a printing company to connect with the library's wire network so that they could receive music programs into the dentist's office and into the printing company's plant.

After discussion the Board voted not to furnish this service.

It was reported that Mr. George Bender, the library special agent, had reported that from September 1, 1958 to December 31, 1958, he had recovered 1,772 books which had not been returned in answer to the library's regular overdue notices. The value of these books was estimated at $553.80. He had also collected $254.15 in fines on these books. The total value of these services was $5807.95 and the total cost of this service was $894.51. Thus the net value to the library of this service for the period was $4913.44.

The Director reported that the library continued to have foreign visitors, the latest being the librarian of a public library in Istanbul and his interpreter. It was also mentioned that a
controller of the British Broadcasting Company from Bristol, England, had spent an entire day at the library.

March 11, 1959

Mr. C. R. Graham, Director
Louisville Free Public Library
Fourth and York Streets
Louisville 3, Kentucky

Dear Mr. Graham:

When boards operate as efficiently and cooperatively as yours has, I have tried, in making appointments, to retain the services of those responsible so it is a pleasure for me to re-appoint your expiring members, Dr. Spafford Ackerly, Mr. William E. Clark and Pastor Roger S. Behoff.

You know, I am sure, just what the regular procedure is in swearing them in or otherwise and if you will let my secretary, Miss Julia Goodin, know as to how and when, I will be glad to do the honors. However, I am leaving Louisville next Wednesday evening and will be out of the City until April 5. I am sure, however, that someone else can take care of the official part of the appointment when you are ready.

Very Sincerely yours,  
(signed)

BRUCE HOBPLITZELL

Dear Mr. Graham:

WAVE, Inc. has a large library of orchestrations with many of the better selections duplicated and all fully indexed, which we are glad to offer to the Louisville Free Public Library for general public use.

The library, because of its size and wide variety of compositions, should be of real interest to all organizations, schools, and other groups interested in music of this type. We are accordingly glad to cooperate with the Louisville Free Public Library in making the orchestrations available for the use of all musicians in this area.

As we are moving into our new studio and office building within the next few weeks, we would appreciate your presenting this matter to your Board at the earliest possible date. Arrangements to take delivery of the library should be made with our Music Director, Mr. Harry Lockhart, who will be glad to cooperate in every way possible.

Sincerely yours,

WAVE, Inc.

The Director also read the following communication from the Honorable Ira G. White, Jr., Mayor of the City of Jeffersontown:

Dear Mr. Graham:

Enclosed is a check for $300 to cover 1953 appropriation of the City of Jeffersontown to the Louisville Public Library to help defray the expenses of the Jeffersontown Library.

We are sorry that we were unable to send this money to you sooner, but as you know most small cities are having difficulty and we are no exception.

At our next Council meeting I will ask for appropriations from the City for 1959. I cannot say if it will be increased, but do feel the City will appropriate the same in 1959 as they did in 1958. If it is made it will be sometime late in the fall before we will be able to send the check.

We certainly do not want to lose our library. We appreciate the cooperation that you and the Louisville Library have given us and we hope in the future we will be able to increase our appropriation to a substantial payment rather than a token payment.

Thanking you for past favors you have granted us, I remain,

Yours very truly,

Ira G. White, Jr., Mayor

The committee voted to accept this appropriation with thanks.

Library Committee: Mrs. Fagin read the certification that bills for the month of May, 1959 amounting to $19,535.01 had been audited and found correct. She moved, it was seconded by Mr. Steele and carried that bills in this amount be ordered paid.

Mrs. Fagin then asked the Director to report on the meeting of the Library Committee held prior to the Executive Committee meeting. He reported as follows:

It was recommended that the non-resident fee be increased from $3.00 per year and $2.00 for six months to the following scale: adults, $6.00 per year or $3.00 for six months; children, $3.00 per year or $2.00 for six months. The Executive Committee approved this recommendation to be put into effect July 1, 1959.
The Director also reported the following personnel changes: Miss Laura C. Jeffries resigning from Parkland Branch Library, to be replaced by Mrs. May Alyce Stinger as branch librarian. It was announced that Mrs. Bruce Poundstone had resigned as Assistant Department Head, Reference Department and it was recommended that Miss Laura Jean Smith be named in this capacity. On August 17, 1959, the Board of Aldermen appropriated the sum of $50,000 for improvements to the main library and branches.

Of first priority, in the opinion of the Building Committee, is the construction of an elevator from the basement to the third floor in the public part of the main library.

The Building Committee is asking for authority to take bids on this construction, which has been estimated by the architects to cost $25,000.

The Building Committee intends to present to the Board of Trustees plans for the use of the remaining $25,000 of the appropriation.
The committee reports that the tuck-pointing and cleaning of the main building is progressing after considerable delay due to weather and the delivery of the wrong kind of sand.

It was moved by Dr. Ackerly, seconded by Mrs. Fagin and carried that this report of the Building Committee be approved and that the committee be authorized to proceed to take bids on the construction of the elevator.

Director's Report: The Director reported that he had received a letter from the Department of Finance stating that it had four checks totaling $1,574 from the estate of Eliza Gathright Martin to be used for the sole purpose of the development of the Junior Art Gallery and Institute. Sullivan and carried that this request be rejected according to the policy
of the Board not to permit advertising.

The Director read the following letter from Mrs. Constance Clark
Willis presenting a painting to the Library from her collection.

October 12, 1959

Dear Mr. Graham:

I wish to give the painting by me called "Shelles" to the Main
Branch of the Louisville Free Public Library. This painting
is executed in egg tempera on a gesso ground and valued at
$150. It should be dated between 1913 and 1916.

I will be glad to have it continue to circulate as part of
the Library's loan collection.

If it should become useless for this or other exhibition
purposes, I request that it be returned to me to avoid disposal
or indefinite storage. This does not mean I expect it to
be continuously exhibited, should that not be practical.
Should it become so damaged as to be useless for exhibition,
I prefer that it be returned to me for destruction.

I am pleased that the library wishes to have it and trust
that these terms are agreeable to you.

Very cordially,
(signed)

Constance Clark Willis
It was moved by Mr. Sanders, seconded by Mr. Steele and carried unanimously that the Board accept this gift on the terms outlined in this letter, and that the Director be asked to express their appreciation of this gift.

Library Committee: Mrs. Fagin read the certification that bills in the amount of $13,364.11 had been audited and found correct. She moved, it was seconded by Mr. Clark and carried unanimously that bills in this amount be ordered paid.

Building Committee: Mr. Sullivan explained that the windows in the Main Library were in very bad repair and that they should be corrected before cold weather. He read a recommendation from Hartstern, Louis and Henry, Architects, that the proposal from Ale Bornstein, Inc. be accepted. This proposal based on the experimental repair of two windows was that the charge be based on the actual cost plus five per cent for overhead plus ten per cent for services with a guarantee that costs plus percentages should not exceed $50 for the second floor windows and $85 for the first floor windows and with all the savings reverting to the Library.

Mr. Sullivan explained that as far as the Building Committee was concerned, this was the only way the work could be undertaken due to the fact that specifications were impossible to write before the condition of each window was determined.

After discussion it was moved by Mr. Clark and seconded by Monsignor Pitt that the proposal of Ale Bornstein, Inc. be accepted and that the Building Committee be authorized to undertake the work at once. Motion carried.

Finance Committee: Monsignor Pitt presented a statistical report for the month which was ordered received and filed.

Museum Committee: It was announced that Mr. Carney, Colonel Beckner's assistant, had resigned and had been replaced by Mr. Carlyle Chamberlain, a retired policeman.

Library Committee met on January 5, 1960, at 3:30 p.m. in the Librarian's office.

Purpose of the meeting was to discuss the vacancy in the position of Assistant Director due to the fact that Mr. Tollefson had resigned to accept a position in Glendale, California. It was announced also that Mr. Ricketts, Head of the Circulation Department, had been offered a better position in Lansing, Michigan.

After some discussion the Librarian recommended that Mr. Arthur Ricketts be made Assistant Director but that in addition to this responsibility, he retain the main administrative responsibility of the Circulation Department, including book selection. This position carries a salary of $6,300.

The Library Committee approved of this recommendation and agreed to recommend to the Board Mr. Ricketts' appointment as Assistant Director.

Building Committee: Mr. Sullivan reported that the work of the Committee was progressing satisfactorily.

Finance Committee: Mr. Wolford gave the statistical report for the month. This was ordered received and filed.

The Director reported that according to the lease with Kaufman Straus, the Board must carry 100 per cent insurance on the Kaufman Straus building and must have an annual appraisal to determine the amount of insurance to be carried. It was reported that Marshall and Stevens' new revision of values on the Kaufman Straus building was $2,326,084. The present coverage is $2,212,256. Therefore, in accordance with the lease, the Board must purchase an additional $113,828 worth of insurance. The Director reported that this will cost $230 now and $223 annually for the next four years. After discussion it was moved by Mr. Clark, seconded by Mr. Sullivan and carried that this additional amount of insurance be purchased.
Then the matter of revising the lease, so that 100 per cent of the insurable value of the building would not have to be carried by the Board, was discussed. Mr. Clark and the Director were requested to make a study to see what steps should be taken to revise the lease in this manner.

Director's Report: The Director distributed copies of the annual audit of the books of the Library.

He also reported that the $1000 gift to be invested and the interest used to purchase books in memory of W. K. Stewart had been invested by the Kentucky Trust Company in a $1000 Federal Land Bank 5 1/8% Debenture due February 20, 1970.

Building Committee: Mr. Sullivan reported that an emergency has arisen concerning the copper cornices on the east and west wings of the north side of the Main Library building. Mr. Sullivan reported that the Building Committee had authorized the library's architects to accept a proposal of B. F. Stinson and Sons to repair copper cornices including wood members to which the sheet metal is applied. This work, not to exceed $1500, will be done on a cost-plus basis. Mr. Sullivan explained that this was the only way the work could be done inasmuch as there was no way of telling the extend of the necessary work until the copper had been removed.

It was moved by Monsignor Pitt, seconded by Mr. Sanders and carried that this action of the Building Committee be approved.

Finance Committee: Monsignor Pitt gave the statistical report for the month which was ordered received and filed.

Director's Report: The Director read the following letter from James W. Stites, the library's attorney:

March 2, 1960

Dear Mr. Graham:

As you requested, I have examined the Indenture on the Library Bonds with a view to determining its insurance requirements.

Section 9 of the Indenture provides:
"Said Board of Trustees further covenants and agrees that it will at all times so long as any of the bonds are outstanding keep all insurable property constituting any part of the mortgaged properties insured with responsible insurance companies against loss or damage by fire, lightning, windstorm and other damage and loss, to the extent that property of similar character and similarly situated is insured. The amount of such insurance shall be for the full insurable value or in any event for a sum not less than the principal amount of all bonds outstanding hereunder. All insurance shall contain an endorsement making same payable to the Trustee as its interests may appear, and all policies of such insurance or a full and complete schedule thereof shall be filed with the Trustee.

All insurance moneys and such additional moneys as may be necessary to defray the cost of the restoration or replacement of properties damaged or destroyed shall be paid out of the written order of the Board of Trustees, but if the Board of Trustees determines that such property is not to be restored or replaced, or if there be any balance of insurance moneys remaining after making satisfactory restoration or replacement then such moneys or such balance thereof, as the case may be, shall be placed in the sinking fund."

The use of the disjunctive "or" seems to me to authorize insurance "not less than the principal amount of all bonds outstanding." I have discussed the question with Mr. Carl Pastes of the Kentucky Trust Company and I am sure that he concurs in this view.

You will recall, I am sure, that your lease with Kaufman's has some queer provisions about insurance. Perhaps that phase of the lease can be renegotiated to conform to standard practices. In any event it would have to be taken into consideration before any change is made.

Yours very truly,
(signed)
James W. Stites

After discussion it was moved by Mr. Sanders, seconded by Monsignor Pitt that the President, Mr. Wolford, be requested to explore the situation in regard to changing the lease with the Kaufman Straus Company as far as insurance requirements are concerned. This motion carried.

The Director announced that the Jefferson County Fiscal Court had adjusted the Bookmobile appropriation for the fiscal year 1950-60 by supplementing the $7,500 with an additional $500, making available the sum of $8,000. The Board accepted this appropriation and authorized the Librarian to make a request for the $8,000.
New Business: The Director read a communication addressed to Mr. Wolford, President of the Board, from Mr. Kerle E. Robertson, President of the Louisville Fund. Mr. Robertson requested that the Library Board take action to provide additional lighting for the old Central High School building and grounds at 8th and Chestnut Streets. After discussion, members of the Board agreed that Mr. Wolford should state to the Louisville Fund that the Library would be happy to cooperate with the Louisville Fund to provide for better lighting facilities at 8th and Chestnut Streets but that at the present time the Board does not see where it could get the funds to do so.

There being no further business the meeting adjourned at 5:17 p.m.

LIBRARY COMMITTEE
January 10, 1961

RECOMMENDATION: FOR CHANGES IN OVERDUE CHARGES:

Due to inflation and rising prices, two cents (2¢) per day overdue charges does not seem to act as a deterrent to keeping books past
date due. Therefore, to furnish an incentive for speedier return so that more people will be able to use the library material, we suggest the following changes in the rules governing overdue charges. These changes are in line with current practice throughout the United States.

1. Raise the daily overdue charges from two cents (2¢) per day per book to five cents (5¢) per day per book for both adult and juvenile material.

2. Raise the limit on overdue charges from one dollar ($1.00) to two dollars ($2.00) for both children and adults unless the list price of the item is less than two dollars, in which case the list price becomes the maximum overdue charge.

3. Raise the charge for temporary identification cards from five cents (5¢) to ten cents (10¢); children's temporary identification cards to remain at five cents (5¢), the present rate.

4. Raise overdue charges on teachers' collections from two cents per day to five cents (5¢) per day. However, continue the practice of granting teachers a one-week grace period to return the collections.

5. Raise overdue charge for framed pictures from two cents (2¢) per day to ten cents (10¢) per day.

6. The overdue charge for magazines and phonograph records, etc., is the same as that for books.

These recommendations have been approved by the Coordinator of Extension Services, by the Director of Children's Work, by the Assistant Director, and by the Director.

After discussion it was moved by Mr. Clark, seconded by Mr. Hill and carried unanimously that these recommendations of the Library Committee be approved.

Building Committee: Mr. Sullivan reported for the Building Committee that bids for relighting the Main Library had been opened on December 15, 1960. The Tri-City Electric Company being low bidder, the contract has been awarded to that company for the sum of $17,968.78.

Louisville Free Public Library
Board of Trustees Meeting
May 1, 1962

Present: Mrs. Hendon; Messrs. Ackerly, Clark, Cole, Hill, Imhoff, Pitt, Sanders, Steele, Wolford; County Judge Marlow W. Cook, William T. Warner, and the Director.

Mr. Wolford presided.

Mr. Wolford explained that the meeting had been called in order for the Board to become acquainted with the plans Judge Marlow W. Cook and the Jefferson County Fiscal Court had for library expansion in the County and for an increased appropriation for the support of the Louisville Free Public Library.
Mr. Wolford then turned the meeting over to Judge Cook who outlined a plan for the library to assume complete administration of the library at St. Matthews, at Jeffersonville, at Valley Station and community libraries housed in Eastern and Southern High Schools. Judge Cook stated that a sum of $11,000 was immediately available for physical facilities in these branches. He stated that beginning July 1, the Fiscal Court would appropriate $372,000 for the fiscal year beginning July 1, 1962. From this $372,000 the library would expect to support the five branches named above at an approximate cost of $85,000 yearly. The balance of approximately $287,000 could be used by the Board for the stated planned purpose of adding to the book fund and raising salaries.

After considerable discussion, the Director stated that if the Board understood that there would obviously be many operational problems that would have to be solved, it was his opinion that the cordial and sympathetic cooperation of the Jefferson County Board of Education and Jefferson County Fiscal Court would insure the solving of these problems. He, therefore, formally recommended approval of the plans.

It was then moved by Pastor Imhoff and seconded by Msgr. Pitt and carried unanimously that the Board approve the plans outlined by Judge Cook and authorize the Director to implement these plans.

LOUISVILLE FREE PUBLIC LIBRARY
Executive Committee Meeting
May 8, 1962

Present: Mrs. Hendon; Messrs. Hill, Imhoff, Pitt, Sanders, Wolford, and the Director.

Mr. Wolford presided.

Mr. Wolford announced that inasmuch as no quorum was present, the meeting would be considered a meeting of the Executive Committee.

Communications: The Director read a letter from Mrs. Fagin expressing appreciation for the testimonial which the Board had sent her upon her retirement from the Board.

Library Committee: Mr. Sanders read the certification that bills in the amount of $19,629.91 had been audited and found correct. He moved, it was seconded by Mr. Hill and carried that bills in this amount be ordered paid.

Building Committee: In the absence of the Chairman of the Building Committee, the Director read the following report:
It was discovered that the heating system in the north end of the Main Library was in very bad shape. An estimate has been made by E. R. Ronald and Associates of the cost of installing a new heating system. This includes new radiators, valves, traps and piping. The estimate was given at approximately $111,000. If only the piping is to be replaced, re-using all the old radiators, valves, traps, etc., the cost is estimated to be approximately $8,000. E. R. Ronald and Associates stated that the coils in the heating system for the main portion of the building are the original ones and are in very bad shape. The estimate for replacing these coils was given at approximately $6,000.

Hartstern, Louis and Henry estimate a sum of $2,500 should be included for cutting and patching walls and floors. The total of these estimates for renovating the heating system stands at $22,500 plus fees of $2,500 and contingencies.

The balance in the special capital-improvement fund on May 8, 1962 stands at $39,212.52. If this heating system project were undertaken and these estimated figures are accurate, the $25,000 would still leave a balance of $14,212.52 in the capital-improvement fund.

Therefore, the Chairman of the Building Committee recommends that the Board authorize the Committee to take bids on the work and have it completed before the next heating season.

It was moved by Msgr. Pitt and seconded by Mr. Sanders that the Board approve the report of the Building Committee and authorize it to undertake the work. The motion carried.

Finance Committee: Msgr. Pitt have the statistical report for the month which was ordered received and filed.

Director's Report: The Director gave the following report:

The Director, Assistant Director and Co-ordinator of Extension Services have visited Valley Station and have discovered a very suitable location for the Valley Station Library. These quarters will be remodeled for the use of the library and can be secured at a rental of $150 per month. This location is on Dixie Highway next door to the new post office and immediately adjacent to the new shopping center.

The Director would like to recommend that the Board authorize him to sign a one-year renewable lease for the period beginning July 1, 1962, if after consultation with the library's architects the situation still seems desirable.

It was moved by Msgr. Pitt and seconded by Mrs. Hendon that the Director
be authorized to proceed with the project at Valley Station and to sign any necessary papers. The motion carried.

The Director also distributed reprints of the outline of branch library services in Jefferson County prepared by the Assistant to Judge Marlow Cook and adopted by the Board at its special meeting on May 1, 1962.

The Director announced that the President of the Board had appointed Mr. Sanders to be Chairman of the Library Committee.

LIBRARY COMMITTEE REPORT

The Library Committee met in the Director's office on August 17, 1962 at 4:00 p.m. Present: Mr. Sanders, Chairman, Mr. Cole and Mr. Wolford. The Committee voted unanimously to approve the following proposed salary revisions to be presented for adoption by the Board of Trustees:

PROPOSED SALARY REVISIONS

We are proposing to revise the salary range of the professional and semi-professional staff, retroactive to July 1, 1962. All the other employees have been kept within the present ranges, but have been advanced one step in range.

In proposing the increased range for the professional library staff, we have placed L. 1. employees at a beginning salary which closely approaches the average beginning salary for 1961 graduates of the library schools. This average for 1962 is $5,365.00. We propose a beginning salary of $5,000.00. The proposals for other classifications have been worked out on the same percentage increase as the L. 1. Coincidentally, this percentage seems to work out for each of the classifications as
compared to national averages. The Director's salary of $11,412.00 is compared to national salary average of $15,051.00 based on thirty-six large cities for which statistics are available.

The Director read a letter from Mr. Hoy Gardner, Manager of Operations of the Kaufman-Straus Company, stating that the curb and sidewalk in front of the Kaufman Building had been repaired. The Director announced that the latest valuation report on the Kaufman-Straus building by Marshall and Stevens Co. of Chicago called for an increase in insurance of $20,000. It was explained to the new members of the Board that this annual valuation was called for by the Board's lease with the Kaufman-Straus Co. requesting that the Board carry insurance 100% to value. It was moved by Mr. Condon and seconded by Mr. Hill that Swope and Dick, the Library's insurance brokers, be authorized to purchase this additional amount of insurance. The motion carried.

In Memoriam
Colonel Lucien Beckner

Resolution adopted by the Board of Trustees
Louisville Free Public Library

Colonel Lucien Beckner, Director of the Louisville Free Public Library Museum, died Wednesday, August 28, 1963, after a long illness.

A native of Winchester, Kentucky, Colonel Beckner came to Louisville to live in the 1920's and immediately established himself as a vital force in the educational and cultural life of the city. He was particularly interested in science and history, especially natural history, and people, especially children.

Because of Colonel Beckner's interest and wide experience and knowledge in the field of science and natural history, he was appointed curator of the Louisville Free Public Library Museum in 1937, and continued in that position until his death. After the 1937 flood, he supervised the salvage and reconstruction of the museum, and the fact that the museum, now housed in the old Monsarrat School at Fifth and York streets, is in existence is due to his work, his knowledge and his wisdom.

Colonel Beckner was for many years chairman of the Museum Committee of the Filson Club, and was also Honorary Councilor for Life of the Southeastern Museum Conference.

As curator of the Library's Museum, Colonel Beckner took special interest in the visiting children and inspired them with a thirst for knowledge, thus shaping the careers of many of them in the fields of science and history. Many there will be who will miss and mourn the Colonel.

Now Therefore - Be It Resolved: That the Board of Trustees of the Louisville Free Public Library do hereby record their appreciation for the services Colonel Lucien Beckner rendered the Museum and the public during his career as Curator of the Museum, and express their sorrow because of his death. And
Be It Further Resolved: That this resolution be spread upon the minutes of this Board. And

Be It Further Resolved: That as an expression of sympathy copies of this resolution be sent by the secretary to Colonel Beckner's daughters, Mrs. Elizabeth Beckner Bruner, and Mrs. Marie Beckner Kittrell.

Adopted.

Nominating Committee: Mr. Sanders, Chairman of the Nominating Committee gave the following report:

The Executive Committee acting as the Nominating Committee proposes the following names to fill the vacancies:

Msgr. Pitt - Vice-President
C. A. Graham - Secretary

The officers then would be:
Mr. Wolford, President
Msgr. Pitt, Vice-President
C. A. Graham, Secretary
Kentucky Trust Company, Treasurer

It was moved by Mr. Hill and seconded by Mr. Brady that the nominations be closed and that the Secretary be authorized to cast one ballot for the entire slate. The motion carried.

The insurance advisor reported that there was only a minimum amount of fire insurance on the contents of this building. It was moved by Msgr. Pitt and seconded by Mr. Condon that the Board purchase this additional amount of insurance. The motion carried unanimously.

Director's Report: The Director announced that he had been invited by the trustees of the Madison Indiana Public Library to serve as a consultant on the project for the expansion of their library. Dear Mr. Brady:

George Coen, 1964 President of the American Library Trustees Association, has asked me to invite you to serve on a two year appointment on the ALTA Action Development Committee. Charles Reid is chairman of the committee. As you know, this is the committee which recommends long term programs to the Division. It is an exciting and interesting ALTA committee.

This committee will meet during the Midwinter 1964 meeting—January 27-February 1. Travel to these meetings must be supported by the individual, or more ideally, by his library.
I hope you will be able to accept this assignment. May we hear from you soon?

Communications: The Director read the following letter from the Kohnhorst-Gray-Druien Company:

February 7, 1964

Dear Mr. Graham:

Living on Cherokee Parkway I frequently visit the Highland Branch Library and it has occurred to me that this Branch is much too small to serve adequately the Highland area. Quite naturally, I analyzed this situation in terms of real estate.

Mr. Eli Brown's sister owns the Vertrees Apartments next door to the Library, and that property fronts 88+ feet on Cherokee Road and has a depth of 180 feet, or an area in excess of 15,840 square feet. Mr. Brown tells me he thinks his sister would be agreeable to selling the property at a price in the neighborhood of $65,000.

I thought it would be well to put this information in your hands in order that you may take this matter up with your Board. It is my understanding that at least one other branch has been enlarged and I am sure the reading public served by the Highland Branch deserve, and would appreciate, an enlarged facility which would make possible an improved library program.

Will you please let me know your own and your Board's attitude with respect to this subject.

Cordially yours,

After discussion, it was moved by Mr. Hess and seconded by Mr. Cole that the Board accept this gift with thanks. The motion carried.

Library Committee: Mrs. Hendon read the certification that bills in the amount of $26,684.87 had been audited and found correct. She moved and it was seconded by Msgr. Pitt that bills in this amount be ordered paid. The motion carried.

Building Committee: Mr. Brady, reporting for the Committee, stated that work on the Bon-Air Branch is progressing to the point that bids will be opened for furnishing and installing book stacks for the Bon-Air Branch on February 26, 1964 at 2:00 p.m. This report was ordered received and filed.

Finance Committee: Msgr. Pitt gave the statistical report for the month which was ordered received and filed.

Msgr. Pitt also read the following letter from Mr. Hudgens, Treasurer of the Kaufman-Straus Company, reporting on the annual volume of sales for that company and for the rent which the Library Board could expect from this amount of business.

February 10, 1964

To The Trustees
Louisville Free Public Library

Due to the absence of Mr. Richard J. Baker, President of the Kaufman-Straus Company, I am making this report on his behalf. Had Mr. Baker been in town, I am sure that he, personally, would have preferred to make this report, so I will bring this matter to his attention upon his return.

I am sure he would like to attend your next monthly meeting, for the purpose of getting acquainted with the Members of your Board.

The total sales for the Fiscal Year ending February 1, 1964 amounted to $5,318,523.37.

The rent due you on this amount of sales is $159,555.70.
During the year there has been paid to you $99,999.96, which leaves a balance due you of additional rentals in the amount of $59,555.74.

This additional rental is due you over the next five (5) months, and our check for the first installment payment in the amount of $11,911.15 is herewith enclosed.

I am sure you realize the importance of keeping these figures confidential, and if at any time you would like to discuss last year's results with us, we would be very happy to do so.

If your representatives would like the opportunity to examine the records of the Kaufman-Straus Company, for the purpose of verifying the accuracy of the above figures, you are most welcome to do so.

Sincerely,

/s/ R. W. Hudgens
Treasurer

This report was ordered received and filed.

Director's Report: The Director read the following letter to Judge Cook and members of the Fiscal Court concerning Shively's request for library service.

February 7, 1964

Judge Marlow Cook and Members
of the Fiscal Court:

Miss Florinne Kammerer, Coordinator of Extension Services, and I met with a group of the Shively City Council from 5:30 to 7:00 p.m. Monday, February 3, 1964. After a rather full discussion we agreed to present the enclosed requested four months' budget to the Fiscal Court for its consideration. It is understood that this estimate is for additional costs to the Library from March 1 through June 30, 1964. These estimates are based on present salaries and staff. The estimate for books is an approximation of the amount we think we can process during this time. The "supplies" figure is based on the fact that entire new registration supplies must be purchased when the Shively borrowers are incorporated into the Public Library's records. An additional clerk-typist is now required due to the increased load on the staff of the central Extension Department at the Main Library.
It was emphasized several times to the City Council of Shively that no real expansion in their services could take place until they had arranged for an addition to their building which is now seriously overcrowded. The item of $2,500 for books is therefore not an addition to their present collection but to furnish books in place of those which we will be forced to discard for several reasons.

If this request of $7,700 for four months is translated into a full fiscal year's appropriation, it would be a larger figure than we anticipate needing. We anticipate that the request in the next fiscal year will be $20,000. The reason for asking for $7,700 now is because of the serious need for discarding the many worn-out and unsuitable books in the present Shively collection.

You, of course, understand that any full agreement depends not only on the appropriation from the Fiscal Court but its agreement to the terms of the understanding with Shively as well as the approval of the Board of Trustees of the Louisville Free Public Library. I am sure, however, that the Board of Trustees will, as in the past, be very happy to cooperate with the Fiscal Court to the best of its ability.

The next meeting of the Board of Trustees is Tuesday, February 11 at 4:15 p.m.

Sincerely yours,
s/ C. R. Graham

BOARD OF TRUSTEES MEETING
March 10, 1964

Present: Mesdames Hendon and Funk; Messrs. Brady, Condon, Hess, Hill, Pitt, Sanders, Steele, Wolford and the Director.

Mr. Wolford presided.

Mr. Roy Gardner of Kaufman-Straus came into the meeting to introduce to the Board Mr. Richard J. Baker, the new President of Kaufman-Straus. Mr. Wolford, President, and other members of the Board welcomed Mr. Baker. After a few minutes Messrs. Baker and Gardner left the meeting, and Mr. Wolford formally called the Board meeting to order.

Minutes: It was moved by Mr. Brady and seconded by Mr. Hill that the minutes of the February 11, 1964 meeting be approved as distributed. The motion carried.

Communications: The Director read a letter from Mr. Arthur S. Ricketts, dated March 4, 1964, resigning from his position as Assistant Director as of April 1, 1964. It was moved by Mr. Sanders, Seconded by Mrs. Hendon and carried that this resignation be accepted with regret and that Mr. Ricketts be commended for his work as Head of the Circulation Department and Assistant Director.

The Director also read a letter from Mr. Paul E. Schlich, President of the P.T.A. of the St. Pius X School, presenting a check for $100 and requesting that this money be invested and the interest be used to purchase books in the name of the late Father Charles P. Peltz for the Bon-Air Branch Library. It was moved by Mr. Hill and seconded by Mr. Sanders that this gift and its conditions be accepted with appreciation. The motion carried unanimously.
Library Committee: Mr. Sanders read the certification that bills in the amount of $25,644.69 had been audited and found correct. He moved and it was seconded by Mrs. Hendon that bills in this amount be ordered paid. The motion carried.

Building Committee: Mr. Hill read the following report of the work of the Building Committee:

1) Bids for the metal bookstacks for the Bon-Air Branch Library were opened February 26, 1964 at 2:00 p.m. Mr. Hill, Chairman of the Building Committee, officiated at the opening.

Of the four bidders, Central School Supply Company was the low bidder in the amount of $7,582.48.

Bids were tabulated by architects Louis and Henry and they recommended that the contract be awarded to the low bidder.

Under authority previously granted by the Board, the architects were authorized to prepare the contract and notify the low bidder to proceed.

2) Miss Florinne Kammerer, Head of the Extension Department; Mr. Hill, Chairman of the Building Committee; and the Director visited the Taylor Boulevard Branch and conferred with the owner concerning his suggestions about enlargement of the quarters. The owner suggested that he enlarge the present quarters by 110 square feet which would allow a 42-inch square table and two 24 x 36-inch study carrells in the new space and also allow an increase in shelving to hold 1,125 additional books. It was decided that in view of the serious space limitations and in view of the location in the busy shopping area and rental in other stores in the community, that the increase of $25 in rent asked by the owner was reasonable.

It was decided to recommend to the Board that the Director be authorized to negotiate a lease on this space for $100 per month.

It was moved by Mr. Hill and seconded by Mr. Condon that the Director be authorized to negotiate a lease for increased space at the Taylor Boulevard Branch for a total rental of $100 per month. The motion carried.
Finance Committee: Msgr. Pitt gave the statistical report for the month which was ordered received and filed.

Msgr. Pitt then reported that several revolving funds and miscellaneous balances from special bequests total $19,000. He stated that the Finance Committee recommended that it be authorized to invest this money after consultation with the Treasurer of the Board. It was moved by Mr. Hill and seconded by Mr. Condon that the Finance Committee be authorized to invest this sum of $19,000. The motion carried unanimously.

Director's Report: The Director stated that even though the Bon-Air Branch had not yet been completed he found it advisable to appoint the head of that branch so that important preliminary work could be done before the branch opened. He recommended that Mrs. May Alyce Stinger, present Head of the Parkland Branch, be named Head of the Bon-Air Branch. It was moved by Mr. Hill and seconded by Mrs. Funk that Mrs. Stinger be named Head of the Bon-Air Branch Library. The motion carried.

It was reported that there had been a break in the water main in front of the Kaufman-Straus Building and some considerable damage had been done to the sidewalk and to the contents of the basement. Mr. Wolford and the Director had had considerable correspondence with Kaufman-Straus officials. The final result was the promise of the water company to take care of all the damage caused by the break.

The Director reported to the Board that the proposed expansion program for the Main Library had been approved and sent to the Mayor as the report of the Mayor's Special Committee on Main Library Facilities.

The Board approved the suggestion of Mr. James E. Ransdell of the Travelers Insurance Company to exhibit a collection of original Currier and Ives prints in connection with the opening of the Bon-Air Branch.

The Director then asked Mrs. Hendon to tell about her gift which had been given to her by friends in Philadelphia. This copy of VOYAGE ROUND THE WORLD by M. de la Peyrouse had been in the original library operated by the Louisville Library Company originating in 1816 as the first organized library open to the public in Louisville. After discussion, it was moved by Mr. Hill and seconded by Mr. Condon that the Board accept this gift with thanks and request also that Mrs. Hendon's friends in Philadelphia be thanked. The motion carried.

There being no further business, the meeting adjourned at 5:15 p.m.

Pitt and seconded by Mrs. Funk that additional insurance be bought so as to conform to the terms of the Library's lease with Kaufman-Straus. The motion carried.

(4) The Director announced receipt of a proxy from the Louisville Gas and Electric Company. It was moved by Mr. Brady, seconded by Msgr. Pitt and carried that Mr. Wolford be authorized to sign the proxy as President.

(5) A communication was read from Mrs. Irma Bartman of the Outdoor Art League offering to present two fountains, one for the corner of Fourth and York and one for the corner of Third and York, to the Library. After some discussion, it was moved by Mr. Sanders and seconded by Msgr. Pitt that this matter be referred to the Building Committee for action. The motion carried.

(6) A communication from Kaufman-Straus was read concerning the auditors' report on volume of business for the year ending February 1, 1964.
(7) The Director read a letter from Mrs. Albert Dick, Jr. of the Kentucky Opera Association requesting permission to use the auditorium in the central building of the old Central High School as a workshop for the making of scenery in connection with the opera's programs.

Mr. Sanders also read the following report from the Library Committee:

The Library Committee met March 23, 1964 at 3:00 p.m. in the Director's Office.

Present: Mrs. Hendon; Messrs. Cole and Sanders.

Mr. Sanders presided.

After considerable discussion of the Board's present policy concerning compulsory retirement at age 70, it was moved by Mrs. Hendon, seconded by Mr. Cole, and carried unanimously that the following statement be approved for presentation to the Board for adoption:

That there be no change in compulsory retirement at age 70 except that (1) retirement becomes effective at the end of the fiscal year during which the employee becomes 70, and (2) that under unusual circumstances the Board may consider re-employment on a year-to-year basis after the employee has reached compulsory retirement status. In such cases the needs of the library and the physical capabilities of the employee will be the primary criteria for possible re-employment.

The Committee voted also to recommend to the Board that it give careful consideration and study to the possibilities of a pension plan for its employees.

It was moved by Mr. Sanders, seconded by Mr. Cole, and carried unanimously, that the statement of the Library Committee concerning retirement be accepted.
In discussion after the motion had carried, it was brought out that the recommendation to the Board to study the possibility of a pension plan for Library employees probably called for the formation of a special committee for this purpose. Mr. Wolfrod agreed to appoint such a committee.

**Building Committee:** Mr. Brady gave the following report from the Building Committee:

The Building Committee has been requested to furnish to the City as part of its Budget Request, a summary of Capital-Project Requests through 1969. The Building Committee therefore recommends that the Board approve requests as follows:

1. Addition to the Main Library in accordance with the report of the Mayor's Special Library Committee endorsing architects Louis and Henry's proposed program for $5,000,000.

5. Remodeling and expansion at Parkland Branch Library for $200,000.

The Building Committee therefore recommends that the Board approve transmittal of these requests to the Department of Finance for a total of $5,502,500.

It was moved by Mr. Brady and seconded by Mr. Steele that these recommendations of the Committee be accepted. The motion carried unanimously.

Mr. Cole brought to the attention of the Board that this project concerning new Main Library facilities was so large that it required more than the regular committees of the Board. He moved that the President appoint a special committee of the Board to deal particularly with the implementation of the plans for the new Main Library facilities. This motion was seconded by Mr. Sanders and carried unanimously.
Finance Committee: Msgr. Pitt gave the statistical report for the month which was ordered received and filed.

The Director called attention to two magazine publications of the United States Information Agency in Indonesian language and Polish language describing the activities of the Library.

He also announced that the opening of the furniture bids for Bon-Air would be Tuesday, April 21, 1964.

Attention of the Board was called to several displays concerning the Library in the Penny Department Store's "Explore Louisville Month."

It was announced that signed oaths-of-office had been received from Mrs. Schoo, Mr. Warner and Mr. Sanders. They had previously been welcomed to membership on the Board.

She asked that the Board give consideration to this comparison with the hope that the Board might grant the additional days of accumulation of unused sick leave. Mr. Sanders explained the policy of the Board of Education and stated that it had been a good effect for all concerned. He moved and it was seconded by Mrs. Hendon that the Board authorize the accumulation of 100 days of unused sick leave. The motion carried unanimously. The motion carried unanimously.

Building Committee: Mr. Brady read the following report of the Building Committee:

1) Bon-Air Branch is on the final stages of completion. Landscaping has been seriously delayed due to drought conditions.

2) The floor covering for the library at Shelby Park must be replaced. The architect's estimate of cost is $950.

3) The sidewalk and curb at the Crescent Hill Branch must be replaced. The architect's estimate is $3,000.

   The Building Committee has ordered the architects to draw up specifications and to advertise for bids. It now asks for authority to contract for the work after bids have been received.

4) The Chairman of the Committee and the Director met with a representative of the Blunk Heating Company to examine the situation concerning the heating plant at the Museum. The Boiler Insurance Inspector has discovered serious conditions in the boiler. The best estimate available is that it will cost approximately $2,000 to repair the boiler.
There is, however, a possibility that the Museum could be heated by gas "space heaters" at approximately $1,600.

There is one other possibility—-that space heaters may be borrowed or rented. The Director has been asked to investigate this possibility with the Board of Education. The Committee will continue its investigation but asks now for authority to act in this matter.

It was moved by Mr. Brady and seconded by Mr. Hess that this report of the Building Committee be approved and that the Committee be authorized to proceed with these reports. The motion carried.

Finance Committee: Mr. Wolford analyzed the statistical report for the month which was accepted for filing.

Director's Report: The Director presented the Letter of Intent worked out with Judge Marlow Cook, the Director of the Louisville Free Public Library and Joe A. Davis, Chairman of the Library Committee of the Shively City Council.

The Director stated that under authority previously granted by the Board, he had signed this Letter of Intent on August 28, 1964.

The Director outlined the following steps in relation to the purchase of a lot at 2012-2014 Highland Avenue:

1) Ordinance 174 passed August 25 for $20,000 for 2012-2014 Highland Avenue.

2) By authority of the Executive Committee (Brady, Sanders, Pitt --by phone, August 26, 1964) contract for purchase was signed September 4, 1964 to pay $14,750 for the property.

3) Insurance bound $13,000 -- Phoenix Fire Extended Coverage and Vandalism -- September 4, 1964. State representative will inspect for insurance-value purposes.

4) Title insurance for $14,700 was ordered September 8, 1964. It will cost approximately $144.

5) Income from property -- $150 per month.

6) Size: 42/40 x 100/115

The Director presented the following points in connection with land acquisition at 2739-41 Virginia Avenue:
1) Ordinance #174 - Series 1964 passed August 25, 1964 appropriating $17,500 for land acquisition for Parkland.

2) Realtor Paul Druin reports property at 2739-41 Virginia Avenue (50 x 200 ft.) is listed for sale at $15,900. Income from property -- $215 per month.

3) Executive Committee August 26 authorized appraisal by Kentucky Trust Company -- Mr. Sam Roberts.

4) Mr. Roberts appraised property September 1, 1964 for $12,000 (see letter). Fee: $15.00.

5) What to do:
   a. Authority to offer price ($12,000?).
   b. Authority for title insurance.
   c. To bind insurance?

   After discussion it was moved by Mr. Hess and seconded by Mrs. Schoo that the Director on behalf of the Board make an offer to purchase the property for $12,000. The motion carried.

   The Director asked for permission to engage a real-estate agent for the Highland Avenue property. It was moved by Mr. Brady and seconded by Mr. Warner that the Board approve engaging a rental agent. The motion carried.

   The Director also reported that in a discussion with Mayor Cowger concerning the proposed bond issue for expanding the Main Library, the Mayor had suggested that it would be better to wait until the following November instead of attempting to put the bond issue on the November, 1964 ballot. It was decided that in a presidential election year and with the school tax problem being on the ballot, it would be wiser to wait. General Rash, Chairman of the Citizen's Committee, agreed to the wisdom of this postponement.

   There being no further business the meeting adjourned at 5:05 p.m.

The Director then read a letter from the Staff Association inviting members of the Board to the Christmas party to be held December 12 in the Assembly Room.

A communication was read from Richard Day of the Harry Lewman Company concerning the property at 2739-41 Virginia Avenue. A new price of $15,100 was asked for this property. After discussion, the Board instructed the Director to inform Mr. Day that at the present time the Board does not think the asking price of $15,100 is a reasonable price for the property in view of the fact that the Board has received an appraisal of $12,000 for this property.

Library Committee: Mrs. Hendon read the certification that bills in the amount of $27,734.66 had been audited and found correct. It was moved by Mrs. Hendon and seconded by Mr. Cole that bills in this amount be ordered paid. The motion carried.

Building Committee: Report of the Building Committee was that the old multilith machine in the Order Department has been in bad repair and is becoming increasingly expensive to repair. It is estimated that if the Library buys the larger machine, Model 1250, the Department can do much work which is now sent to outside printers. If the Library does print its own forms, it is estimated that the machine will pay for itself within two years. It was reported that funds are available for purchase of the machine in the Furniture and
Equipment Budget. The Committee, therefore, asked for authority to take bids on this equipment which amounts to approximately $4,500.

It was moved by Mrs. Hendon and seconded by Mr. Condon that the Committee be authorized to take bids for a new multilith offset machine. The motion carried unanimously.

September 9, 1965

Mr. Clarence Graham, Director
Louisville Free Public Library
301 York Street
Louisville, Kentucky

Dear Mr. Graham:

The Projects Research Committee of the Junior League is considering as a possible project, a mobile museum display. It is our intention to lease a tractor trailer to house the displays and take them to the county and city schools for viewing. We have talked to Mr. Armin Willig of the Natural History Museum planning group and he feels this would be welcomed by them. It is an idea they had hoped to develop later.

We would like permission from the Board of Directors of the Library to borrow some of the Natural History displays now housed in the Monsarrat School, if this project is adopted by the Junior League. We would cooperate with the Library in any way in choosing and displaying the exhibits. We feel this project would not only be valuable to the children exposed to it but a good advertisement for a future Natural History Museum.

If there are any questions I have left unanswered concerning our intentions, I would
be happy to talk to you about them at any time.

Sincerely,

Mrs. J. Edwin Rankin, III

Attention: Mr. C. R. Graham

Dear Mr. Graham:

Ashland Oil and Refining Company has contacted us regarding removal of their property from 722 South Third Street. They plan this removal for the latter part of this month.

All of the equipment is above ground except two 1,000 gallon tanks. To take these up is quite a chore and would take several days. The large hole would have to be filled, compacted, and the paved surface replaced. In addition, it would work quite a hardship on us because the removal of these tanks could easily close our entrance to the entire Third Street setup as well as the exit on the south side of the control house. And finally, after nearly 20 years underground, they would have only metal salvage value.

Therefore, they propose to sell you these two tanks for $1.00, and we trust you will approve this as you did on the Weissinger Gaulbert property.

When excavation for your new building commences, it will be a simple matter to remove these tanks, and the contractor will receive quite a bit of salvage for these large, heavy, metal tanks. And finally, leaving these large tanks underground is the normal procedure.

We trust you will approve the agreement attached in triplicate, retaining the original and sending us the two copies, one of which we will deliver to Ashland Oil and Refining Company and the other for ourselves. Your prompt and favorable attention will be greatly appreciated.

Sincerely yours,

It was moved by Mr. Brown and seconded by Mr. Hess and carried unanimously that the Executive Committee action approving payment of bills when the January Board meeting had been omitted be ratified. Bills for this month amounted to $23,903.43.

Communications: A letter from O. A. Powers, Manager of the Fincastle Heights Mutual Ownership Corporation suggested expansion of the library branch there by 110 sq. ft. It was estimated that this would cost approximately $275 for labor and material and it was suggested that the library refund this amount by $20 per month added to the monthly payment. After discussion it was moved by Mr. Condon and seconded by Mr. Warner that this project be approved by the Board. The motion carried.

RE: Federal Grant for Construction

Dear Mr. Wolford:

I received the application you submitted to this office November 25th and have submitted the application to a Board of Review as required by the Kentucky State Plan for federal grant funds.
The Board has reviewed this application and the circumstances discussed in the meeting with Mr. C. R. Graham in November. The Board approves the application and will formally approve the application in the coming fiscal year for a grant of $200,000. As I told Mr. Graham, the funds for this fiscal year are completely obligated, however, this letter is to assure you that you are approved for a grant in this amount in the coming fiscal year.

The library extension service of the Department of Health, Education and Welfare will notify us following July 1, 1967 that we may begin to process new applications and immediately upon receipt of this notification we will approve formally this grant and the check for a part of the money will be coming to you within 60 to 90 days with three more checks following.

Since we can only approve the project informally at this stage and since it is also necessary for you all to know that the funds are forthcoming in order that you may proceed with your planning the purpose of this letter is to notify you that the funds will be granted to the Louisville Free Public Library immediately that they are available.

Sincerely,

John Lee West
Construction Administrator

After this Mr. Brady read a letter from Mayor Schmied to Mr. Wolford.

February 1, 1967

Mr. Leo T. Wolford, Chairman
Board of Trustees
Louisville Free Public Library
Third and York Streets
Louisville, Kentucky 40203

Dear Mr. Wolford:

I have received a copy of a letter to you from Mr. John Lee West, Kentucky Department of Libraries, concerning a $200,000 federal grant to the Louisville Free Public Library. I have also talked with your Director, Mr. Graham, concerning the grant, and the purposes for which you intent to use it.
Mr. Leo T. Wolford  2  February 1, 1967

I understand you wish to proceed immediately to instruct your architect to modify present plans to strengthen foundations and building supports so that additional stories may be added in the future, on top of the present building, if needed, and to provide additional development of the below-ground area, the cost of both modifications to be approximately $135,000.

Further, I understand that rather than seeking additional funds from the City of Louisville for the above purposes, you propose to use the federal grant to cover these costs, and that should the grant not be made available (which appears unlikely) you will modify plans for renovation of the old building in an amount necessary to make up increased costs by virtue of the additional expenditures in the new building.

This all seems to make good sense, and I approve. Please keep me advised.

Cordially yours,

Kenneth A. Schmied
Mayor

After considerable discussion it was moved by Mr. Warner and seconded by Mr. Steele that the Board authorize the architects to proceed with the work on the new building according to the approved final design and including those ideas based on the letter from Mayor Schmied to Mr. Wolford. The motion carried unanimously.

Library Committee: Mr. Sanders read the certification that bills in the amount of $33,000.34 had been audited and found correct. He moved and Mr. Warner seconded and it carried unanimously that bills in this amount be ordered paid.

Finance Committee: The statistical report for the month was distributed and after questions and comments was ordered received and filed.

The Director then read a communication from Mr. Carl Estes, Vice-President and Trust Officer of the Kentucky Trust Company, enclosing a copy of a suggested resolution empowering the Finance Committee to sell and transfer investments. The resolution is as follows:

RESOLUTION OF BOARD OF TRUSTEES

"Whereas it is necessary that the Board of Trustees of the Louisville Free Public Library designate a committee which shall have power to approve the sale and purchase of all securities which may be owned by the Louisville Free Public Library."
THEREFORE it is resolved that a majority of the members of the Finance Committee of this Board of Trustees are hereby authorized and empowered to approve from time to time the purchase or sale of any and all securities which may be owned by the Louisville Free Public Library.

NOW BE IT FURTHER RESOLVED that the Chairman, and Secretary of the Finance Committee of the Board of Trustees and each and any one of them separately and alone are hereby authorized and empowered to transfer, convert, exchange, redeem, request payment or reissue, endorse, sell, assign and set over and deliver any and all shares of stock, bonds, debentures, notes, and subscription warrants, stock purchase warrants, evidence of indebtedness or other securities, including United States Savings Bonds and all obligations of the United States Government, now or hereafter standing in the name of or owned by the Louisville Free Public Library, and to make, and transfer necessary or proper to effectuate the authority hereby conferred.

A copy of this resolution attached to any instrument of assignment and transfer executed pursuant to and in accordance with the foregoing resolution, shall be taken as full authority for the officer making the sale, conversion, redemption, and/or assignment, to make same and to transfer theses securities."

It was moved by Mr. Brown and seconded by Mr. Condon and carried unanimously that the resolution be passed and that the Secretary be authorized to sell investments to establish a revolving fund for the printing of a film catalog.

The Secretary then read the following communication from the Junior Art Gallery.

February 12, 1967

Mr. C. R. Graham, Director
Louisville Free Public Library
301 West York Street
Louisville, Kentucky 40203

RE: Junior Art Gallery, Inc.

Dear Mr. Graham:

It is the understanding of the Junior Art Gallery Board of Director that there is in the Library's budget:

$2,900.00 for the Junior Art Gallery, and
$2,100.00 for the Louisville Fund.

The Louisville Fund prefers that the $2,100.00 be paid to the Junior Art Gallery, Inc., as it has been done in the past, whereupon it will be charged to the Fund's $15,000.00 appropriation to the Gallery.
Accordingly, it will be appreciated if you will, at the next Board meeting, furnish for approval the payment of $5,000.00 to the Junior Art Gallery, Inc., made subject to the items first listed above.

I have had Mr. Richard Wangerin approve this for you and your auditors.

Very truly yours,

Elizabeth S. Stirling

cc: Mr. Richard Wangerin
    Mrs. Richard Weber

Approved by: The Louisville Fund

It was moved by Mr. Brown and seconded by Mr. Condon that the funds be transferred to the Junior Art Gallery according to the letter dated February 12, 1967.

The Secretary then read a letter by Mr. R. W. Hudgens, Treasurer, Kaufman-Straus Company, reporting on the annual volume of sales for the fiscal year ending January 26, 1967. The rent due on this amount of sales was stated to be $159,891.25. The amount anticipated had been budgeted at $160,000.00, so the income item for rent was $108.75 less than that budgeted. The Board agreed to keep these figures confidential and ordered this report received and filed.

After some discussion concerning UHF, Channel 15, Mr. Warner presented the following resolution.

RESOLUTION

WHEREAS the Louisville Free Public Library has for nine years hold a license in its name with the Federal Communications Commission which license provides certain television broadcast privileges for UHF, Channel 15;

AND WHEREAS the Kentuckiana Educational Council and/or the Jefferson County Board of Education has in fact over the said nine years, maintained and programmed the television broadcasting activities of said license;

AND WHEREAS the Jefferson County Board of Education has indicated that extensive additional funding may be available provided said license is maintained by the Jefferson County Board of Education;
NOW BE IT THEREFORE RESOLVED that the Board of Trustees of the Louisville Free Public Library does hereby authorize its Chairman and its Secretary to negotiate with the Federal Communications Commission and/or the Kentuckiana Educational Television Council and/or the Jefferson County Board of Education to effect a transfer of the Board of Education and negotiate any contract or agreement or other documents necessary to said transfer and to report back to the Board of Trustees for approval of the negotiation.

After discussion it was moved by Mr. Condon and seconded by Mr. Brown and carried unanimously that this resolution be passed and the Chairman and the Secretary be authorized to negotiate.

There being no further business, the meeting adjourned at 5:20 p.m.

Attention: Mr. C. R. Graham, Director
The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held at 4:15 p.m., Tuesday, June 13, 1967 in the Director's office.

Present: Mesdames Funk and Hendon; Messrs. Brady, Brown Condon, Hess, Pitt and the Director.

In the absence of Mr. Wolford, Father Pitt presided.

Minutes: It was moved by Mr. Brady and seconded by Mr. Brown that minutes for the meeting of May 9, 1967 be approved as distributed. The motion carried.

Library Committee: Mrs. Hendon read the certification that bills for the month of May, 1967 in the amount of $34,085.75 had been audited and found correct. She moved and Mr. Condon seconded that bills in this amount be ordered paid.

Building Committee: Mr. Brady reported that bids for the construction of the new building would go out June 16, 1967 and would be opened July 6, 1967. He reported that the Mayor had been informed that the bids would be opened on July 6, 1967 and his help asked in making funds available so that work could begin if the bids were satisfactory. Mr. Brady then asked the Board for authority to award the contract if the bids were in order and if funds were available. After considerable discussion, in which it was brought out that it was rarely possible to obtain a quorum of the full Board during July and August, it was moved by Mrs. Hendon and seconded by Mr. Condon and carried unanimously that the Building Committee report the recommendation to the full Board. If this is impossible because of the lack of a quorum, the Executive Committee should have the power to accept the bids and to authorize the beginning of construction.

Finance Committee: Mr. Brown presented the statistical report for the month which was ordered received and filed.

The Director reported that the City and County had taken action on the budget request but had appropriated the same amount for 1967-68 that had been appropriated for 1966-67. The Director reported that this would call for a complete revision of the budget and that as soon as this had been completed he would present his recommendation to the Finance Committee.

Director's Report: The Director reported that beginning in September, Department Heads would be asked to give brief descriptive reports on the work of their individual department to the Board.

He also reported that in all likelihood it would be impossible to have a meeting of the full Board in July and August because of the lack of a quorum, in which case the procedure of paying bills would
be by action of the Executive Committee. This could be ratified at the first full meeting of the Board. Members of the Board signified their approval at this procedure.

The Director presented for approval of the Board a Testimonial to Mrs. Gene Meyers, who had been one of the leading forces in the establishment of Bon Air Branch Library. Mrs. Meyers was moving from the City. It was moved by Mr. Condon and seconded by Mr. Brown that the Board authorize the President and the Librarian to sign this testimonial.

LOUISVILLE FREE PUBLIC LIBRARY
EXECUTIVE COMMITTEE MEETING
July 11, 1967

When it was discovered that it would be impossible to have a quorum for the regular Board meeting July 11, 1967, Mr. Wolford, the president, called a meeting of the Executive Committee.

Present were: Messrs. Brady, Brown, Hess, Sanders, Warner, Wolford and the Director.

Mr. Wolford presided.

Mr. Wolford announced that in as much as bills had been paid by action of the Executive Committee previously that the purpose of this meeting was to receive the report of the Building Committee concerning the opening of bids for the new building. He called upon Mr. Brady who read the following report:

Bids were opened July 6 and low bids were $195,100 over our tentative budget.

The Building Committee recommends that the budget be balanced by using $195,100 of the $280,000 budgeted for "Remodeling Existing Building." It also recommends that the Board apply for an additional Federal grant of $200,000 to complete remodeling.

The Building Committee and Mr. Wolford met July 10, with the architects and Mr. John Lee West, Construction Administrator of the Kentucky Department of Libraries. Mr. West assured the Committee that he had received word from Washington to proceed with the $200,000 Federal grant for the year 1967-68.
The Building Committee then recommends that the Board accept the low bids as outlined on the tabulation sheet, and that the architects prepare contracts for signing and that the Secretary be authorized to sign the necessary papers.

In a telephone communication to the Librarian, Mr. John West said that he had heard from Washington that approval of the project must be obtained before a contract with the builders is signed. Mr. West said this could be handled by the Board issuing to the contractor a letter of intent which would obligate the Board to pay for any work by the contractor before the contract was signed.

After considerable discussion it was moved by Mr. Brady and seconded by Mr. Warner that the report of the Building Committee be approved as presented. The vote was unanimous in favor of this motion.

There being no further business the meeting adjourned at 5:00 p.m.

The Executive Committee, including Messrs. Brady, Pitt, Wolford and the Director met in Mr. Wolford's office July 31, 1967 at 10:30 a.m.

Mr. Wolford presided.

Members of the committee agreed to a three year extension of the lease for the Jeffersontown Branch Library, with all the terms and conditions remaining the same as the present lease.

After discussion the Executive Committee approved additional insurance to cover the work on the new building while under construction.
By so doing it is estimated that there will be considerable savings by purchasing this insurance instead of requiring the contractors to do so.

BOARD OF TRUSTEES MEETING

September 12, 1967

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held at 4:15 p.m., Tuesday, September 12, 1967 in the Director's office.

Mr. Wolford presided.

Minutes: It was moved by Mr. Hess and seconded by Mr. Brady and carried that the minutes of the meeting of June 13, 1967 be approved and that the action of the Executive Committee on July 11, 1967 and July 31, 1967 be ratified.

Communications: The Director read the following letter from Mr. Mengel, Vice-President of the Davis and Davis Management Company, concerning the East-West Alley Between Broadway and York Street.

LETTER

September 7, 1967

Re: East-West Alley
Between Broadway and York Street

Mr. C. R. Graham
Library Director
Louisville Free Public Library
301 York Street
Louisville, Kentucky

Dear Mr. Graham:

We share with you the excitement of seeing the Library addition becoming a reality. We are sure that while there
a lot of work ahead you are finding tremendous satisfaction in seeing this fulfillment of so much effort on the part of so many interested people of Louisville.

Progress is always accompanied by problems and this, of course, is to be expected. The immediate problem of concern to us is the width of the above captioned alley just east of approximately the half way point between 4th Street and 3rd Street. As you know, we have proposed to the owners of the Heyburn Building that they build a parking garage in our Court area on the south side of the Building. The need for such a facility became acutely apparent the day that construction started on the Library. Approximately 241 parking spaces were lost and it had an immediate impact upon our Tenants and the hundreds of people who visit the Building each day.

We have in contact with Mr. Arthur Daniels, Traffic Engineer and Mr. Jack Quick, Works Director, to determine, that should the Heyburn Building Owners decide to construct a garage, that the alley would be sufficiently wide for two way ingress and egress. Mr. Quick was kind enough to talk with you about this need and after studying the city's plans it was found that the alley width is twenty feet wide from 4th Street to approximately the half way point between 4th Street and 3rd Street—the remainder of the alley from this point east to 3rd Street is only sixteen feet wide. Obviously, this situation, if allowed to remain, will create serious traffic and safety problems for all of us in this area. In our latest conversation yesterday with Mr. Quick, he indicated that your position was, that any variation, changed or alteration of the Library plans would have to be presented to the Library Board for consideration and action. This is certainly understandable and as it should be.

We respectfully ask, therefore, that this letter be considered a formal request that the Library Board take whatever action, legal or otherwise, that is necessary to provide the additional four feet of space to make the subject alley twenty feet wide in its entire length from 4th Street to 3rd Street. It is our understanding that such action would require only minor changes in the Library landscaping plans.

We are confident that the Board will take the same progressive view of this problem as they have in the past and which has provided the city with this wonderful addition to the Library. We submit, also, that while such positive action will be mutually
advantageous to the Library and the Heyburn Building. It shall also be in keeping with the City's efforts in providing adequate and safe traffic control.

Thank you very much for your consideration of this request. We regret that we are unable to present this letter in person to the Board due to the necessity of being out of the city. We trust, however, that our feelings are reflected sufficiently above.

Kindest personal regards.

Cordially,

Davis and Davis Management Co.

Vane D. Mingle, Vice-President
General Manager, Heyburn Building

After considerable discussion it was moved by Mr. Hess and seconded by Mr. Sanders that the Board state that it understands and is sympathetic with the problems concerning the alley but that the Board does not feel it should donate this land for the purpose of widening the alley. The motion carried.

Library Committee: Mr. Sanders, Chairman of the Library Committee, read the certification that bills in the amount of $34,100.32 had been audited and found correct. He moved and Mrs. Hendon seconded the motion that bills in this amount be ordered paid. The motion carried.

Building Committee: Mr. Brady reported progress in the work of the committee. He also asked for authorization by the Board for the Director to sign a "Conveyance-of-Right-of-Way" for the Louisville Gas and Electric Company. Such a motion of authorization was moved by Mr. Brady, seconded by Mr. Warner and carried.

Finance Committee: Mr. Condon reported the statistical report for the month, which was ordered received and filed. At this point it was necessary for Mr. Condon to leave the meeting. The Director read the report of the Finance Committee as follows:

"The Finance Committee met August 22, 1967 and approved the revision of the Budget for the year 1967-68 in line with the appropriations from the City and County governments. The Committee asked that the Board approve this revision."
After discussion it was moved by Mr. Sanders and seconded by Mrs. Funk that the Board approve the Budget as revised by the Finance Committee. The motion carried unanimously.

**Director's Report:** The Director asked for authorization to close all agencies of the library at 6:00 p.m., October 27, 1967 so that the staff could attend the Kentucky Library Association Banquet. It was moved by Mrs. Hendon and seconded by Mrs. Schoo and carried that this closing of the library be authorized.

The Director distributed pictures of the new building to members of the Board of Trustees.

**Special Report:** At this time, Mr. William Garnar, Coordinator of Technical Services, gave a special report describing the functions of "Technical Services."

After questions by the members of the Board of Trustees, the Board thanked Mr. Garnar.

Several other members of the delegation made a brief statement. The delegation left the meeting at 4:45 p.m.

After the delegation left the meeting, there was considerable discussion concerning the question. It was then moved by Mr. Sanders that the Board request the Mayor to ask the City Center Commission to make a study, in-depth, of traffic in connection with this alley and the proposed parking garage; and to study the architects' objections, the probable cost and refunds of the cost to the Library and to report the results of this study to the Board of Trustees. The motion was seconded by Mr. Condon. The vote was called and the motion passed by a vote of 7 for and 1 against. (Mr. Hess was recorded as voting no.)

The Board expressed pleasure at this report.

Mr. Wolford then asked the Secretary to read the following letter from Mayor Schmied:

Mr. Leo T. Wolford
Speed Industries Building
425 West Ormsby
Louisville, Kentucky

Dear Mr. Wolford:

All too often public service goes unnoticed and unrewarded. We are fortunate in the City of Louisville that so many good citizens have been willing to serve on our appointed Boards and Commissions. Because of the tremendous pressure and work load in the Mayor's Office, I am seldom able to meet with and thank everyone who has participated in making their particular program or project a success. However, I am taking this opportunity to present a token of my sincere appreciation to you and the members of your particular body.

I would appreciate it very much if you would read this letter either at your next meeting or to each individual when you present them with the enclosed certificates. As I am sure you are aware, we present our City of Louisville Ambassador of Good Will certificate to people we feel have made an outstanding contribution to our City or to guests in our City who have distinguished themselves in other areas.

Thanking you for past and future services to the citizens of our community.

Sincerely,

Kenneth A. Schmied, Mayor
Then Mr. Wolford distributed the certificates to the Board members who were present.

It was moved by Mr. Sanders and seconded by Mr. Hess and carried unanimously that these certificates be acknowledged with deep appreciation.

Library Committee: Mr. Sanders read the certification that bills for the month of October amounting to $37,410.73 had been audited and found correct. He moved, and Mrs. Hendon seconded the motion that bills in this amount be ordered paid. The motion carried.

Building Committee: Mr. Brady read a communication from Mr. R. J. Gardner, Manager of Operations of Kaufman's, asking permission to move an oil storage tank into the basement of the Main Store Building. It was stated that the oil storage tank would be installed by the Comley-Bushfield Co., in accordance with the regulations of the Fire Prevention Bureau and the Kentucky Inspection Bureau. After discussion it was moved by Mr. Sanders and seconded by Mrs. Funk to grant this request of the Kaufman-Straus Company providing there was no increase in our insurance rates.

Mr. Brady also read a letter, dated November 10, 1967 from Mr. Alvin A. Voit, III of the firm of Louis and Henry, Architects stating that the low bidder on the finished hardware subcontract, Faulkner-Clark Co. of Lexington had withdrawn their low bid of $960 because of an error in their estimate. The architect, therefore approved the award of the subcontract to the second bidder, American Builders of Louisville, at their quoted price of $16,520.00 which is well within the $20,000.00 allowance for this item.

After discussion it was moved by Mr. Brady and seconded by Mr. Sanders that the Board approve this action of the architects in awarding the subcontract to the second bidder instead of the low bidder.

Finance Committee: Mr. Hess distributed the statistical report for the month, which was ordered received and filed.

Mr. Hess then requested the Director to read the following letter from the Library's insurance broker:

Policy Renewal 12-1-67
November 10, 1967

Gentlemen:

This All Risk-with Exclusions policy, written on a three-year basis, will expire December 1, 1967. Coverage was provided at the Main Library and various other locations where books are located, except for Eastern and Southern High Schools where no insurance is carried. The premium on the expiring policy was approximately $6,200 and provided total insurance in the amount of $829,500.

As a brief review, there is no Co-insurance requirement on this policy, and the amount of insurance carried was determined by the following procedure:

1. An average unit value of $2.25 was used for the books located at the Main, Branch, and Sub-Branch Libraries and Bookmobiles.

   An average unit value of $1.00 was used for the books located at the Museum and Rear of Museum.

   An average unit value of $.50 was used for the books located at West Chestnut Street.

   Micro-cards @ $.20.

   Films of newspapers, directories, etc. (reels) @ $12.00

   Pamphlets @ $.30.

2. The amount of insurance carried was obtained by using a percentage of the resulting values at each location - 40% for the Main and eleven branches; 80% for the Sub-Branches and West Chestnut Street and 100% for the Museum, Rear of Museum and Bookmobiles.

Using the same procedure the total amount of insurance under the renewal policy would be $929,300 - an increase of approximately 12% - and the estimated three-year renewal premium would be $6,600 - an increase of approximately 6.5%. We were able to obtain an additional rate credit for this reason the premium increase was not commensurate with the amount of insurance increase.
In the past the premium for this policy has been on a three-year cash basis with a savings of 5% over the three-year annual payment plan. If for budget purposes the annual payment plan should be preferred, the estimated premium would be $2,310 per year.

This policy was especially designed for the Library and we feel that from a practical viewpoint the broadest coverage available is provided for the premium involved. It will be very much appreciated if you will review this proposal and let us have your decision regarding renewal.

Yours very truly,

Kenneth A. Dick

KAD/jw

After discussion it was moved by Mr. Hess and seconded by Mrs. Hendon that the policy as outlined in this letter be approved and the insurance purchased. The motion carried.

Director’s Report: The Director recommended that the library system be closed for the Christmas Vacation on Saturday, December 23 through Monday, December 24 and also on December 30, 31 and January 1, 1968. There being no further business the meeting closed at 5:10 p.m.
Minutes: It was moved by Msgr. Pitt and seconded by Mr. Brown and carried that the minutes of November 14, 1967 be approved as distributed.

Library Committee: Mr. Sanders read the certification that bills in the amount of $50,342.43 had been audited and found correct. He moved and Mr. Brady seconded the motion and it carried unanimously that bills in this amount be ordered paid.

Mr. Sanders then gave a report of the meeting of the Library Committee on December 6, 1967. He stated that the City and County had appropriated an additional $30,000 each, or a total of $40,000, to be used to increase the salaries of the professional and semi-professional staff.

The clerical staff salaries had already been increased by Board action.

The new scale was approved by the Library Committee for presentation to the Board for action. It is the maximum to be accomplished with this amount of money although it is still considerably below local salaries for comparable position.

He then presented the new scale to the Board with the suggestion that the Secretary write a letter of thanks on behalf of the Board to the Mayor and the County Judge. After some discussion it was moved by Mr. Warner and seconded by Mr. Condon and carried unanimously that the new scale be approved by the Library Board, retroactive to October 1, 1967.

Building Committee: Mr. Brady gave a progress report on the work of the new building.

Finance Committee: Msgr. Pitt presented the statistical report for the month which was ordered received and filed.

Director’s Report: The Director requested that the January meeting be postponed from January 9, 1868 to January 16, 1968. This was agreeable to the Board.

The Director reported that there would be no special report by a Department Head at this meeting due to the length of the agenda, but these reports would begin again at the next meeting.

Members of the Board stated that these special reports were valuable to the Board members because of the insight it gave them and the working of the department.

The Director distributed a list of suggested Children’s books. This list was prepared by the Head of the Children’s Department.

There being no further business the meeting adjourned at 4:50 p.m.

Library Committee: Mr. Sanders reported that he and the Director had spent all of May 7, 1968 in Chicago at the Merchandise Mart inspecting this type of furniture in anticipation of studying the architect's specifications for the purchase of furniture.

Mr. Brady read the following letter from Mr. Frederick R. Louis, the Library's architect.

May 10, 1968

Mr. C. R. Graham, Director
Louisville Free Public Library
301 West York Street
Louisville, Kentucky 4-203

Dear Mr. Graham:

Bids were received on May 9, 1968 from 7 contractors for furnishing and installing carpet in the new library building. Hubbuch Brothers & Wellendorf submitted the lowest bid of $87,312.00 for Specification "A" and $74,632.50 for Specification "B". Attached for 5 copies of the Bid Tabulation.

It is my recommendation that the bid of Hubbuch Brothers and Wellendorf for Specification "A", in the amount of $87,312.00, be accepted. The "A" Carpet contains 44% more surface material than the "B" Carpet, and, I believe, is well worth the additional cost, which is 17% more than the "B Carpet."
The Specifications instructed the bidders not to include any amount in the bid for the cost of the Performance and Payment Bond, that in the event a bond is required the premium bond would be paid by the Library. We have been advised by the successful bidder that the bond premium on this contract would amount to $3.75 per $1,000.00, or a total cost of $327.00. You may advise us of your decision as to whether a bond is desired at the time the contract is to be executed.

We shall await your instructions regarding the award of the contract for this work.

Very truly yours,

Frederick R. Louis, (signed)

cc: Mr. Todd Brady

Mr. Brady stated that it was the suggestion of the Building Committee that the Board approve the recommendation of Mr. Louis concerning the carpet and that the Board dispense with requiring a Performance and Payment Bond.

After discussion it was moved by Mrs. Hendon and seconded by Msgr. Pitt that the Board accept the Bid of Hubbuch Brothers and Wellendorf for Specification A in the amount of $87,312.00 as outlined in the letter from Mr. Louis, and that no Performance and Payment Bond be required. The motion carried unanimously.

Finance Committee: Msgr. Pitt presented the statistical report for the month, which was examined and then ordered received and filed.

New Business: Mr. Wolford presented Msgr. Pitt with a pin symbolizing twenty-five years of service on the Board.

Mr. Wolford spoke of his pleasure in presenting this pin and praised Father Pitt for the significant contribution of his membership on the Board.

Audio Visual and Museum Insurance
Property Floater Policy

November 12, 1968
From the inventories which were submitted by the library we believe the present insurance on Films and Library Equipment is reasonable. (We are not qualified to offer an opinion on values for the Museum and Fine Arts).

Giving consideration to the original cost of the Tower, the alterations thereto and increased erection and construction costs, it is recommended that the amount of this insurance be increased from $60,000 to $72,000. Additional cost - $100.00 per year (coverage subject to 80% co-insurance).

5. Based on the above the estimated premium for the next three years for the Library property is $1,319.00 per year as compared to the present $1,166.00 ($153.00 increase).

6. The premium estimate does not include the present Jefferson County Board of Education coverage in the amount of $15,000. on the Antenna and $23,000. on Broadcasting Equipment at the Main Library. These amounts should be checked with the Jefferson County Board, and if they are to remain the same the premium for this coverage (because of the Civil Disorder charge) will be increased from $241.00 per year to $253.00.

This is a brief outline of our tentative proposal and we will appreciate receiving your instructions regarding renewal of this insurance coverage.

Respectfully submitted,

Kenneth A. Dick

P.S. Incidentally, it is no longer possible to write a five year policy, and the new contract would be on a three year annual payment basis.

Re: 96.64 Acres
McLennan County, Texas

Dear Mr. Brown

The offer of Dr. Goldston for the above property has been considered by the Louisville Free Public Library and they have decided to decline the offer.

It is the opinion of the Library that the property is worth the $45,000.00 at which it is being offered for sale, and they ask that you endeavor to obtain from Dr. Goldston, or some other purchaser, an offer to pay that price.

The Library appreciates Dr. Goldston's interest in the property and hopes that you can obtain from him an offer which the Library can accept.

The written offer of Dr. Goldston is return herewith, non-accepted.

Cordially,

You will notice that Mr. Brown recommends the acceptance of this offer. From the reports made to us, I believe that this is a good price for the land and the offer should be accepted. The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held Tuesday, May 11, 1971 at 4:15 p.m. in the Board Room.

Present: Mesdames Funk, Hendon, Nolan and Schoo; Messrs. Brown, Condon, Hess, Johnson, Sanders, Wolford, the Director, and Dr. Carroll Witten, President of the Board of Aldermen of the City of Louisville.

Mr. Wolford presided.

Mr. Wolford introduced Dr. Carroll Witten, who urged that the Board make application to the Secretary of U.S. Department of Health, Education and Welfare for the transfer to the library of the building at 830 West Broadway, which has become available as real-surplus property.

Dr. Witten stated that this transfer of property, if the application was successful, would be a great bargain for the City of Louisville. He stated that the City would appropriate money for the maintenance and renovation of the building. The application would be made on the basis of using the building for the Museum activities, and the maintenance workshop and for book storage.

After further discussion it was suggested by Mr. Brown that a resolution be passed by the Board authorizing the Secretary to perform any and all acts necessary to carrying out the application for the transfer of this property.

BOARD OF TRUSTEES MEETING

The regular monthly meeting of the Board of Trustees was held Tuesday, September 14, 1971, at 4:15 p.m. in the Board Room.

Mr. Wolford presided.

Minutes: It was moved by Mrs. Hendon and seconded by Mrs. Nolan that the action of the Executive Committee in paying bills in the amount of $63,038.18 on June 30, 1971 and that the action of the Executive Committee in paying bills in the amount of $79,897.80 for July, 1971 be ratified, and that the minutes of the meeting of June 15, 1971 be approved as distributed. The motion carried.

Library Committee: Mrs. Hendon read the certification that bills in the amount of $63,012.28 had been audited and found correct. She moved and Mr. Warner seconded the motion that bills in the amount be ordered paid. The motion carried unanimously.

Building Committee: Mrs. Schoo, Chairman of the Building Committee asked the Director to report on the basement flooding.

The Director reported that on June 21, 1971, water from the Third Street side during a very heavy rain had flooded the Technical Services quarters. Books and furniture had to be removed and the carpet had to be taken up and sent to a company for drying. Then, on Sunday, July 18, 1971, 2.75 inches of rain fell in one-half hour. This set a new thirty-minute record and another record of 3.35 inches in just over an hour. Again the Technical Services area was flooded. This time the carpet in the offices was damaged.

The result of these two down pours was that the padding under the carpet was destroyed. When the carpet was dried, it was discovered that it had shrunk 20 inches all around. The decision was made to
install vinyl tile under the conveyor and the carpet was relaid on the remaining area. Finally, a retaining wall of concrete three feet in height was installed in front of the windows of Technical Services, with the hope that this would protect these quarters from now on.

The Director stated that funds for this expenditure had been taken from unspent renovation funds.

Finance Committee: The statistical report for the month was ordered received and filed.

The Director then summarized the budget deficiencies by stating that the library had been committed by city policy to provide a 7% increase for all employees. The funds for this increase were not provided by the city. In addition, due to its financial condition, the City Administration felt it necessary to cut the City's appropriation to the library by $70,000 less than it gave them to operate the 1970-71 fiscal year. The only way cuts in income could be absorbed was by reducing the library book budget. Therefore, the library's book budget was set at $189,381.00. It was then stated that any loss of income from the rental of L.S. Ayres would indeed be a serious blow.

Mr. Kalford then discussed the L.S. Ayres announcement that they would abandon their downtown Fourth Street Store building, which was rented from the library. He pointed out that the announcement said the store would close on November 1, 1971.

He also pointed out that the Ayres officials said that they would abide by their obligations under the lease, which calls for a minimum guaranteed rental of $100,000 per annum for the next eight years. The lease is in effect until 1980.

After considerable discussion it was decided that the President of the Board appoint a small committee to consult with the Mayor and the President of the Board of Aldermen for information and advice.

There being no further business the meeting adjourned at 5:05 p.m.

Library Committee: Mrs. Hendon read the certification that bills in the amount of $43,836.96 had been audited and found correct. She moved and Mrs. Schoo seconded the motion that bills in this amount be ordered paid. The motion carried unanimously.

Building Committee: Mrs. Schoo reported on the general progress of the work of the Building Committee.

The Director read a letter from Mr. Donald E. Ray, Vice President Stores L.S. Ayres and Company, reporting that the downtown store had sales of $3,218,000 beginning February 1, 1971 and ending with the stores' closing on November 1, 1971. LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
March 14, 1972

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held, Tuesday, March 14, 1972 at 4:15 p.m. in the Board Room.

Present: Mesdames Dean, Hendon, Nolan and Schoo; Messrs. Casper, Johnson, Sanders, Scholtz, Warner and the Director.

Mr. Sanders presided.
At the beginning of the meeting before the regular agenda was taken up, Dr. Carroll Witten, President of the Board of Aldermen, was present to discuss with the Board the Library's budget problem.

The Director described the current situation resulting from the absorption of a 7% increase in salaries without additional funding, a cut in the current years' budget of $70,000 and the loss of $35,000 income due to L.S. Ayres abandoning the rental property on Fourth Street.

The absorption of losses in funds for the current year would result in there being no carry-over funds for the 1972-73 fiscal year. This, plus the additional 7% salary increase for the 1972-73 year and the absorption of the $35,000 loss from Ayres income would leave the library in a desperate situation.

In addition to the above mentioned deficits would be the demand on the part of both the City and the County that the 1972-73 budget request include retrenchment figures of at least 10%.

The Director said that in order to make up for these deficits it would include a combination of closing branches, and eliminating the book budget and the magazines subscriptions.

It was stated that these were not suggestions but merely examples of the savings that could be affected in case certain steps had to be taken.

Dr. Witten said in effect, that this was an intolerable situation and something would simply have to be done. He pledged his assistance in attempting to solve the problem.

After Dr. Witten had left the meeting and after considerable discussion it was moved by Mr. Warner that the Board resubmit the budget request and that if some of the alternatives would have to be carried out that the City and the County must give advise as to what items to cut. It was seconded by Mrs. Hendon and carried unanimously.

The members of the Board then suggested that the Director attempt to set up a meeting with the Mayor, The County Judge and the President of the Board of Aldermen so that the matter could be thoroughly discussed.

Minutes: It was moved by Mrs. Hendon and seconded by Mrs. Dean that the minutes of the meeting of February 8, 1972 be approved as distributed. The motion carried.

Correspondence: The Director read the following letter from the Junior Art Gallery:
March 13, 1972

The Board of Directors
Louisville Free Public Library
301 West York Street
Louisville, Kentucky 40203

Dear Sirs:

In view of the fact that the budget of the Junior Art Gallery is so severely limited this year, the Board of the Junior Art Gallery would like to request permission of the Board of the Louisville Free Public Library to charge the students attending the gallery workshop classes for the supplies they use. This is not to be construed as an admission fee and the Board hopes to be able to secure funds to cover the supplies of those otherwise unable to afford it. The fee will be charged is 50 cents a class or $3.00 for a 6-week session.

The Board regrets having to make this request; however, the gallery will be forced to curtail the workshop program unless additional funds are attained.

Thank you very much for your kind consideration.

Sincerely,

It was moved by Mr. Warner and seconded by Father Casper and carried that this request from the Jr. Art Gallery be approved.

The Director then read the following letter from the Kentucky Trust Company concerning the estate of Mr. Leo T. Wolford.

February 17, 1972

The Louisville Free Public Library
301 West York Street
Louisville, Kentucky 40203

Re: Estate Leo T. Wolford

Gentlemen:

As you may know, Mr. Leo T. Wolford passed away in December of last year. The Kentucky Trust Company has qualified as Co-Executor with Thorp Wolford and we have begun administration of Mr. Wolford's estate.

Under Item V of the will of Mr. Wolford, the Louisville Free Public Library is entitled to a specific bequest of Five Hundred ($500) Dollars. As soon as the six month creditor waiting period imposed by Kentucky Law has expired, we will be in a position to draw a check on the estate for the amount of the bequest.
I would welcome any questions that the Library might have regarding the bequest.

Very truly yours,

(signed) Donald C. Wells

It was agreed that no action was necessary on this letter.

The Director read a letter from Mr. Carl S. Key, Jr. requesting permission to hunt for coins with an electronic metal detector on the library property. After discussion it was moved by Father Casper and seconded by Mr. Scholtz that the Board refuse this request. The motion carried.

Library Committee: Mrs. Hendon read the certification that bills in the amount of $50,066.14 had been audited and found correct. She moved and Mrs. Schoo seconded the motion that bills in this amount be ordered paid. The motion carried.

Building Committee: Mrs. Schoo reporting for the Building Committee stated that renovation at the Highland Branch was nearing completion. New floors have been installed, the building has been sandblasted and painted and a new front door has been installed. Board members were invited to stop by the branch and see the results of the renovation.

Finance Committee: The statistical report for the month was ordered received and filed.

Mr. Warner reported that his examination of the lease of the L.S. Ayres Co. does not permit the Library to demand that L.S. Ayres Co. carry on a merchandising activity.

Mr. Warner also reported on the case of Williams and Wilkins Co. v. the United States in the U.S. Court of Claims in which an opinion was handed down holding that a library had no right to make unauthorized photocopies of copyrighted materials.

Mr. Warner said that in his opinion for the time being the library was in no danger because of furnishing a coin operated photocopier for the use of the library's patrons.

He, however, suggested that the library cease its practice of photocopying copyrighted material for Interlibrary Loan purposes in which case the library itself does the photocopying.

After discussion it was moved by Father Casper and seconded by Mr. Johnson that this suggestion be approved by the Board. The motion carried.
Director's Report: The Director reported that he had received several unsolicited gifts ranging from $5.00 to $100.00. These gifts were for the book fund.

The report from the Office of the Comptroller and Inspector for the fiscal year ending June 30, 1971 was distributed.

The Director reported that the new glass exhibit case for the library's doll collection has been installed in the lobby by the Children's Department.

There being no further business the meeting adjourned at 5:30 p.m.

Mayor Burke and the President of the Board of Aldermen, Dr. Carroll Witten, came into the meeting.

Mr. Sanders expressed the pleasure of the Board that the Mayor and the President of the Board of Aldermen had accepted the Board's invitation to attend so that the library's budget problems could be discussed.

Mr. Sanders called upon the Director to explain the situation. The Director explained that unless additional income was forthcoming the library's financial plight would force the cutting of services. He gave several alternate examples of what such cuts would be. He explained that there were no priorities stated and that these alternate examples were not suggestions but simply examples to show the severity of the situation.

The Director stated that it was not the plan of the Board to get a decision from the Mayor and the President of the Board of Aldermen, but that this meeting was aimed at being sure that the plight of the library was known to the Administrative and Legislative arms of City Government.
Mayor Burke and Dr. Witten assured the Board of their sympathetic understanding of the situation and stated that they hoped to persuade the Jefferson County Fiscal Court to furnish a full fifty percent (50%) of the appropriation.

Mr. Sanders then thanked Mayor Burke and Dr. Witten and called for action on the minutes of the meeting of March 14, 1972.

The salaries of the two assistants on the Bookmobile were furnished by the Manpower Emergency Employment Act under the Federal Government.

The Director stated that the library had been encouraged to apply for a federal grant of $30,000 for the radio stations.

Director's Report: The Director presented a change in the policy concerning maternity leave as follows:
MEMORANDUM

CITY OF LOUISVILLE

May 9, 1972

TO: TRUSTEES, LOUISVILLE FREE PUBLIC LIBRARY
FROM: HERBERT VAN ARSDALE II, ASSISTANT DIRECTOR OF LAW

The Courier Journal carried a news article some days ago reporting a proposed "merger" between L.S. Aryes and Associated Dry Goods (the parent corporation of Stewart Dry Goods). The Director asked me to look into the matter and report relative to the Library's position as lessor of the Aryes property on Fourth Street.

In conferences with Tarrant, Combs, Blackwell and Bullitt, counsel for Associated Dry Goods, and Mr. Frank Perry, Vice-President of Stewarts Dry Goods the following was learned: The stock holders of Aryes and Associated have both approved the acquisition of Aryes by Associated. The term "merger" as used in the Courier article was incorrect. Aryes will still maintain its corporate identity and Associated would become its parent corporation, in the same manner that it is a parent corporation of Stewart Dry Goods.

The Federal Trade Commission is presently investigating the proposed acquisition, presumably with regard to its anti-trust ramifications. Mr. Perry estimated that if the FTC approves, the acquisition will occur within 6 months.

Of course, the law provides that if a corporation is acquired by or merges with another corporation, all liabilities including those under leases transfer to the new corporate identity, if any.

No action is necessary on the part of the City or the Library at this time.

Herbert Van Arsdale II.

Maternity leave of up to two calendar years shall be granted to any employee. Request for maternity leave shall be submitted, not later than the sixth month of pregnancy, to the Director's Office.

Maternity leave shall commence upon the written request of her physician but not later than the end of the eighth month of pregnancy.

The employee may return to full status upon the written advice of her physician, provided that such employee shall give a minimum of thirty days notification of her intention to return.

If no permanent placement has been provided, she shall return to the same position. If the position vacated has been filled with a permanent placement, she shall be placed in a position for which she is qualified as such position shall be come available.

Any employee who furnishes satisfactory evidence of pending adoption proceeding shall be granted "maternity leave."

In the discussion following this recommendation it was brought out that this policy was based on the one governing maternity leave for the City Public Schools. It was moved by Father Casper and seconded by Mr. Johnson and passed unanimously that this new policy concerning maternity leave be adopted by the Board.

The Director made the following announcement: "The Corporation of Public Broadcasting has awarded the Louisville Free Public Library's two FM non-commercial education stations a Grant of $15,000 each for the year 1972-73 (May 1, 1972 through April 30, 1973.) This total of $30,000 is for the purpose of augmenting the capabilities of the two qualified public radio stations. The grant will be used to enrich the programming of the two stations by adding a few new staff members, purchasing equipment and program materials.

WLPK and WPPY (FM) are two of the 115 educational stations in the United States that qualify for this Grant.

Grant funds are to be used in addition to and not in lieu of funds already provided public radio stations by other sources."

It was moved by Mr. Scholtz and seconded by Father Casper and passed unanimously that this grant be accepted by the Board.

Mr. Sanders asked the Director to read the new list of Committee appointments, which follows:

Library Committee: Mrs. Hendon read the certification that bills in the amount of $54,577.86 had been audited and found correct. She moved and Mr. R. Brown seconded the motion that bills in this amount be ordered paid. The motion carried.

Finance Committee: The statistical report for the month was distributed and ordered received and filed.

Mr. Scholtz reported that he had discussed the need of additional insurance with Mr. Kenneth Dick the Library's insurance advisor. He reported the need for an additional premium of $1,790
per year caused by the revised estimate of values.

He also stated that this amount had been included in the budget for insurance beginning July 1, 1972. It was moved by Mr. Quire and seconded by Mr. Scholz that the Board approve this additional insurance. The motion carried.

**Director's Report:** The Director reported to the Board the formation of the Urban Library Trustees Council. He explained that this was a Council made up of Trustees and Librarians of municipal libraries in cities of 100,000 population or more.

It was reported that the Urban Library Trustees Council was approaching the problems of the Public Library in urban situations in a new and creative manner. A strong lobby was being formed to introduce in the U.S. House and Senate, legislation designed for a $1.00 per capita appropriation given directly from Washington to the Public Library with guarantees that the local appropriation would not be decreased on account of the Federal appropriation.

After discussion in which members of the Board expressed great interest in the Council it was moved by Mr. R. Brown, seconded by Mrs. Hendon and carried unanimously that the Director be authorized to attend meetings of the Council in Chicago and to accept the invitation of membership recently made by the Council, if, in his opinion the Council seemed to be a worthwhile organization.

**Old Business:** The Director read the following statement, suggested by Mr. B. Brown for a memorial for Mr. Leo T. Wolford:

**LEO T. WOLFORD**

On December 6, 1971, this Library suffered an irreparable loss. On that day the President of its Board of Trustees, Leo T. Wolford, passed away. His service to the Library cannot be estimated.

A lifetime lover of books; a proud possessor of many of them and a master of their content, Mr. Wolford became a member of the Library Board in 1942; he held the office of Vice-President and was elected Board President in 1954, which office he retained until his death.

Mr. Wolford was a lawyer by profession. Though dedicated to the service of the law and a leader at the Bar, his interests did not stop there. In addition, he was a business leader of unusual ability; an able historian; a student of numbers; a dedicated churchman; a civic leader and a great humanitarian.
Mr. Wolford possessed a bright and engaging spirit. Though restrained in manner, he was a wise, calm, thoughtful counselor; a brilliant conversationalist; a courteous, kind, amiable, considerate gentleman, and the possessor of many friends, close friends, who loved him dearly.

Mr. Wolford's leadership brought many benefits to the Library. The most notable achievement of his administration was the new library building which will long stand as his memorial, the Board Room of which is hereby dedicated the "Leo T. Wolford Room" in respectful memory of and gratitude for his services.

It was moved by Mr. B. Brown and seconded by Mrs. Hendon that this memorial be approved by the Board of Trustees and that a suitable copy be framed and hung on the walls of the Board Room. The motion carried.

There being no further business it was moved by Mr. Quire and seconded by Mr. Scholtz and carried that the meeting adjourn at 5:05 p.m.

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
July 25, 1972

A special meeting of the Board of Trustees of the Louisville Free Public Library was held Tuesday, July 25, 1972 at 4:15 p.m. in the Board Room.

Present: Mesdames Dean and Nolan; Messrs. R. Brown, Hess, Quire, Sanders, Scholtz and the Director.

Mr. Sanders presided.

Minutes: It was moved by Mr. Scholtz and seconded by Mrs. Nolan and passed unanimously that the minutes of the meeting of June 13, 1972 be approved as distributed.

Director's Report: The Director presented the 1972-73 budget of $1,922,324.94. All items in the budget with the exception of the funds allocated to books and salaries were practically the same as those in the 1971-72 fiscal year. The budget included funds for a 7% salary increase.
The Director stated that if his recommendations were followed it would mean continuing the Main Library's book budget at approximately the same level as the 1971-72 budget.

The big difference in the book budget was a drop in the amount of money which could be allowed for purchase of books in the branch libraries. There was only $23,400 for this purpose. Mr. Randolph Brown raised the question as to whether it would be better instead of spreading the $23,400 among 29 branches to use it to strengthen the book budget of the Main Library.

The Director then said that the recommendations made were an attempt to keep the Main Library's book collection strong if this meant no books were purchased for the branch libraries they could still offer service to school children. The main loss would be in contemporary and popular materials.

He, therefore, agreed with Mr. Brown that it would probably be a wise move to hold up the distribution of the $23,400 to the branches for a period of two months. This would give the library time to estimate if any savings could be made.

At the end of this time a decision could be made about the distribution of the $23,400.

It was moved by Mr. Scholtz and seconded by Mr. R. Brown that the budget recommendations by the Director be approved with the understanding that the distribution of the $23,400 be delayed. The motion carried unanimously.

The Director then reported on a meeting which he attended of the Urban Library Trustees Council. He reported that they were making plans for legislation to be introduced into Congress for federal aide to municipal libraries in cities of 100,000 or more.

He reported that although nothing was certain the plans that were being made were optimistic and if successful would materially aid the library.

He therefore, recommended that the Board of Trustees take out an institutional membership in this new organization with the hope that the library would benefit greatly.

It was moved by Mrs. Dean and seconded by Mr. Scholtz and carried unanimously that the Director be empowered to accept the invitation in the name of the Board.

There being no further business it was moved by Mr. Quire and seconded by Mr. Scholtz and passed that the meeting adjourn at 5:00 p.m.

A special meeting of the Board of Trustees of the Louisville Free Public Library was called to order Tuesday, August 29, 1972 at 4:00 p.m. in the Board Room.

Present: Mesdames Dean, Nolan and Miss Kelsey; Messrs. R. Brown, Hess, Johnson, Sanders, Scholtz, Charles Wood and the Director.

Mr. Sanders presided.

Mr. Sanders announced that the Special Board Meeting had been called in order to consider the erection of a statue of Benjamin Franklin, given to the Library by Mrs. Sonia K. Uri.

Mr. Sanders called upon the Director to give a short summary of the background on the Ben Franklin Statue project. He explained that certain property in McLennan County, Texas had been sold for a net to the library of $39,850.00. He announced that a $40,000.00 U.S. Treasury Note had been bought. This necessitated borrowing $64.30 from the General Fund. It recently matured and with interest the sum available toward paying for the statue amounted to $42,443.98.

Mr. Charles Wood then read the following statement and pledge from Mrs. Uri:

Louisville, Kentucky
August 29, 1972

The Board of Trustees of the
Louisville Free Public Library
Fourth and York Streets
Louisville, Kentucky 40203

Gentlemen:

On December 30, 1970, I gave to the Trustees of the Free Public Library of Louisville, a Deed to certain property in McLennan County, Texas, the said property being located on the outskirts of Waco, Texas. This gift was made with the understanding that the Trustees would, in due course of time, sell the property, and expend the funds for the erection of a statue of Benjamin Franklin. Since receipt of the gift the Library has sold the property and properly invested the funds until such time as the Trustees could commission Mr. Felix W. DeWeldon, Sculptor of Washington, D.C. to make a replica of the Benjamin Franklin statue which is in the front garden of the American Embassy in Paris, France.
Mr. DeWeldon is now free of commitments and is able to accept a commission for the making of the statue in accordance with the terms of his letter of June 28, 1970, addressed to Mr. Charles F. Wood, 705 Brown Building, 321 West Broadway, Louisville, Kentucky 40202.

It is my understanding that the Board of Trustees of the Free Public Library of Louisville has slightly more than $41,000.00 as a result of the sale of the abovementioned land and the investment of the proceeds therefrom. The contract or commission to Mr. DeWeldon calls for an expenditure of $50,000.00.

The purpose of this letter is to advise you that in consideration of the Free Public Library of Louisville entering into the contract with Mr. Felix W. DeWeldon, I will pledge to the Free Public Library of Louisville the difference between the proceeds of the sale of the land and the return on the investment of same (approximately $41,000) and the $50,000.00 necessary to pay the fee of Mr. DeWeldon.

This gift is conditioned only upon the Free Public Library of Louisville entering into the contract with Mr. DeWeldon, will be paid at the time the last payment is due Mr. DeWeldon under the contract, and is intended to and shall be an obligation of my estate.

I appreciate the courtesies extended to me in making this gift to the Free Public Library of Louisville.

Very truly yours,

(s) Soni K. Uri

Mr. Wood then gave a listing of the major works of Mr. DeWeldon. He then presented a suggested contract to be sent to Mr. DeWeldon if the Board approves the project. This contract is appended to these minutes and marked Exhibit A.

After some discussion it was moved by Mr. Scholtz and seconded by Mr. Hess and passed unanimously that the Board approve the contract and authorize the President of the Board to sign it.

The Director then read a communication from the Kentucky Trust Company enclosing a copy of the will of Alexandra Uri O'Donovan, who died February 20, 1972. The will stated that one-third (1/3) of the corpus of the trust established by the will is bequeathed to the library after the death of the life tenant. The estimated value is $75,000 and the life tenant is approximately 46 years of age.

There being no further business the meeting adjourned at 4:25 p.m.

Wood, 705 Brown Building, 321 West Broadway, Louisville, Kentucky, 40202, a copy of which letter is attached hereto.

A copy of the statue of Benjamin Franklin which is to be simulated is attached to this letter and becomes a part of the contract between us. Members of the Board suggested that the library wait until it heard more of the plans before taking any action on the matter.
The Director read a petition concerning the changing of the hours at the Parkland Branch so that night hours were eliminated and daytime hours were added.

Mrs. Dean stated that she had knowledge of this petition and had discussed it with several people in the community and found that they were in favor of it. Mr. Johnson made the same statement. After discussion it was moved by Mrs. Dean and seconded by Mr. Johnson that the hours be changed to eliminate the hours after 6:00 p.m. The motion carried.

The Director then brought to the attention of the Board a proposed project of POWER (Prisoners of War Early Release) in which they suggested publicizing the fact that the Louisville Free Public Library would accept gifts for the purpose of purchasing books in honor of Prisoners of War and those Missing in Action.

The matter was referred to the Director to study whether all of the money would come to the library and to study the whole proposition with the Library Committee and with the Library's legal advisor, Mr. VanArsdale.

There being no further business the motion was made by Father Casper and seconded by Mr. B. Brown that the meeting adjourn at 5:00 p.m. The motion carried.

Director's Report: The Director reported that the Friends of the Library in Jeffersonville in addition to encouraging residents of that area to fill out the questionnaire which the County Judge had published in the newspaper on the citizens preferences toward priorities on spending the funds for the "share the revenue project" had as of this date raised $1,300 for the Jeffersonville Library.

After considerable discussion it was moved by Mrs. Hendon and seconded by Mr. B. After discussion it was moved by Mr. Quire and seconded by Mrs. Hendon and carried that this budget be accepted with the understanding that money needed to satisfy the needs of the Main Collection be allocated first and that any remaining funds be allocated to the Branch Libraries.

The donor wished to remain anonymous, but suggested that the stock be sold and that the money be added to the Book Fund. It was also suggested by the donor that half of the proceeds be used to purchase children's books and half be used to purchase adult books.

The Board expressed its great appreciation for this generous gift.

The Director said that different record companies had made gift donations to the library of approximately 1200 popular records which the library does not want for its collection. The Staff Project Committee asked that these records be given to the committee so that they could sell them to the Staff to make money for library projects. The Board voted to grant this request.

Mr. Randolph Brown then suggested that a scroll or plaque be designed so that it could be presented to the library's benefactors, such as the one which had given the 100 shares of stock. The Board agreed and the Director was requested to bring suggestions to the Board.

There being no further business the meeting adjourned at 5:05 p.m.

Building Committee: Mr. Johnson, Chairman of the Building Committee read the following report:

"During the past 2½ years, upon completion of the renovation of the Old Carnegie Building, Main Library, with funds made available through the sales of property at 8th and Chestnut Streets to the Urban Renewal Agency, the Maintenance Department of the Louisville Free Public Library has conducted a program of renovation and renewal in the older full-time and part-time branches throughout the system.

Nine of the full-time branches have had their exteriors cleaned by sand-blasting. Exterior and interior painting has been completed throughout. New vinyl floor coverings have been installed in all the public areas of these branches. Some 500 new and colorful fiberglass shell chairs have replaced well-worn, wooden relics of another era. Tables have been replaced or recapped in brightly colored formica finishes. New card catalogs have been built by our own contracting cabinet maker and have recently been installed, using black, unbreakable cyclolac drawers as used by the Main Library."
At Highland Branch all new steel shelving has been installed to replace the existing wooden worn-out shelving and to increase capacity of the library by some 3,000 books. Much of this shelving came from existing stocks remaining from the original installation of the new Main Library Building.

Painting of all shelving and existing wood furniture in 8 of the major branches has been completed at the present time. New air-conditioning units have been installed in many branches, both full-time and part-time to supplement their capacity so that a more acceptable cooling level may be obtained.

Part-time branches which formerly lacked air-conditioning no longer lack. The Highland Park Branch has been moved to new quarters, and new shelving, furniture, and equipment has been installed.

The Taylor Boulevard Branch has had its space doubled, painted inside and out, new shelving and carpet installed, and new furniture and air-conditioning as well.

The Maintenance Department now projects a program of refurbishing the public auditoriums in the major branches and a continuing program of improvements in the small part-time branches where renovation needs are required."

Mr. Johnson and members of the Board expressed satisfaction at the work reported by the committee. It was suggested that the Secretary write a note of appreciation to Mr. Leo W. Zimmerman, Jr. who has planned and executed the renovation work reported.

Finance Committee: Mr. Scholtz reported for the Finance Committee as follows:

"Mr. Bart Brown has made arrangements with the Citizens Fidelity Bank to sell us Treasury Bills bearing 5% interest with August 16, 1973 as maturity date. These bills may be sold at any time the Library needs the cash. They will, however, be bearing interest up until the time they are sold.

Mr. Bart Brown suggests that the Board approve the investment of $75,000 in these Treasury Bills."

It was moved by Mr. Randolph Brown and seconded by Father Casper and carried that the Board approve the investment of $75,000 in Treasury Bills.

The statistical report for the month was distributed and ordered received and filed.
Director's Report: The Director read the following excerpt from the March 14, 1972 minutes of the Board on page 259, Book 11 quoting Mr. Warner as follows:

"Mr. Warner also reported on the case of Williams and Wilkins Co. vs. the United States in the U.S. Court of Claims in which an opinion was handed down holding that a library had no right to make unauthorized photocopies of copyrighted materials.

Mr. Warner said that in his opinion for the time being the library was in no danger because of furnishing a coin operated photocopier for the use of the library's patrons.

He, however, suggested that the library cease its practice of photocopying copyrighted materials for Interlibrary Loan purposes in which case the library itself does the photocopying."

The Director stated that the situation now had changed and that the American Library Association had suggested that the library's previous policy of photocopying copyrighted materials for the Interlibrary Loan should be continued until definite action on the revision of the copyright law had taken place.

After discussion it was moved by Mrs. Hendon and seconded by Father Casper that the library return to its previous policy concerning photocopying for Interlibrary Loan. The motion carried.

The Director reported that the Jeffersontown City Council had, at its March 5, 1973 meeting, appropriated $500 to the Friends of the Jeffersontown Library plus gave the group the interest on the second installment of the 1972 Revenue Sharing check. It was explained that the interest would amount to slightly more than $300. This was the first time that the Jeffersontown City Council had appropriated money to the Jeffersontown Branch.

There being no further business it was moved by Mr. Scholtz and seconded by Mrs. Dean and carried unanimously that the meeting adjourn at 5:05 p.m.

Re: 427-437 South Fourth Street, Louisville, Kentucky

Gentlemen:

Ayr-Way Stores, Inc., a separate corporation wholly owned by Associated Dry Goods Corporation, operates 24 discount stores, including 3 in Louisville and 1 in Clarksville, Indiana. Associated Dry Goods Corporation also is the sole owner of L. S. Ayres and Company, Inc., (formerly Ayres Department Stores, Inc.), which is the lessee of the property owned by you at 427-437 South Fourth Street, Louisville, Kentucky.

Unfortunately L. S. Ayres and Company, Inc., found it economically impossible to continue to operate the South Fourth Street property as a downtown department store and, as you know, was forced to close the store in the fall of 1971. We, of course, have regretted having an empty store, not only because of the dead liability for paying rent but also of the effect of this empty store on the ambitious program to rejuvenate South Fourth Street. After careful consideration Ayr-Way Stores feels that it can successfully operate a discount type store on the first two floors and mezzanine of these premises and have proposed to L. S. Ayres and Company, Inc., that it sublease this portion of the building to Ayr-Way Stores, Inc.

Attached to this letter is an opinion letter from our counsel Baker & Daniels setting out what we believe to be the legal status of the lease and a sublease or assignment to Ayr-Way Stores, Inc.
We feel that this move will benefit the premises owned by the Trustees since by having the building visibly occupied it should also give assistance to the rejuvenation of the surrounding properties which is already well under way and, therefore, should sustain the value of your property.

Specifically we are proposing that the Trustees approve a sublease of the first two floors and mezzanine by L. S. Ayres and Company to Ayr-Way Stores, Inc., for the balance of the term of the principal lease. If we receive the informal assurance of the Trustees that the approval will be forthcoming we will have our counsel prepare a definitive sublease for actual submission and approval.

Very truly yours,

Re: 427-437 South Fourth Street, Louisville, Kentucky

Gentlemen:

We are delivering this letter to the Trustees in connection with our notification to the Trustees that L. S. Ayres and Company Inc. (formerly Ayres Department Stores, Inc.), which is the present lessee of the above premises, intends to sublet a part of the premises to Ayr-Way Stores, Inc.

You will recall that the original lease was executed on June 20, 1947, between the Trustees and Kaufman-Straus Company (Kaufman). On November 30, 1969, Kaufman assigned the lease to City Stores Company (City) under the provisions of Section 15(b) of the lease. At the same time City assumed and unconditionally guaranteed to the Trustees the performance of all of the lessee’s obligations thereafter arising under the lease. Also on the same date City assigned the lease to Ayres Department Stores, Inc., subject to the consent of the Trustees. The Trustees gave their consent to such assignment as of November 30, 1969, upon condition that L. S. Ayres and Company also guarantee the obligations of Ayres Department Stores, Inc., as lessees.

On April 20, 1972, L. S. Ayres and Company transferred substantially all of its assets, including all of the common stock of Ayres Department Stores, Inc., to Associated Dry Goods Corporation, which assumed substantially all of the liability and obligations of L. S. Ayres and Company. A copy of the instrument of Assumption of Obligations is attached to this
The Trustees of the Louisville
Free Public Library -2 May 31, 1973

letter. It is our opinion that the performance of the lease
at the present time is the principal obligation of L. S. Ayres
and Company, Inc. (formerly Ayres Department Stores, Inc.),
but that such performance is guaranteed by City and also by
Associated Dry Goods Corporation. A copy of the annual report
of Associated Dry Goods Corporation for the year 1972 is
attached. This report shows net earnings of $42,686,000 and
Shareholders equity of $368,068,000 with total assets of
$671,601,000.

Both Ayr-Way Stores, Inc., and L. S. Ayres and
Company, Inc., are under common control, i.e., complete
ownership by Associated Dry Goods Corporation. It is,
therefore, our opinion that L. S. Ayres and Company, Inc.,
may assign the lease to Ayr-Way Stores, Inc., under pro-
vision of Section 15(b) without obtaining the consent of
the Trustees. We would prefer, however, to proceed under
Section 15(a) of the lease and sublet a portion of the premises
with the consent of the Trustees. If such procedure were
followed, the Trustees would still have the principal liability
of L. S. Ayres and Company, Inc., and the guarantee of both
City and Associated plus the additional security of the
obligation of Ayr-Way Stores, Inc., to pay whatever rent is
called for in the sublease.

In addition we would think that the Trustees would
be very much interested in having the property occupied
and making an affirmative contribution to the new mall area
rather than having it sitting idle in its present condition.

If you have any further questions we shall be
glad to answer them.

Very truly yours,

John B. Cochran

INSTRUMENT OF ASSUMPTION

Ayres and Company (Ayres) to Associated Dry Goods Corporation (Associated) pursuant to a certain Plan and Agreement of Reorganization dated February 11, 1972 (Reorganization Plan), of Sale Assets as defined therein, the receipt of which is hereby acknowledged.

1. Associated assumes and agrees to pay, discharge and perform when lawfully due all debts, liabilities and obligations to which Ayres is subject of any and every kind and description except:

   (a) unpaid expenses of Ayres in connection with the Reorganization Plan;

   (b) liability, if any, to any of the Ayres stockholders who did not vote in favor of the Dissolution Plan of Ayres and who shall within the period of thirty (30) days following demand payment of the value of their shares in claimed reliance upon Section 41 of the Indiana General Corporation Act; and

   (c) Ayres liability, if any, with respect to its stock options as defined in Section 6.04 of the Plan.

further separate and specific instruments of assumption of

to be assumed hereby by Associated, as may reasonably be re-
quested.

Hon. Frank W. Burke  
Mayor, City of Louisville  
City Hall  
Louisville, Kentucky  40202  

Dear Mayor Burke:  

Some time ago, you very cordially appointed me as one of the Trustees of the Louisville Free Public Library. It has been my pleasure to serve in that capacity from the time of my appointment. About the middle of March of this year, I suffered a stroke which has prevented me from discharging my duties as a member of the Board of Trustees.
It now appears that it will be some time before I am completely recovered. In view of all of the circumstances, I feel that I should resign from this Board and tender to you herewith my resignation with regret that my physical incapacity prevents me from continuing with this noble work.

With assurances of my thanks and of my regret, I am

Sincerely,

It was moved by Mr. Hess and seconded by Mrs. Nolan and carried unanimously that the Director write an appropriate letter in the name of the Board to express appreciation for the services rendered to the Board by Mr. Brown.

Library Committee: Mrs. Nolan read the certification that bills in the amount of $44,850.20 had been audited and found correct. She moved and Miss Kelsey seconded the motion that bills in this amount be ordered paid. The motion carried.

Building Committee: Mr. Johnson, speaking for the committee reported that the work of the committee was progressing satisfactorily.

Finance Committee: The 1973-74 budget was presented to the Board by the Director. He explained that of the grand total of $2,249,850, $674,198 of this was for books. He explained that this total included $325,000 for the year 1973-74 and $349,198 was from prior years' commitments. The entire total of $674,198 allocated for books and library materials was from Federal Revenue Sharing.

After considerable discussion it was moved by Mr. Quire and seconded by Mr. R. Brown that the budget be approved as presented.

The statistical report for the month was distributed and ordered received and filed.

The Director read a communication from Swope and Dick, the Library's insurance advisor, concerning the Marshall and Stevens annual appraisal of the property located at 427 South Fourth Street. This report indicated a depreciated insurable value of $2,895,500. The present insurance is $2,771,000, which thereby requires an increase of $124,500 in accordance with the lease obligation.

The Director stated that Mr. Dick said the premium for the rest of this year would be $65.00 or $310.00 on an annual basis. It was stated that in as much as this was a lease requirement no action by the Board was needed.
Mr. Sanders, the President of the Board, announced that he was appointed Mr. Scholtz as Chairman of the Finance Committee to succeed Mr. Bart Brown who has resigned from the Board.

Director's Report: The Director reported that the Fiscal Court had funded the Robert Frost Community School Library Project and that the Public Library would give service to the community by converting the school library into a public library branch at the end of the school day. This operation would be comparable to the ones already in existence at Eastern High School and Southern High School.

The Director reported on the White Elephant Sale sponsored by the Bon Air Optimist Club at the Bon Air Shopping Center. The proceeds of the sale were given to the Bon Air Branch Library to initiate a Kentucky Collection. The sale made $340. The Chairman of the sale indicated that this would be an annual affair.

It was reported that the Jeffersontown City Council, at its meeting on August 6, 1973, had given a check in the amount of $769.24 to Mrs. Ted Gordon, Chairman of the Friends of the Jeffersontown Branch Library. The Board expressed pleasure for each of these events.

There being no further business it was moved by Mr. Hess and seconded by Mr. B. Brown and carried that the meeting adjourn at 5:10 p.m.

The Director said that the project to establish a branch of the public library in the Fairdale High School had been reactivated and that it looked as if the Fiscal Court might act soon.

BOARD OF TRUSTEES MEETING
November 13, 1973

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held Tuesday, November 13, 1973 at 4:15 p.m. in the Board Room.

Present: Mesdames Dean, Hendon and Kelsey; Messrs. Brown, Casper, Hess, Johnson, Sanders, Scholtz, Ulmer and the Director.

Mr. Sanders presided.
Minutes: It was moved by Mrs. Dean, seconded by Mr. Scholtz and carried that the minutes of the meeting of October 9, 1973 be approved as distributed.

Library Committee: Mrs. Hendon read the certification that bills in the amount of $56,720.74 had been audited and found correct. She moved and Mr. Scholtz seconded the motion that bills in this amount be ordered paid. The motion carried.

Building Committee: Mr. Johnson reported that the work of the Building Committee was progressing satisfactorily.

Finance Committee: The statistical report for the month was distributed and ordered received and filed.

Mr. Sanders asked that Mr. Ulmer serve on the Finance Committee of the Board. Mr. Ulmer agreed to this assignment.

Director's Report: The Director explained a proposal from the Xerox Corporation to place copying machines in various branches at no expense to the library for a four-month trial period for which $30.00 per month income from each machine would be guaranteed to the library during the experimental period.

It was moved by Mr. Scholtz and seconded by Rev. Casper that the Director be authorized to participate in this experimental project. The motion carried.

The Director called to the attention of the Board the problem of accumulated books which are unneeded duplicates, gifts and library discards. He said that in many places these books were being sold by the library at a one or two day annual sale. Dayton, Ohio was mentioned as an example of a public library which has been very successful with this experiment over the past two or three years.

Mr. Ulmer suggested that the library might want to look into the possibility of having the Louisville Fund conduct such a sale. The work could be done by volunteers, thus taking a tremendous load off the library staff.

Members of the Board expressed great interest in this project and it was moved by Mr. Scholtz and seconded by Mr. Johnson that the Library Committee study the situation with power to act. The motion carried.

The Director reported that it had come to his attention that the Edna Lite Master Lens had been used successfully in libraries and schools for persons having visual difficulties. He explained that the Edna Lite Master Lens was a large magnifying glass with an electric light installed that greatly magnified a page of print. He suggested that part of the money in the Wolford Fund be used to purchase one Edna Lite Master Lens for the Children's Department and one for the Adult Department at $140.00 each. The motion was moved by Mr. Hess and seconded by Mrs. Hendon and carried that this recommendation to use money from the Wolford Fund be approved.
The Director reported that the Microcard Project Investment had matured. The total amount in this project was $25,728.26. He asked for authority to invest this money in U.S. Treasury Bills.

It was moved by Mr. Scholtz and seconded by Rev. Casper that the Microcard Project Fund be reinvested in U.S. Treasury Bills. The motion carried.

There being no further business the meeting adjourned at 5:20 p.m.

At a later meeting, January 7, 1974, concerned with investing certain funds belonging to the Library it was recommended that:

1. Money received by the Library should be deposited in the appropriate bank account as quickly as possible. This is particularly true of the monthly checks from the City and County.

2. All restricted funds should be removed from the Board of Trustees Account and placed in separate accounts: (a.) Renovation, (b) Other Restricted Funds.

3. A modus operandi should be set up so that those invoices with time discounts may be paid immediately. This will entail moving $10,000 from the Board of Trustees Account to the bills account.

4. When the above steps are taken, investments in short term U.S. Government obligations can be made from both the Board of Trustees and Restricted funds account. These investments may be in the range of $75,000 from the Board of Trustees Account and $50,000 from the Restricted Funds Account.

5. The Finance Committee should ask Ernst and Ernst, who did the last audit of the Library's books for the City, to look over the accounts and Business Office procedures so as to recommend changes to update them.

After considerable discussion it was moved by Mr. Ulmer and seconded by Mr. Brown and passed unanimously that the recommendations of the committee be approved.

The statistical report for the month was ordered received and filed.

**Director's Report:** The Director reported that the Department of Health, Education and Welfare, Social and Rehabilitation Services, Administration on the Aging had made a $5,487,48 grant to the library for library services to the elderly. This grant was funded for the fiscal year ending June 30, 1974.
The Director suggested that the February meeting was scheduled for February 12, 1974 (Lincoln's Birthday), and in as much as the Library would be closed that day the Board might wish to eliminate the February meeting.

It was moved by Mr. Brown and seconded by Mr. Ulmer that the February meeting be eliminated and that the bills be paid by action of the Executive Committee and ratified at the next regular meeting of the Board. The motion carried.

There being no further business it was moved by Mr. Brown and seconded by Mrs. Hendon and carried that the meeting adjourn at 5:02 p.m.

tower, more than 24 years old had not been repainted since its installation and that it was badly in need of rust preventing paint. Of the three bids the low bid of $6,961 went to Payne and Hager. After discussion it was moved by Mr. Johnson and seconded by Mrs. Hendon and carried that the Payne and Hager bid of $6,961 be accepted and the work authorized.

Mr. Scholtz stated that the Board was covered by insurance carried by the Ayr-Way Company on the Fourth Street store. He stated that the insurance company would represent the library and that there was nothing for the Board to do at this time.

He suggested that it would probably be in order to review the library's liability insurance.

Present: Mesdames Hendon and Kelsey; Messrs. Brown, Hess, Johnson, Quire, Sanders, Scholtz and the Director.

Correspondence: The Director read a letter from Mr. Robert T. Lautner, Jr. President of the Louisville Archaeological Society requesting permission to organize, inventory, arrange and display the archaeological materials contained in the Museum.

The Director also read a letter from Mrs. Ruth Browne, a member of the Museum Commission recently appointed by the Mayor. Mrs. Browne was requesting permission for the St. Matthews Junior Woman's Club to institute a project to help clean, sort and pack the materials in the present Museum, looking forward to a move into the proposed New Museum Building.

Finance Committee: Mr. Scholtz presented the statistical report for the month which was ordered received and filed.
Director's Report: The Director reported that salary increases for the clerical, professional, sub-professional and administrative personnel had been held up while negotiations with the City and County for larger increases had been undertaken.

He reported that there had been no positive results in these negotiations so he recommended that retroactive to July 1, 1974 the Typist Clerks receive a salary increase of 2.1%; Professionals and Sub-Professionals receive a maximum increase of 4.1% and that the Administrative Personnel receive a raise of 2.6%.

It was explained that the Professional and Sub-Professional 4.1% Maximum was caused by the differentials in the amount for steps within the range of this classification.

It was also stated that these increases were in line with the job classification in the present City Ordinance.

After discussion it was moved by Mr. Scholtz and seconded by Mr. Quire that these salary increases be approved as recommended. The motion carried.

Director's Report: The Director reported that the request of the Board on December 10, 1974 that he write the President of the Staff Association assuring her and the Association that the Board was giving sympathetic consideration of the Staff Association's letter to the Board concerning salary problems had been fulfilled.

The Director then asked Mr. Sanders to summarize the meeting with the Mayor. Mr. Sanders did so by stating that it seemed to him that the meeting with the Mayor had some optimistic results and that the Board was now engaged in obtaining a hearing with the County officials so that they too would become acquainted with the situation.

Mr. Willig announced that such a commission was being established and that the Mayor had already appointed three members. He also stated that architectural plans were almost complete for a new museum building. He therefore requested that the Board formalize its intention to transfer the museum collection to the Museum Commission.

After discussion, the President of the Board asked the Director for a statement or a recommendation. The Director read the following recommendation:

It is recommended that the Board state its intention of transferring ownership of the Library's museum collections to the Museum Commission and that while the legal instruments for the transfer of these collections to the Museum Commission are being drafted; the Library's museum be closed to the public for the protection of the collections and so that an orderly transfer of title will be guaranteed.

It was moved by Mrs. Hendon and seconded by Mr. Brown and carried unanimously that this recommendation concerning the transfer of the collection to the Museum Commission and the closing of the museum for the protection of the collection be approved.

One of these buildings was the Western Branch of the Louisville Free Public Library, 604 South 10th Street. Mr. Johnson stated that he did not commit the Board either for or against the nomination. The Director pointed out that when the former Kaufman-Straus Building had been designated as an historic and architectural landmark that the Board had taken no action. Mr. Brown suggested that the Board follow the same procedure it did with the Kaufman-Straus Building, that is, neither agree nor disagree. The Board agreed with this procedure.
Finance Committee: Mr. Ulmer presented the statistical report for the month which was ordered received and filed.

Director's Report: The Director read the following letter from Dena Wilson:

Dear Mr. Graham:

"When I spoke with you last July and again in October I mentioned the great interest many of our Louisville readers have expressed in a local center for distribution of Federal braille and recorded books. Having now visited your beautiful main library and observed the frankly tremendous audio-visual collection you offer to county residents, I am convinced that the blind and physically handicapped would benefit substantially if their book program could be housed in one of your library buildings.

Would it be possible for the Louisville Free Public system to provide space for a disc, cassette, and braille operation which would require approximately 1,700 square feet of floor space? Not less than 300 sq. ft. would be needed for the reader browsing area, to be furnished with tables for the braille readers and listening stations for Talking Book and Cassette Book patrons; 390 sq. ft. for a staff work area; and approximately 1,000 sq. ft. for 70 sections of five-tiered shelving separated by aisles four feet wide to accommodate wheel-chair patrons.

Former Governor Ford did award to our Regional library sufficient funds to equip and staff such an operation during the current fiscal year, and we are presently checking into the matter of monies for continuation of the program in the years ahead. You may be sure that I will keep you informed of any new developments in this area.

On behalf of our registered Louisville readers, I thank you for your consideration of this request for library quarters. We will be looking forward to hearing from you soon."

Sincerely,

Dena Wilson
Regional Librarian

After being assured by the Director that 1,700 sq. ft. of space could be made available in the old Kentucky Room, the Board voted after motion by Mr. Brown and second by Mr. Quire to authorize the Director to say that the Louisville Free Public Library is willing to furnish 1,700 sq. ft. It is to be
understood that the cost of renovating the space, furnishing and equipping, moving the present contents (books) and continuing funding of salaries and overhead cannot be borne by the Library and would have to be the responsibility of the State. The Library would furnish the space, janitor service, heat and light.

The Board approved and signed the Construction and Renovation Agreement with the Kentucky Department of Libraries by which the state agrees to give $75,000 on a matching basis of $75,000 to $45,966 to a projected $120,966 worth of renovation, construction and equipment of the Library's properties.

The Director announced that Board member Miss Phyllis Kelsey had been appointed to the Juvenile Delinquency Commission of the Kentucky Crime Commission.

There being no further business, it was moved by Mr. Quire and seconded by Mrs. Richardson that the meeting be adjourned at 5:10 p.m. The motion carried.

**Building Committee:** Mr. Johnson, reporting for the Building Committee, stated that the work of the committee was progressing satisfactorily.

**Finance Committee:** Mr. Scholtz presented the statistical report for the month which was ordered received and filed.

**Director's Report:** The Director stated that he had no report at this time, but suggested that the Board go into a closed session for consideration of a matter which could lead to litigation.

It was moved by Mr. Brown, seconded by Mrs. Hendon and carried that the Board immediately go into a closed session.

At the end of the closed session, there being no further business, it was moved by Mr. Scholtz, seconded by Mr. Johnson and carried that the meeting be adjourned at 5:13 p.m.

---

**Minutes:**

Ms. Hendon, Kelsey, Richardson and Dean; Messrs. Brown, Johnson, Quire, Sanders, Scholtz, Ulmer and the Director. The Assistant Director also attended.

Mr. Sanders presided.

**Library Committee:** Mrs. Hendon read the certification that bills for the month of May, 1975 amounting to $69,598.80 had been audited and found correct. It was moved by Mr. Scholtz, seconded by Mr. Quire that bills in this amount be ordered paid. The motion carried unanimously.

Mrs. Hendon then gave a report that the Book Sale had been considered a success; that many things including the Memorial Day
Weekend caused fewer buyers. All in all, she summed up a successful and pleasant affair.

**Building Committee:** Mr. Johnson read the following report from the Building Committee:

"Mr. Graham, Mr. Zimmerman and Mr. Johnson, Chairman of the Building Committee, visited Jeffersontown Branch Library on Thursday, June 5, 1975. The purpose of the visit was on site consideration of tentative plans for the remodelling of the branch library.

"Jeffersontown Branch Library was originally remodelled to use one-half of the floor space available on the first floor. Present plans call for remodelling the remaining half to double the shelf and reading space. This remodelling will not create an additional operating cost in salaries or books.

**Funds Available**

"The County has appropriated $20,504.00 for this project to be used on a 38% / 62% matching basis with state funds already in hand for this purpose. $50,000.00 has been budgeted ($19,000 to $31,000 of the state).

**Recommendations:**

"The Building Committee recommends that:

1. The Director be authorized to sign a contract with Alan Bates, the architect who did the original remodelling. This contract would call for the standard 10% fee for remodelling.

2. The Building Committee be authorized to take and award bids for construction and to procure furniture equipment."

It was moved by Mr. Johnson and seconded by Mrs. Richardson that the two recommendations of the Building Committee be approved. The motion carried.

**Finance Committee:** Mr. Scholtz presented the statistical report for the month which was ordered received and filed.

**Director's Report:** The Director read the following "Preliminary Comments" on the 1975-76 Budget.

"1. The Library requested a budget totaling $3,078,770.00. This included over $200,000.00 to raise professional and sub-professional salaries to a competitive level."
2. The Mayor recommended a budget totaling $2,775,180.00, or $303,590.00 less than we requested.

3. An 11% increase ($179,160.00) over present funding was recommended for personal services (salaries).

4. Funding for contractual services such as insurance, utilities, and transportation was recommended by the Mayor at the level requested by the Library.

5. Funding for supplies such as gasoline and books was recommended by the Mayor at $27,800.00 less than the current spending level or $94,410.00 less than was requested. This may mean a cut in the Library's book purchasing power.

These are preliminary comments as a copy of the Mayor's budget was only received yesterday. It is recommended that the Board ask for a meeting with the Mayor to get a more complete idea of what he had in mind by suggesting cuts in branch services in order to give larger raises.

In the discussions which followed these comments it was suggested that the Director and the Finance Committee study the branch services and what economies could be made in order to give larger raises, and that this study take place before the request of any meeting with the Mayor. It was suggested, also, that this report, if at all possible, be ready for the next Board Meeting in July.

At this point Mr. Scholtz moved, and it was seconded by Mrs. Hendon, and carried unanimously that the Board go into a closed session in order to discuss matters concerning possible litigation.

At 5:15 p.m. the Board returned to its regular session. It was then moved by Mr. Quire, seconded by Mr. Scholtz that the meeting be adjourned. The motion carried.

Also attending were Mr. Louis Coleman from the Urban League, a representative from WHAS-TV news, representatives from the Courier-Journal and the Louisville Times, and two representatives from the Community Action Commission.

Minutes: At the beginning of the meeting the Director stated that Mr. Sanders had written a letter to Mayor Sloane resigning as President and member of the Board of Trustees as of June 27, 1975. Mr. Sanders asked that the Director state to the members of the Board that Mr. Sanders' reasons for the resignation were personal, but, in addition, he felt twenty-seven years was a long enough term to serve.

Building Committee: Mr. Johnson reporting on the work of the committee stated that the architect has completed preliminary drawings for the Jefferson town renovation. They are now ready for study and approval of the Building Committee. After approval of the committee, bids will be taken.

Finance Committee: The statistical report for the month was ordered received and filed.

Mr. Schultz called upon the Director to present the Personal Services Budget for the year 1975-76. This budget is appended to these minutes - Appendix A.

The Director also presented the following budget recommendation:

"After preliminary study of the budget it has been ascertained that there is sufficient money available to give all staff on the payroll as of July 1, 1975 a 7% salary increase. I recommend that the Board approve the giving of such a 7% increase. I further recommend that any salary money remaining, and any monies saved by future cuts in operations approved by the Board, be used to give additional increases to the professional and sub-professional members of the staff. (The preliminary study indicated that approximately $53,000 will remain from present City and County monies to be used for such additional raises.)"

After discussion, it was moved by Mr. Brown, and seconded by Mr. Hess, and carried that the Director's recommendation be restudied and reported on at the August meeting.

The Director then recommended that the Board go into Executive Session to discuss matters relating to possible litigation. It was moved by Mr. Hess, and seconded by Mr. Brown that the Board go into Executive Session for this purpose. The motion carried. The Board went into Executive Session at 5:06 p.m.

The Board returned to Open Session at 5:32 p.m., at which time Mr. Lyman Johnson, speaking for the Executive Committee, acting as the nominating Committee, recommended that Mrs. James A. Hendon be named President of the Board of Trustees for the remainder of the 1975-76 term of office, and that Mr. Randolph Brown be named for the office of Vice-President for the remainder of the 1975-76 term of office. It was moved by Mr. Culp and seconded by Mr. Hess that this report of the Nominating Committee be approved and the slated elected. The motion carried unanimously.

Mr. Brown suggested that a suitable token of esteem be presented to Mr. Sanders in the name of the Board of Trustees.

The members of the Board agreed with this statement.
There being no further business, it was moved by Mr. Brown and seconded by Miss Kelsey that the meeting be adjourned at 5:35 p.m. The motion carried.

LOUISVILLE FREE PUBLIC LIBRARY
SPECIAL CALLED
BOARD OF TRUSTEES MEETING
July 28, 1975

The Board of Trustees of the Louisville Free Public Library met at a special called meeting on Monday, July 28, 1975 at 3:00 p.m. in the Board Room.

Present: Messrs. Hendon, Kelsey, Layne, Mercer and Richardson; Messrs. Brown, Johnson, McGee and Quire.

Mrs. Hendon presided, and distributed a new list of Board members with their addresses and telephone numbers.

Mr. Brown presented a resolution concerning station WHAS's offer of classical music records, tapes, and other miscellaneous equipment to the Library for use on FM station WFPK.

The resolution follows:

"The Board of Trustees of the Louisville Free Public Library is most grateful for the extremely generous offer of WHAS FM set forth in the letter to Mr. Graham dated June 26, 1975 from Mr. Barry Bingham, Jr.

According to the evaluation prepared for the Board of Trustees of the Library by Mr. Ronald Stewart, P.E., there will be additional out-of-pocket costs which would be incurred by the Library in order to make use of this gift. These are:

- A transmitter $30,000
- Frequency and Modulation Monitors 1,600
- Stereo Limiter 1,900
- Mechanical and Electrical Equipment 5,000
- Retaping Costs ($3,000 a year over a three year period) 9,000
- Relocation of and Installation of the Antenna 3,500"
The Courier-Journal and Louisville Times Company has made an extremely generous offer of $10,000 a year as a program sponsorship subsidy for a period of three years to help defray this expense. In view of our budgetary limitations, it would be most helpful if the Courier-Journal could agree to continue this $10,000 subsidy over a five-year period rather than the three-year period and we could then defray the cost of this initial expense by using the income as security for borrowing the necessary capital to pay for the needed additions and equipment.

As Mr. Stewart has pointed out, under the present FCC regulations and policy guidelines for the Corporation for Public Broadcasting the Library would not be able to accept a sponsorship of a program but it would seem that we could use the phrase "the following program is made possible as a public service by the Courier-Journal and Louisville Times Company." This would seem to solve this problem.

As to the proposal of using 6 hours of the FM WINS format each day with 2 hours in the evening prior to 11:00 p.m. and the other 4 hours prior to 6:00 p.m., this, of course, would be perfectly satisfactory with the Library. We would prefer, however, to follow the suggestion of Mr. Donald Stewart that Mr. Branch Boden be used as a producer to produce these daily programs over the next five-year period at times to be agreed upon.

After discussion, it was moved by Mr. Quire, seconded by Miss Kelsey and carried unanimously that the resolution be passed that Mrs. Hendon, Mr. Brown and the Director form a committee with the power to act in accepting the gift.

At this time it was moved by Mr. Brown and seconded by Mrs. Richardson that the Board go into executive session as of 3:15 p.m. in order to discuss a matter which concerns possible litigation. The motion carried.

It was moved by Mr. Quire and seconded by Mrs. Richardson that the Board return to open session at 3:30 p.m.

Mrs. Hendon suggested that a silver plate for Mr. Sanders, as a remembrance from the Board of Trustees, would be appropriate. It was moved by Mr. Brown, and seconded by Mr. Richardson and carried unanimously that the Director take the initiative in securing a silver plate with appropriate inscription for Mr. Sanders.

Mrs. Hendon announced that the September meeting would be held on September 16, 1973 at 4:15 p.m.

There being no further business, the meeting adjourned at 4:00 p.m.
The Board of Trustees of the Louisville Free Public Library met at a special called meeting on Friday, August 1, 1975 at 3:00 p.m. in the Board Room.

Present: Mesdames Hendon, Kelsey, Layne and Mercer; Messrs. Brown, Johnson, McGee and Quire.

Mrs. Hendon presided.

Mrs. Hendon presented her list of standing committees and members on those committees as follows:

Library Committee
- Mr. Randolph Brown, Vice-President (Chairman)
- Father Joseph McGee
- Ms. Caroline G. Mercer

Building Committee
- Mr. Johnson, Chairman
- Miss Kelsey
- Mrs. Richardson

Finance Committee
- Mr. Ulmer, Chairman
- Mr. Quire
- Mrs. Layne

Executive Committee
- Mrs. Hendon, Chairman
- Mr. Brown
- Mr. Johnson
- Mr. Ulmer

The next item of business was the distribution of a letter from the City and the County Budget Directors concerning authorized salary improvements. The Director then distributed the recommended budget for 1975-76 for Personal Services. After discussion, it was moved by Mr. Brown and seconded by Miss Kelsey that the recommendation for a 7½% salary increase for the employees of the Library be approved as of July 1, 1975. The motion carried unanimously.

Mrs. Hendon then asked for discussion concerning the suggested closing of some branch libraries in order to affect economies which could be allocated toward salary increases for the professional
and sub-professional staff. She asked the Director to mention some few examples of instances where something besides circulation statistics should be studied before a decision was made. At this time the Director was asked if he and Miss Banks, Coordinator of Extension Services, could prepare a list of the branches with pertinent facts for the benefit of the Library Committee and the whole Board. The Director agreed to send all possible material to the committee and the Board.

Mr. Brown suggested that a copy of his letter to Mayor Sloane and Judge Hollenbach dated July 31, 1975 be sent to members of the Library Committee and each member of the Board. The Director stated that this would be done immediately.

After a quick poll of his members, Mr. Brown, Chairman of the Library Committee, stated that his committee would meet the first part of September before the Board meeting.

Mrs. Hendon reported that she had signed an agreement with WHAS, Inc. which was the original resolution adopted by the Board of Trustees on July 28, 1975 and amended by supplementary agreement entered into July 29, 1975 by WHAS, Inc. and the Louisville Free Public Library. The changes mainly had to do with programming for the Stereo Concert Hall section of three hours time.

There being no further business, it was moved by Mr. Quire and seconded by Mrs. Layne that the meeting be adjourned at 3:40 p.m.

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
September 16, 1975

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held Tuesday, September 16, 1975 at 4:15 p.m. in the Board Room.

Present: Mesdames Hendon, Kelsey, Layne, Mercer and Richardson; Messrs. Brown, Johnson, McGee, Quire, Ulmer, Butt and the Director. The Assistant Director also attended.

Mrs. Hendon presided.
Minutes: It was moved by Mr. Quire, seconded by Mrs. Richardson and carried that the minutes of the June 16, 1975 Special Called Meeting; June 25, 1975 Special Called Meeting; July 15, 1975 Regular Board Meeting; July 28, 1975 Special Called Meeting and the August 1, 1975 Regular Board Meeting be approved as distributed, and the action therefore ratified.

Library Committee: Mr. Brown read the certification that bills in the amount of $87,855.69 had been audited and found correct. He moved that bills in this amount be ordered paid. The motion was seconded by Mr. Ulmer and passed unanimously.

Mr. Brown, Chairman of the Library Committee, then read the following report of the Library Committee:

"The Library Committee met on September 9, 1975 with Miss Mercer, Father McGee, Messrs. Graham and Brown in attendance.

After much discussion and careful consideration the Committee makes the following recommendations:

1. Close the following branches:
   - Cabbage Patch Branch
   - Eastern Branch
   - Eastern Parkway Baptist Church
   - East Louisville Branch
   - Jefferson Branch
   - LaSalle Branch
   - Waverly Branch
   - California Branch

2. On or about March 1, 1976, the committee will review the remaining branches.

3. The money saved from closing those listed under No.1 would be something under $91,000 a year. We do not know exactly how much because the professional and semi-professional personnel would be retained in some other branches. The money saved which would be $91,000 coupled with the $50,000 now on hand would be used to increase the pay of professionals who have masters degrees and semi-pros who have academic degrees in the following manner:

   (a) For pros we would ascertain the amount needed to raise the most underpaid pro to the level of pay for that person in other library systems here in Jefferson County and then apply that percentage figure to increasing all the other pros in our Library.

   (b) Similarly for the semi-pros we would take the semi-pro who is the most underpaid by local standards and raise that semi-pro to the minimum and then apply the percentage factor to the other semi-pros.

If the cost of doing this would exceed the amount on hand (in the neighborhood of $140,000), we would have to reduce the increases pro rata."
4. We discussed the question of how much notice would be given to those personnel being discharged and Mr. Graham suggested a month which as far as we were concerned seemed reasonable.

5. It was further resolved that this resolution would be considered at our next meeting in the event either the Mayor or the County Judge informed us of any reservations about the action taken."

After discussion it was decided to vote on each of the numbered paragraphs separately.

PARAGRAPH I - It was moved by Mr. Brown and seconded by Mr. Ulmer and carried that the branches listed in Paragraph I be closed.

PARAGRAPH II - It was moved by Mr. Brown and seconded by Mr. Ulmer that the proposal in Paragraph II be accepted. The motion carried.

PARAGRAPH III - It was moved by Mr. Brown and seconded by Miss Mercer and carried that the formula for salary raises for the professional and semi-professional staff as listed in Paragraph III be accepted.

PARAGRAPH IV - It was moved by Mr. Brown and seconded by Mr. Ulmer and carried that the suggestion as to how much notice would be given to any personnel being discharged was accepted as listed in Paragraph IV.

PARAGRAPH V - It was moved by Mr. Brown and seconded by Mr. Quire that Paragraph V be accepted. The motion carried.

Building Committee: Mr. Johnson reported that the renovation work on the Jeffersontown Branch was awaiting transfer of funds within the capital budget of the Fiscal Court, and that as soon as this transfer had been okayed the low bid would be accepted and the contract signed.

The Director stated that this work was made possible by a matching grant from the State Department of Libraries and the addition would cause no increase in annual operating costs.

Finance Committee: Mr. Ulmer presented the Budget for 1975-76 in the amount of $2,938,195. He stated that this budget had been approved by the Finance Committee, and it was recommended that it be adopted by the Board.

After discussion, it was moved by Mr. Ulmer and seconded by Mr. Quire that this Budget be approved by the Board. The motion carried.

Mr. Ulmer then presented the Annual Statistical Report for the fiscal year ending June 30, 1975, the July Monthly Report and the August Monthly Report. These reports were ordered received and filed.
Old Business:

ITEM NO. 1 - Mr. Brown reported that he had discussed the pending litigation with Mayor Sloane and that the Mayor had stated that he had no objection to the employment of Mr. Martin Roach to represent the interests of the Library so long as the payment of Mr. Roach's charges was defrayed from funds other than those provided under the current budget. Accordingly, upon motion duly made, seconded and unanimously adopted, it was

Resolved that Mr. Martin Roach, 2615-16 Citizens Plaza, Louisville, Kentucky, be employed as an attorney by the Library to protect its interests in Jefferson Circuit Court Action No. 203970 styled Edward L. Mackey, etc., v. The First Kentucky Trust Company, etc. and that his charges be paid out of funds other than those furnished by the City and the County.

It was moved by Mr. Brown, seconded by Mr. Ulmer and passed that this resolution be accepted.

ITEM NO. 2 - Mr. Brown reported that in view of the fact that it was imperative to take action at our last meeting on August 1 accepting the offer of WHAS because we would not have another meeting prior to September 1st, the wording of the resolution was hastily drafted and it has since been determined after submitting it to the Washington office of the law firm of Austin and Sidley that certain changes ought to be made. Accordingly, it was on motion duly made and seconded.

RESOLVED, That the resolution adopted on August 1st be rescinded and in lieu thereof the following resolution be adopted:

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
OCTOBER 14, 1975

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held Tuesday, October 14, 1975 at 4:15 p.m. in the Board Room.

Present: Mesdames Hendon, Kelsey, Layne and Richardson; Messrs. Butt, Johnson, Umler and the Director. The Assistant Director also attended.

Mrs. Hendon presided.
Minutes: Without objection, the minutes of the September 16, 1975 meeting were ordered approved as distributed.

Library Committee: The Director read the certification that bills in the amount of $82,299.02 have been audited and found correct. It was moved by Mrs. Richardson seconded by Mr. Butt and carried that bills in this amount be ordered paid.

Mrs. Hendon announced that she and the Director had been asked to attend a caucus of the Board of Aldermen to discuss the Board's plan for closing eight branch libraries. She said that Mr. William B. Stansbury, President of the Board of Aldermen, has asked her to recommend to the Board of Trustees that the Board postpone its final action until after she and the Director appear before the Board of Aldermen. After discussion, it was moved by Mr. Ulmer, seconded by Mr. Butt and carried that the Board delay the action to close the eight branches for two weeks until October 28, 1975.

Building Committee: Mr. Johnson, Chairman of the Committee, read the following report of the Building Committee:

"A survey was prepared by Louis and Henry Architects to determine the degree of repair necessary to floors, cornices, gutters and downspouts on the various library-owned buildings. On the basis of this survey and with the advice of the architects, the Building Committee has established priorities for work at the following branches:

1. Highland Branch
2. Parkland Branch
3. Shawnee Branch
4. Main Library (Old Building)
4. Portland Branch

Total estimated cost is $26,000 to $32,000.

The funds available for the City matching of the State grant total $18,993.18 which produces a total of $50,767.40 available for City renovation projects.

The Building Committee asks for authority to advertise for bids and award contracts for the completion of these projects."

It was moved by Mr. Johnson and seconded by Miss Kelsey that this report of the Building Committee be approved and authority given to the committee to proceed with the project. The motion carried.

Finance Committee: The statistical report for the month was distributed and ordered received and filed.

The Director announced that Mr. Stephen Evans had been employed as the new Business Manager to succeed Mrs. Minnie M.
Harrer, who has held the position for thirty years and is retiring October 31, 1975. Mr. Ulmer moved, and it was seconded by Mrs. Layne that Mr. Stephen Evans be named Treasurer of the Board for the remainder of the term ending with the April meeting of the Board. The motion carried unanimously.

Mr. Ulmer also recommended that the Secretary draft a letter of appreciation in the name of the Board for the many years of service of Mrs. Harrer. Mrs. Hendon mentioned that Mrs. Harrer would also receive the customary Certificate of Appreciation.

Director's Report: The Director stated that inasmuch as he and Mrs. Hendon had to leave to go to the Board of Aldermen caucus, that he would not present any report at this time. Therefore, the meeting adjourned at 4:40 p.m.

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held Tuesday, November 11, 1975 at 4:15 p.m. in the Board Room.

Present: Mesdames Hendon, Layne, Mercer and Richardson; Messrs. Brown, Butt, Johnson, McGee, Quire and the Director. Mrs. Garnar, The Assistant Director, Mr. Roberts, Director of Sanitation, Mr. Reeder, Director of Budget Office, and Mr. Horan, Budget Analyst also attended.

Mrs. Hendon presided.

Minutes: It was moved by Mr. Quire, seconded by Mrs. Richardson and carried that minutes for the meeting of October 14, 1975 be approved as distributed.

Mrs. Hendon then announced the formation of an Ad-Hoc Audio-Visual Committee and named Mr. Walter Butt as Chairman with Mrs. Layne and Mrs. Richardson as members.

Communications: Mr. Sam Reeder, City Budget Officer, speaking for the Mayor and the Board of Aldermen requested that final action on closing the eight branch libraries be postponed until January 1, 1976. After considerable discussion, it was moved by Mr. Brown, seconded by Mr. Johnson and carried that the Board agree to postpone the action on closing the eight branch libraries. Father
McGee requested that he be recorded as voting no on this motion. Then, after more discussion, with Mr. Reeder agreeing, Mr. Brown moved, Mr. Butt seconded and the Board voted to postpone the closing of the eight branch libraries until December 1, 1975.

Mr. Louis Coleman, representing the Urban League, stated that inasmuch as the preceding action postponing closing of the eight branch libraries had taken place, he had no requests of the Board at this time.

At this time, Mrs. Hendon called upon Mr. Henry Cosgrove, representing (S.O.S.) Save Our Sound. Mr. Cosgrove read the following statement to the Board of Trustees:

"Louisville deserves a full-time, first-rate classical radio station, with a signal which fits the artistic product. As Louisville had just lost its only classical music stereophonic radio station, the library can help the community to fill the ensuing gap.

The Library has attempted this in its negotiations with WHAS; but - due to technical problems - they were unable to conclude these negotiations successfully. Various individuals from the non-profit corporation SAVE OUR SOUND, from the Louisville Orchestra, KOA, and Metroversity, and friends interested in classical music feel that the above may be best accomplished by the formation of a Listener's Guild, built - in part - from on-air requests. This would ensure that the stations - in addition to being educational - would also be listener supported.

Additionally, programs should be as fine as is economically possible with the ultimate goal being individual programming on a daily basis. WFPK is already providing tapes of the great music series during prime time, including the Boston Symphony, the Cleveland Orchestra, New York Philharmonic, Louisville Orchestra, Metropolitan Opera; and the Marlboro series.

We propose that a Listener's Guild, through the legal channels of SOS, be established for the immediate purpose of aiding the conversion to full stereophonic sound of WFPK and the upgrading of its broadcast signal to a standard consistent with the nature of its programming, and that will allow the eventual qualification of WFPL to retain its National Public Radio affiliation.

The immediate needs can be met with the assistance of HEW under a program that allows three dollars of HEW funds for every one dollar of funds raised locally. One dollar given in Louisville buys four dollars worth of equipment; $15,000 is matched by $45,000.
These immediate needs of WFPK are a maximum power stereo transmitter, and related equipment, and an antenna which could enable cars and portable radios to pick up our signal.

The time-table for applying for HEW funds this year is:

- Local funds pledged by December 12
- Local funds collected by April 1.

This would provide a unique opportunity for the city of Louisville to have a full-time classical station, maintaining the highest programming standards and involving our listening community as a full participant in these roles.

Since the library has two public radio stations, Louisville has the opportunity of having both a full-time classical music station, and a station for special features provided by National Public Radio. Were this not the case, we would have to operate as do other public radio stations with a mixture of talk and music.

Mrs. Hendon thanks Mr. Cosgrove for his and the organization's interest and referred the matter to the Audio-Visual Committee for study and report.

Mr. Brown moved and it was seconded by Ms. Mercer that the Board go into a Closed Session to discuss a personnel problem.

The next action taken by the Board was that Mr. Quire move that the Board return to an Open Session. The motion was seconded by Ms. Mercer and passed.

Library Committee: Mr. Brown read the certification that bills in the amount of $82,965.02 had been audited and found correct. He moved and it was seconded by Mr. Quire that bills in this amount be ordered paid. The motion carried unanimously.

Building Committee: Mr. Johnson reported satisfactory progress in the work of the committee.

Finance Committee: The Director distributed the statistical report for the month which was ordered received and filed.

Director's Report: The Director distributed to the members of the Board a new brochure explaining the arrangement of the Main Library for use of patrons.

Dates for Christmas closing were suggested as December 24, 25 and 31, and January 1. It was moved by Mr. Quire, seconded by Mr. Johnson that the Library system be closed for the holidays on these dates. The motion carried.
There being no further business, after motion duly seconded and carried, the meeting adjourned at 5:05 p.m.

LOUISVILLE FREE PUBLIC LIBRARY
SPECIAL CALLED
BOARD OF TRUSTEES MEETING
November 24, 1975

The special called meeting of the Board of Trustees of the Louisville Free Public Library was held Monday, November 24, 1975 at 3:00 p.m. in the Board Room.

Present: Mesdames Hendon, Layne and Richardson; Messrs. Brown, Butt, Johnson, Quire, Ulmer and the Director. The Assistant Director, Mr. William Garnar also attended.

Mrs. Hendon presided.

It was announced that Alderman Kotheimer at a meeting of the Finance Committee of the Board of Aldermen held on November 10, 1975, had proposed that only four branches, of the eight recommended for closing, be closed, and he proposed to introduce an ordinance for $50,000 to enable the Library to continue the remaining four branches.

It was announced that Mr. Charles Hinds, Head of the Department of Library and Archives, in a conference with the Director had stated that a bookmobile would be available almost immediately for use in the Louisville Inner-City to replace the service lost if eight branches were closed. After considerable discussion in which these two items - 1) Alderman Kotheimer's proposal. 2) The possibility of acquiring an additional bookmobile from the State. - were examined in depth, the Board voted on and passed the following resolution. The following resolution was introduced by Mr. Brown, seconded by Mr. Johnson and passed unanimously:

RESOLUTION
BOARD OF TRUSTEES
LOUISVILLE FREE PUBLIC LIBRARY

The Board of Trustees has given very careful consideration to the proposal made by Alderman Kotheimer that only four branches be closed rather than the eight described in the resolution adopted on September 16, 1975.

It is the opinion of the Board, however, that the responsible course of action would be to close the eight
branches for the reasons that have been previously set forth.

We have received indication from the State Librarian that there is considerable likelihood of our receiving a bookmobile from the Commonwealth which would be used to service those persons who now use these branches.

The Board of Trustees requests the Board of Aldermen to adopt an Ordinance authorizing the sum of $10,452.00 to be used by the Library to operate this additional bookmobile for the balance of the fiscal year.

At this point, Mr. Brown moved, seconded by Mr. Johnson and carried, that the Board go into closed session for the discussion of a personnel problem.

The next action taken by the Board was that Mr. Quire moved that the Board return to an Open Session. The motion was seconded by Mrs. Layne and passed.

There being no further business, it was moved by Mrs. Layne, seconded by Mr. Butt and carried that the meeting be adjourned at 4:15 p.m.

She invited any other members of the Board who could be present. She announced that a bookmobile would be at the City Hall so that members of the Board of Aldermen could examine it and ask questions.

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
January 13, 1976

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held Tuesday, January 13, 1976 at 4:15 p.m. in the Board Room.

Present: Mesdames Hendon, Layne, Mercer and Richardson; Messrs. Brown, Butt, Johnson, Quire, Ulmer, and the Director. The Assistant Director, Mr. William Garnar also attended.

Mrs. Hendon presided.

Minutes: It was moved by Mr. Quire, and seconded by Mrs. Richardson that the minutes of the December 9, 1975 meeting be approved as distributed. The motion carried.

A statement from the Presbyterian Community Center concerning Eastern Branch Library was distributed to the members of the Board. After some discussion, it was moved by Mr. Johnson, seconded by Mr. Brown and carried that this communication be given to the appropriate committee for study and report to the Board.
The Director read a letter from the Ayr-Way Stores, Inc. saying that these stores will cease to operate as tenants of the first two floors of the Library's building located at 427 South Fourth Street. This will be effective January 6, 1976. The letter assured the Board that rent will continue to be paid during the remainder of the lease term. This communication was ordered received and filed.

Library Committee: Mr. Brown read the certification that bills amounting to $76,022.86 had been audited and found correct. He moved, and it was seconded by Miss Mercer that bills in this amount be ordered paid. The motion carried unanimously.

Mr. Brown, Chairman of the Library Committee, reported that various communications from Oldham County Public Library had been turned over to the Library Committee for study and recommendation. The suggestion of the Oldham County Public Library was for the establishment of reciprocal arrangements between the two libraries so that their patrons could use either library. Mr. Brown reported that the committee, at this time, does not see any reason for the Louisville Free Public Library to enter into any sort of reciprocal arrangement. After some discussion, the Board voted, after motion duly seconded and carried, that the Board concur with the committee's recommendation. At this time, the Librarian was instructed to call to the attention of the Oldham County Public Library officials the regulations which make it possible that any non-resident of Jefferson County, who pays any sort of tax in Jefferson County, can use the library system free of charge. Any non-resident of Jefferson County, who does not pay any taxes in Jefferson County, can obtain full library privileges upon purchase of a "Non-Resident Card" for $6.00 per year.

Building Committee: Mr. Johnson recommended for the Building Committee approval of a project of the City Department of Public Works designed to eliminate certain architectural barriers to the full use of the main library by physically handicapped people, particularly those who use wheel chairs.

Mr. Johnson moved, and it was seconded by Mr. Quire that the Board approve this recommendation, and that the Director express the Board's pleasure that these barriers would be eliminated. The motion carried.

Mr. Johnson then brought up a communication concerning Operation Grass Roots contained in a statement received January 2, 1976. This material had been sent to the Finance and Building Committee for study and any recommendation. After some discussion, it was moved by Mr. Ulmer, and seconded by Mr. Johnson that the staff be requested to furnish the Board with a study analyzing the situation as pertaining to Eastern Branch Library and Jefferson Branch Library, both now closed by action of the Board. This study should include staff recommendations as to the use of these properties. The motion carried.
Finance Committee: The statistical report for the month was distributed and ordered received and filed.

Audio-Visual Committee: Mr. Butt reported on the receipt of a $50,000 grant from the J. Graham Brown Foundation for use in the purchase of electronic equipment. Mr. Butt also reported that he had personally delivered an application to FCC for an increase in power and an application for a grant from HEW for a three-to-one matching grant for the Brown Foundation gift. He stated that it was hoped that action on these applications would be completed by April.

Director's Report: The Director reported that he and Mrs. Hendon had attended a luncheon meeting of the Kentucky Heritage Commission and had accepted four Kentucky Landmark Designations on behalf of the Library. The designations were: Louisville Free Public Library - Western Branch, Kaufman-Straus Building, Louisville Free Public Library - Main Building, Fifth Ward (Monseurat) School.

New Business: Mrs. Hendon reported on a suggestion for a committee on committees to study the need for restructuring the standing committees. She pointed out that the present plan of standing committees had been originated in 1905 and had been revised in 1939. She suggested that it seemed wise now to review again the standing committees and any need for new committees. She then stated that without objection, a committee to study committees should consist of Miss Mercer as Chairman, Mr. Quire, Miss Kelsey and Mr. Butt. There was no objection so the committee stands appointed.

Old Business: Mr. Brown moved that the Board go into Closed Session in order to discuss a matter concerning possible litigation. The motion was seconded by Mrs. Richardson and passed. At this time (5:15 p.m.), Mr. Butt asked to be excused to attend a meeting of the Board of Aldermen.

At 5:28 p.m., it was moved by Mr. Brown that the Board return to Open Session. The motion was seconded by Mr. Quire and carried, at which time, it was moved by Mr. Brown, seconded by Miss Mercer and carried that there being no further business, the meeting be adjourned. The meeting was adjourned at 5:28 p.m.

He stated that it would be necessary, in his opinion, that the Board authorize the employment of competent commercial appraisers in order to arrive at the present real estate value of the properties. The Director stated that, in his opinion, if an appraiser was employed, he should give estimates of the sale value as well as the rental value of the properties.

This two-part report was submitted at this meeting for action on Part A and first reading on Part B (change in By-Laws) to be acted upon finally at the March 9, 1976 meeting of the Board of Trustees. OLD BUSINESS:

Mrs. Hendon reported on the joint meeting of the library and Finance Committees held on February 9, 1976 to discuss with the Budget Directors of the City and County the promised salary increases for the semi-professional and professional staff members.

The representative of the City Budget Office, speaking for the Budget Director, said that the City Budget Office was in agreement that the Board of Trustees should grant the salary increases retroactive to July 1, 1975.

Mr. Zachary Cornes, the Budget Director for the County, suggested that the salary increases be made retroactive to January 1, 1976 instead of July 1, 1975.
After considerable discussion, the consensus of the two committees was that the salary increases should be made retroactive to July 1, 1975.

At the conclusion of Mrs. Hendon’s report on the joint committee meeting, Mr. Brown moved and it was seconded by Ms. Mercer that the Board authorize the granting of salary increases to professionals and semi-professionals on the staff retroactive to July 1, 1975. The motion passed.

There being no further business, the meeting was adjourned at 5:28 p.m., after motion made by Mr. Brown, seconded by Mr. Johnson and duly passed.

Mr. Ogden has requested a three-foot access for installation and maintenance of new electrical service on a building adjacent to Highland Branch. After discussion, it was the consensus of the Board that the Audio-Visual Committee and department should explore this matter further.

Mr. Brown reported concerning the pending litigation involving the Library in connection with the Sonia Uri Estate and said that the proposed settlement agreement which had been previously discussed in closed session had been approved by all involved and that the matter would be submitted to the Jefferson Circuit Court for approval after the Library Board had approved it; accordingly, upon motion duly made by Mr. Brown and seconded by Ms. Mercer, said settlement agreement was unanimously approved, a copy of said agreement being attached to these minutes as exhibit A.

2. Mr. Brown reported on the meeting of the Urban Libraries Council Executive Committee which was held at the Louisville Free Public Library on April 3, 1976. He said that in November the council would have introduced a Title V of the Library Service and Construction Act. The May says that he thinks that it would be desirable for the Board to endorse this resolution. Mr. Brown stated that he would circulate the draft resolution and also request a telephone poll of the Board members.

REPORT OF THE NOMINATING COMMITTEE

Mr. Ulmer gave the report of the Nominating Committee as follows:

The Executive Committee of the Board of Trustees acting as the Nominating Committee presents the following slate of officers for the term ending April, 1977.

BOARD OF TRUSTEES MEETING  

June 15, 1976  

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held June 15, 1976 at 4:15 p.m. in the Board Room.

Present: Ms. Hendon, Layne and Mercer; Messrs. Brown (Voted on all items by telephone), Butt, Heath, Ulmer and the Director. The Assistant Director and Ms. Sallie Haynes, representative from the City Law Department, also attended.

Mrs. Hendon presided.

Mrs. Hendon opened the meeting by announcing that Sister Rosella Fitzmayer had succeeded Mr. Orville Quire, and Mr. William F. Heath had succeeded Ms. Phyllis Kelsey. Both terms expire April, 1980. She welcomed Mr. Heath to membership on the Board and stated that Sister Rosella could not be present for the meeting.
Minutes: It was moved by Ms. Mercer and seconded by Mr. Heath that minutes for the meeting of May 11, 1977 be approved as distributed. The motion carried.

Planning and Interior Operations Committee: Ms. Mercer read the certification that bills in the amount of $84,457.51 had been audited and found correct. Certification was signed by Stephen C. Evans, Business Manager, and C. R. Graham, Director.

Ms. Mercer moved, and it was seconded by Ms. Layne that bills in this amount be ordered paid. The motion carried.

The Director reported that previous to the regular Board meeting the Planning and Interior Operations Committee had met. It approved the Director's recommendation that Mrs. Barbara Pickett be promoted from Head of Reference Services to Coordinator of Adult Reference and Reader Services - Main Library.

The Director stated that this would implement the long-time plans of integrating the Reference Services and the Reader's Advisory Services at the Main Library. It would be not only a more efficient arrangement, but it would also save money by one person taking the place of two. It was moved by Ms. Mercer and seconded by Mr. Butt that this recommendation of the Planning and Interior Operations Committee be approved. The motion carried.

The Director explains that the Board had gone on record sometime previously as agreeing to furnish space for a sub-regional branch of the Library for the Blind and Physically Handicapped. This was with the understanding that there would be no expense to the Library for furnishing this service. It was explained that the State was ready to furnish $100,000.00 to the Library for the beginning and funding for one year of this project.

After considerable discussion, it was moved by Mr. Ulmer and seconded by Ms. Mercer that the President be given authority to sign an agreement with the State Library with the approval of the Library's legal advisor. The motion passed.

Building and Maintenance Committee: Mrs. Hendon asked the Director to explain plans for making space for the sub-regional branch for the Blind and Physically Handicapped. He reported that the plan was to move the books from the old Kentucky Room to the Monserrat School after the Museum collection had been moved to Jefferson Branch. After Carter Dry Goods building had been renovated, then the Museum collection would be moved to its new renovated quarters. The moving of the Museum collection would be at the expense of the Museum Committee. It was moved by Ms. Layne and seconded by Ms. Mercer that the move take place as outlined above. The motion passed.

Budget and Finance Committee: Mr. Ulmer stated that Mr. Dick, the Library's insurance advisor, had called to the Board's attention the fact that the Board might not want to keep the
amount of insurance on Jefferson and Eastern Branches inasmuch as
they were not occupied for library purposes. The amount of
insurance for these buildings was for replacement values. After
considerable discussion, Mr. Ulmer suggested that the Director
confer with the City's Insurance Manager for suggestions concerning
this problem. It was moved by Mr. Ulmer and seconded by Mr. Butt
that the Director be authorized to adjust the amount of insurance
on these two branches after consultation with the City's Insurance
Manager. The motion passed.

The statistical report for the month including comments was
distributed. The report was ordered received and filed.

The Director then distributed copies of the Comments on the
Preliminary Budget for 1976-77. This document was read by Members
of the Board of Trustees after which Mr. Ulmer suggested that it
was impossible to make any decisions after such a cursory examin-
ation. Mr. Ulmer suggested that the Budget and Finance Committee
and the President meet and study this situation in the hopes of
making recommendations to the full Board at a special-called
meeting. He also stated that it would seem impossible to arrive
at any recommendations until the budget had been passed by the
City and County.

After discussion, it was agreed upon by the members of
the Board that this procedure be followed.

Audio-Visual Committee: Mr. Butt reported that word had
come from Washington that the Library had been granted $86,667.00
from H.E.W. in order to improve its broadcasting ability.

Mr. Butt pointed out that this grant plus the grant of the
J. Graham Brown Foundation of $50,000 would enable the Library
to improve its broadcasting facilities without calling upon
the City or County. Members of the Board expressed pleasure at
this statement.

Director's Report: The Director requested that Mrs. Hendon
After expenses, we cleared $5,301.53.

The Director reported on a very successful Staff Institute
Day. Ms. Layne and Ms. Mercer agreed with the Director that
they thought the Institute was very worthwhile and of interest.

NEW BUSINESS:

Mrs. Hendon then read the following communication from the
Director announcing plans for his retirement.

June 15, 1976

Mrs. Sarah Hendon, President
Board of Trustees
Louisville Free Public Library
Fourth and York Streets
Louisville, Kentucky 40203
Dear President Hendon:

On April 14, 1964, the Board of Trustees passed the following statement concerning compulsory retirement:

"That there be no change in compulsory retirement at age 70 except that (1) retirement becomes effective at the end of the fiscal year during which the employee becomes 70, and (2) that under unusual circumstances the Board may consider re-employment on a year-to-year basis after the employee has reached compulsory retirement status. In such cases the needs of the library and physical capabilities of the employee will be the primary criteria for possible re-employment."

In view of this statement, and in order to give as much notice as possible, I should like to state it is my intention to retire on July 1, 1977.

I will not at this time attempt to list the great number of rewards that have come to me during the thirty-five years of my service.

Sincerely yours,

Director

Mrs. Hendon said that the Personnel Committee would be asked to take charge of the search for a new Director.

It was moved by Ms. Mercer and seconded by Ms. Layne that Mr. Graham's retirement be accepted with regret. The motion passed.

There being no further business, the meeting adjourned at 5:10 p.m. after motion by Mr. Butt, seconded by Ms. Mercer and carried.

Present: Ms. Fitzmayer, Hendon and Layne; Messrs. Brown, Butt, Heath, Johnson, McGee and the Director. The Assistant Director and Ms. Bartina Watkins, representative from the office of Mr. Charles Roberts also attended.

Mrs. Hendon presided, and called the meeting to order by requesting the Director to distribute the Preliminary Draft of the 1976-77 Budget. The Director stated that this Preliminary Draft was presented so that the members of the Board could analyze the recommendations of the administrative staff. These recommendations incorporate data available as of July 22, 1976. There is no information available as to the amount of raises which the City will give to its personnel.

One of the standing policies of the Board of Trustees has been stated that all attempts will be made to maintain the Main Library collections and services even at the expense of branches and other agencies of the Library system. In order to do this, accommodate automatic City budget salary raises, and maintain a balanced budget, the following recommendations are made:

1. Branch book purchasing be suspended as of July 1, 1976.

2. The Main Library be closed on Sundays as of July 4, 1976.

3. After salary raises have been given, any additional monies available be used to restore the branch book budget.

Mr. Heath questioned the advisability of eliminating branch library book budgets when statistics show that 80% of the circulation is done through branch libraries. He stated that, in his opinion, it would be better to divide up the money among all agencies.

Mr. Brown questioned the advisability of closing the Main Library on Sundays if the Board's stated policy was to make every attempt to maintain the collections and services of the Main Library as the prime goal.

Mr. Butt suggested the Main Library might be closed on Sunday from July 1 to October 1 and opened thereafter. Mr. Brown suggested that after the City's salary raise was disclosed and more detailed budget figures are known that any additional monies could be used for either reopening the Main Library on Sunday, adding to the branch book budget or used for additional professional and sub-professional salary raises. There was considerable discussion on all of these above points.

Then it was suggested that Item #3 from the three recommendations from the Preliminary Draft be eliminated.

Then it was moved by Mr. Brown and seconded by Mr. Butt that Item #1 "Branch book purchasing be suspended as of July 1, 1976" be approved. The motion carried with Mr. Heath abstaining.
It was then moved by Mr. Heath and seconded by Mr. Johnson that item #2 "Main Library be closed on Sundays as of July 4, 1976" be approved. The motion carried.

The Preliminary Budget Draft is appended to these minutes as Exhibit A.

Mr. Brown moved and was seconded by Ms. Layne that the meeting be adjourned at 5:05 p.m. The motion carried.

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
August 10, 1976

(No meeting held. Lack of quorum.)

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
September 14, 1976

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held September 14, 1976 at 4:15 p.m. in the Board Room.

Present: Ms. Fitzmayer, Hendon and Layne; Messrs. Brown, Butt, Heath, Johnson and the Director. The Assistant Director and Ms. Sallie Haynes, representative from the City Law Department, also attended.

Mrs. Hendon presided.

Minutes: It was moved by Mr. Johnson and seconded by Mr. Butt that the minutes of the June 15, 1976 meeting be approved.

It was then moved by Mr. Butt and seconded by Mr. Heath that the action of the Executive Board on July 12, 1976, in authorizing payment of bills in the amount of $79,614.86 be approved, and that the action of August 10, 1976 in authorizing payment of bills in the amount of $93,433.08 be approved. The motion carried unanimously.

At this time, Mrs. Frank Jones, speaking for "Interested
and Concerned Patrons", was introduced to the Board by Mrs. Hendon
and invited to speak for no more than three minutes. Mrs. Jones
cited her letter to the Louisville Times in which she made several
suggestions to the Board in view of its decision to eliminate the
purchase of new books for the branches during the 1976-77 fiscal
year. The following is a summary of the suggestions she placed
before the Board:

1. Questionnaires be filled out by the Library patrons and
the results of the questionnaires be used as the basis
for further Board actions.

2. She endorsed the idea of organizing a group or groups
of "Friends", but specifically advised against small
cake sales and handicrafts. She stressed the fact
that it should be a $5.00 membership, and that the
friends should be organized for political pressure
for budget purposes.

3. She suggested that rental libraries had been success-
fully used in other places and that a good use of the
little money that was available this year would be to
begin rental collections.

At this point, Mr. Butt brought up the fact that the Board
of Aldermen has appropriated $20,000 additional monies for the
purchase of books in branches.

Mr. Johnson asked if book money were limited, would she want
it spent at the Main or branches. She said branches. Mr. Johnson
asked if she would travel to Main. She replied that she would.

Mrs. Hendon thanked Mrs. Jones for her interest and told her
that in the organization of friends groups which is being planned
she and her group certainly would receive invitations to join.
The delegation then left the Board meeting.

The Director then read the following letter from Mr. Renn
of the Louisville Gas and Electric Company:

Mr. Clarence Graham
Secretary of the Board
Louisville Free Public Library
4th and York Streets
Louisville, Kentucky 40203

RE: Direct Current (DC) Power, Meter No. 1888
427 River City Mall

Dear Mr. Graham:

As I stated in our recent telephone conversation,
Louisville Gas and Electric Company is requesting that
the Louisville Free Public Library (owner) allow Louis ville Gas and Electric Company to discontinue and disconnect the 550-volt direct current service to the referenced building. The DC system is obsolete and in the process of being eliminated. If the service is no longer being used, discontinuing the service would allow Louisville Gas and Electric Company to remove existing overhead poles and wires allowing better access to the stores by truck traffic.

If the service is still in use, Louisville Gas and Electric Company is prepared to offer $30.00 per connected horsepower in assistance to convert the owner's equipment to AC.

If further explanation is needed on this matter, please contact me.

Yours very truly,
Paul E. Renn
Sales Engineer

PER/tdf

The Director stated that he had contacted E. R. Ronald and Associates, Consulting Engineers, to define the problem.

Mr. Brown said that he did not think the Library should have any out-of-pocket expenses in this request of the Louisville Gas and Electric Company, and that he saw no objection to converting to AC current from the present DC current if there were no costs to the Library. The Director stated that these ideas would be communicated to the company.

Planning and Interior Operations Committee: Mr. Brown read the certification of bills in the amount of $73,189.03 that had been audited and found correct. He moved and it was seconded by Mr. Heath that bills in this amount be ordered paid. The motion carried.

Building and Maintenance Committee: Mr. Johnson, reporting for the committee, stated that the work of the committee was progressing satisfactorily, and then he called upon Ms. Sallie Haynes, the Library's legal advisor, to report on the agreement between Mr. John C. Ogden and the Library Board.

Ms. Haynes reported that the agreement between Mr. John C. Ogden and the Library for a temporary encroachment on the Library's property at the Highland Branch had been signed as previously authorized by the Board. As of September 14, 1976, no equipment had been moved onto the property for this purpose.

EXECUTIVE SESSION:

At this time, Mrs. Hendon asked that the Board consider itself in Executive Session so that Mr. Brown could bring members up-to-
Budget and Finance Committee: Copies of the proposed budget were distributed to members of the Board. The comments on the proposed budget were also circulated:

   c. Opening the Main Library on Sunday from October 1, 1976 to June 30, 1977. 9,000.00
   d. An additional 2% raise for professional and sub-professional staff. 24,633.00

   $100,726.00

8. Pages, currently employed, will continue to receive $2.20 per hour. New pages will receive $2.00 per hour.

Mrs. Hendon brought up item no. 7 which is the unallocated funds of $100,726.00 and brought up the possibility of 7-D which could provide merit raises or an across-the-board raise for semi-professional and professional staff members.
During the discussion which followed, Mr. Brown thought that it would be wise for the staff to be able to make a statement as to its preference for a merit raise or for an across-the-board increase for all professional and semi-professional staff members.

Mrs. Hendon suggested that she could appear before the next Administrative Council meeting and put the question to them so that the would express their preferences for either type of increase.

Mr. Heath and Mr. Johnson expressed definite opinions as to their doubts of the value of an attempt to give a merit increase.

Mr. Brown suggested that he had to leave in order to get to another meeting and that he would vote to pass the budget as presented leaving 7 - D as "Unallocated Funds" for the present.

Mr. Butt suggested that 7 - D be changed to read "Unallocated Funds". Mr. Johnson moved for this change. Mr. Butt seconded, and it was passed.

At that point, it was moved by Mr. Johnson and seconded by Mr. Butt that the budget in its entirety be approved. The motion passed.

Audio Visual Committee: Mr. Butt reported that bids on used equipment were all too high and, therefore, were rejected. Bids were now being let on new equipment for WFPK. He also suggested the possibility of using any remaining money in the Brown Foundation Grant as matching funds for a possible HEW grant to be used for station WFPL.

DIRECTOR'S REPORT:

The Director said that he would pass up his report due to the lateness of the hour.

NEW BUSINESS:

Mrs. Hendon then said that she would not make any committee appointments at this meeting because she had just received the following letter which would require redistribution of the committee members.

Present: Ms. Fitzmayer, Hendon and Layne; Messrs. Brown, Butt, Heath, Johnson and the Director. The Assistant Director and Ms. Sallie Haynes, representative from the City Law department, also attended.

Mrs. Hendon presided.

Minutes: It was moved by Mr. Butt and seconded by Mr. Johnson that the minutes of the September 14, 1976 meeting be approved. The motion carried.

The Director read the following letter dated September 30, 1976 from Mr. William B. Gatewood, Director of the Community Development Cabinet:

Mr. C. R. Graham
Director
Louisville Free Public Library
4th And York Streets
Louisville, Kentucky 40203
Dear Mr. Graham:

Mr. Bill Brasch, project manager for Community Development, informed me of your concern as to whether the city is interested in the acquisition of the East End Branch of the library. Our answer to this is yes.

However, at this particular time, the Federal Regulations bars (sic) us from conducting a formal negotiation with you and the library board relevant to such acquisition not (sic) until after 60 days have elapsed which is necessary to complete the environmental review process for a project. The regulations do not bar us, however, from engaging in an informal inquiry relevant to the acquisition process that must be done for a said property.

If you have any specific questions kindly direct them to the project manager, Mr. Bill Brasch, and/or Mr. Robert Kanzler of my office, telephone 387-3081.

Upon successful completion of the environmental review and after release of the necessary funds from the Department of Housing and Urban Development, we can then engage in the expenditure of the elevated funds for a project.

Thank you for your kind consideration.

Sincerely,

Inasmuch as the Board considered this communication only for information, no action was taken.

Planning and Interior Operations Committee: Mr. Brown read the certification of bills in the amount of $66,945.23 that had been audited and found correct. He moved and it was seconded by Mrs. Layne that bills in this amount be ordered paid. The motion carried.

Building and Maintenance Committee: Mr. Johnson reported that the work of the committee was progressing satisfactorily and he called upon the Director to explain the present status of the Blind and Physically Handicapped project. The Director stated that it would be able to open on November 1, 1976 as planned. The Board expressed satisfaction with this report.

Budget and Finance Committee: Mrs. Hendon announced that the Board meeting, being held one week early, has made it impossible to get figures ready for the monthly statistical report. As
soon as these figures have been compiled, they will be mailed to the members of the Board of Trustees.

Mrs. Hendon explained that she had gone to the Administrative Council meeting September 30, 1976 in order to find out its views on whether an additional increase of approximately 2% should be an across-the-board increase for all professionals and sub-professionals or it should be a merit increase. Mrs. Hendon then read a communication from the Secretary of the Administrative Council, Mrs. Edward K. Dienes, putting in writing what had been voiced in the meeting:

September 30, 1976

Board of Trustees
Louisville Free Public Library

At its meeting on September 30, 1976, the members of the Administrative Council voted unanimously to recommend to the Library Board of Trustees that the funds under consideration be used for a two-percent across-the-board raise to be given to the professional and semi-professional staff.

Mrs. Edward K. Dienes
Secretary

After some discussion, it was moved by Mr. Johnson and seconded by Mr. Heath that the proposed increase of approximately 2% be made across-the-board for all semi-professionals and professionals. The motion passed unanimously.

Audio-Visual Committee: Mr. Butt announced that the bids for new equipment for the two radio stations had been received and were now being studied.

Director's Report: The Director reported that in line with Board action the Main Library had reinstated the practice of opening on Sunday's from 1:00 p.m. to 5:00 p.m. This reinstatement took place October 3, 1976 with attendance of 273 for the period open for that date. This is comparable to the average day before the closing took place.

There being no further business, the meeting adjourned at 4:40 p.m. after motion by Mr. Brown, seconded by Mr. Butt and carried.

APPROVED:

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held November 9, 1976 at 4:15 p.m. in the Board Room.

Present: Ms. Fitzmayer, Hendon, Layne and Mercer; Messrs. Brown, Butt, Johnson, McGee, Uiber and the Director. The Assistant Director also attended.

Mrs. Hendon presided.

Minutes: It was moved by Mr. Butt and seconded by Sr. Fitzmayer that the minutes of the October 5, 1976 meeting be approved. The motion carried.

Planning and Interior Operations Committee: Mr. Brown read the certification of bills in the amount of $96,433.23 that had been audited and found correct. Certification was signed by C. R. Graham, Director and Stephen C. Evans, Business Manager. Mr. Brown moved and it was seconded by Ms. Mercer that bills in this amount be ordered paid. The motion carried.

Building and Maintenance Committee: Mr. Johnson stated that all the work of the committee was being carried out satisfactorily and he especially mentioned the renovation of the new Library for the Blind and Physically Handicapped. He asked Mr. Graham to comment on the plans for the dedication. The Director mentioned the letter from Mr. Paul Combs, Chairman of the Advisory Council for the Library for the Blind and Physically Handicapped. Mr. Combs is taking the lead in planning the dedicatory program and is inviting the Governor, the Mayor and County Judge. The Director invited the Board to visit the new quarters for the blind and physically handicapped and stated that, in his opinion, Mr. Zimmerman had done another excellent piece of renovation. Everyone who had seen the new quarters spoke in glowing terms.

At this point, Mr. Butt mentioned a recent letter in the Letters to the Editor column of the Courier-Journal in which fault was found with the Library's cooperation in removing physical handicaps from public buildings. Mr. Butt suggested that it was all a misunderstanding and that the letter was completely wrong.

Mr. Johnson suggested that it would be a good idea for all members of the Board to be able to answer this question in the same way at which the Director suggested that the answer be that to the best knowledge of the Library and the Board of Trustees complete cooperation was given and is being given to this project to remove architectural barriers from public facilities to be used by blind and physically handicapped people.
Father McGee suggested and it was agreed by Mr. Brown that at this time there seemed to be no reason for a public answer to the letter.

Budget and Finance Committee: The Director distributed the statistical report for the month and also asked for questions on the preceding month's statistical report which had been delivered late.

Audio-Visual Committee: Mr. Butt announced that the contract for new transmission equipment had been let for the two radio stations.

Ad Hoc Committee to Search for a New Director: Ms. Mercer reported that the committee has been active. A letter has been drafted which will be sent to approximately seventy libraries and library schools requesting suggestions. The committee is also going to advertise the position in professional periodicals. Mrs. Hendon also noted that the Library has already received some applications.

Mr. Ulmer suggested that the salary as stated in the draft letter circulated to Board members was too specific and that there should be a range within which to negotiate. After discussion, Mr. Brown moved that the salary range for the Director's position be set at $27,500 to $32,500. Mr. Johnson seconded this motion. After further discussion, the motion was duly passed.

Director's Report: The Director stated that gifts to the Sylvia Allen Stites Memorial Book Fund has reached the total of $700.00.

The Director recommended that the holiday closings for this year be December 24, 1976 through December 26, 1976 and January 1 and January 2, 1977. It was moved by Mr. Brown, seconded by Mr. Butt and carried that these holiday closings be approved.

The Director read a letter from Governor Carroll enclosing a check for the first quarter operation of the Subregional Library for the Blind and Physically Handicapped.

He stated that he was personally remitting this check as the first opportunity to congratulate the Library on taking this progressive step forward as the first subregional library in Kentucky.

The Director summarized a request from the Shelby Park Neighborhood Association which was requesting space for its office quarters. The Director stated that a small office was available and that he recommended that the Library make this available to the Neighborhood Association for use as its headquarters office. After discussion in which it was suggested that the usual safeguards as to liability and insurance be guaranteed, it was moved by Mr. Butt, seconded by Miss Mercer and passed that this request be approved.
The Director then read the letter concerning a similar request from the Portland Historical Association. After discussion, it was moved by Mr. Johnson and seconded by Ms. Layne that the same approval be given to the Portland request as was given to Shelby Park. The motion carried.

The Director read a resolution authorizing the Friends of the Library of Jefferson Branch to collect funds and receive donations on behalf of the Jefferson Branch Library. (This resolution was prepared by the Library's legal representative from the City Department of Law, Ms. Sallie Haynes.)

"WHEREAS, It is the desire of many of the patrons of the Jefferson Branch Library to assist in the procurement of books and other library materials; and

WHEREAS, a group of said patrons have associated themselves as the "Friends of the Library, Jefferson Branch," to provide such assistance; NOW, THEREFORE,

BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE LOUISVILLE FREE PUBLIC LIBRARY:

That the Friends of the Library, Jefferson Branch, Carolyn Schroering, Chairman, are hereby authorized to collect funds and receive donations on behalf of the Jefferson Branch of the Louisville Free Public Library.

This Resolution shall take effect upon its passage and approval."

After considerable discussion, it was moved by Mr. Ulmer seconded by Ms. Mercer and carried that the above resolution be approved with the understanding that further clarification be obtained governing tax deductibility of the gifts to Jefferson Branch Library and some satisfactory arrangements for accountability and auditing be agreed upon.

The Director distributed copies of the report of the comptroller and inspector.

There being no further business, the meeting adjourned at 5:23 p.m. after motion duly passed.

then explained in detail the work that had been done in pre-
paring the Blind Library. Mr. Graham added that, in his opinion,
Mr. Zimmerman could be classified as a true "Renaissance Man".

Zimmerman concerning their pleasure in his work.

Budget and Finance Committee: The statistical report for
the month was distributed. It was ordered received and filed.

The matter of the one-time $150.00 bonus recently granted
to all employees of the City by the Board of Aldermen was brought
up for discussion. It was explained that $100.00 of this one-
time bonus had already been granted to the Library employees,
and discussion centered around the fact that money for the addi-
tional $50.00 had not been budgeted. After more discussion, it
was moved by Mr. Brown and seconded by Mr. Heath that the City
and County governments be requested to fund the $50.00 bonus to
bring Library employees in line with the other City employees,
The motion passed with Mr. Butt abstaining.

Fr. Joseph McGee
Mrs. George W. Layne

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
January, 1977

(No meeting held. Cancelled due to snow.)
The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held February 8, 1977 at 4:15 p.m. in the Board Room.

Present: Ms. Fitzmayer, Hendon and Layne; Messrs. Brown, Butt, Heath, Johnson, McGee and the Director. The Assistant Director, Ms. Bettina Watkins, representative from the Board of Aldermen, and Ms. Rose Livingstone, representative from the office of Charles Roberts also attended.

Mrs. Hendon presided.

Minutes: It was moved by Mr. Heath and seconded by Mr. Butt that the minutes of the December 14, 1976 meeting be approved. The motion carried.

It was moved by Mr. Heath, seconded by Mr. Butt and carried that ratification of the action of the Executive Committee on January 12, 1977 in ordering payment of bills in the amount of $66,702.92 after the regular meeting on January 11, 1977 had been cancelled due to the weather be approved.

Planning and Interior Operations Committee: Rev. McGee read the certification that bills in the amount of $63,623.33 had been audited and found correct. He moved, it was seconded by Mr. Johnson and carried unanimously that bills in this amount be ordered paid.

Building and Maintenance Committee: In reporting for the Building Committee, Mr. Johnson summarized some of the difficulties resulting from the extreme weather. He then called upon the Director to read the following report on the specific difficulties relating to boiler failure at the Main Library.

(The following report was dictated by Mr. Zimmerman, Coordinator of Physical Facilities.)

"On January 3, 1977, the water jacket of the boiler for the South Building ruptured in the area of a stay bolt. It was necessary to cut out the entire rear section of the boiler and replace it with a new plate which was electrically welded into place. This being a slow process, heat was cut off for the entire South Building for a week.

In the week immediately following leaks were discovered in the suction line from the oil storage tank which caused a further delay in heating of the South Building for two days.

During this down time lights were left on throughout the building day and night and the temperature averaging 66° was maintained by January 11th."
The first week of February, our fuel oil supply approached bottom and our promised delivery was delayed by our supplier because of tremendous demand, broken equipment, and higher priority consumers such as the housing authority. We closed the library entirely February 2 and 3, received oil on the 3rd and reopened the 4th.

Thermostats have been set at 68° in both the North and South Buildings. Any present variations from these settings must be attributed to heat buildup from sunlight and electric light.

Branch thermostats have been set at 68° daytime and 55° nighttime with automatic seven-day timing controls monitoring their temperatures.

Budget and Finance Committee: The statistical report for the month of December, 1976 and also for the month of January, 1977 was distributed. This was ordered received and filed.

Audio Visual Committee: Mr. Butt reported that the new transmitting equipment has arrived and has been unloaded today. Work on the installation will begin immediately.

Committee to Search for a New Director: Mrs. Hendon summarized the work of the Search Committee up to this point and stated that satisfactory progress was being made.

In further remarks, Mrs. Hendon read a letter from Mayor Sloane appointing Mrs. Robert D. Kuhnle to the Board to fill the unexpired portion of Mrs. Margaret B. Richardson's term which ends April 1978.

Mrs. Hendon reported also that in newspaper reports, it was learned that the County Fiscal Court had appropriated $20,000.00 matching the city's appropriation for emergency purchase of books for the branch libraries. This was the result of a letter Mrs. Hendon had written to Judge Hollenbach.

Mrs. Hendon reported that she had written to Judge Hollenbach and Mayor Sloane requesting that the Library employees receive the one-time $50.00 bonus which had been granted to employees of the City of Louisville. She stated that Judge Hollenbach answered her by saying that the Fiscal Court would not appropriate any money towards a bonus. After considerable discussion, it was decided that Mrs. Hendon should write to the Mayor requesting that the City fund the whole amount needed to grant a $50.00 bonus to the employees of the Library as had been done for the other employees of the City.

Mrs. Hendon announced the receipt of a check for $13,647.38 from the State Department of Libraries and Archives as an appropriation to the Louisville Free Public Library for the purchase of books.
Director's Report: The Director read a letter from Mr. Erwin A. Sherman, Attorney at Law, complimenting the Library on two of its employees - Ms. Gladys Pearson and Ms. Adair Prewitt - for being particularly efficient in their aid.

The Board expressed pleasure in this communication.

The Director read two statements which had been sent out to the Library staff concerning thermostat settings and closing schedules because of the extreme cold weather. These actions had been taken at the request of the Mayor.

OLD BUSINESS

Mrs. Hendon called upon Mr. Brown for old business concerning possible litigation. Mr. Brown moved that the Board go into Closed Session. This was seconded by Mr. Butt, and passed. The Board went into Closed Session at 5:01 p.m.

At 5:23 p.m. the Board returned to Open Session.

There being no further business, the meeting adjourned at 5:24 p.m. after motion duly seconded and passed.

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
March 8, 1977

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held March 8, 1977 at 4:15 p.m. in the Board Room.

Present: Ms. Fitzmayer, Hendon, Kuhnle, Layne and Mercer; Messrs. Brown, Butt, Heath, Johnson, Ulmer and the Director. The Assistant Director and Mr. Paul Guilardi, representative from the City Law Department also attended.

The meeting was called to order by Mrs. Hendon, who introduced Mrs. Kuhnle, a recently appointed member of the Board who replaced Mrs. Richardson, resigned.

Minutes: It was moved by Mr. Heath and seconded by Mr. Johnson that the minutes of the February 8, 1977 meeting be approved. The motion carried.

Planning and Interior Operations Committee: Mr. Brown read the certification that bills in the amount of $84,334.32 had been audited and found correct.

He moved, it was seconded by Mr. Heath and unanimously passed that bills in this amount be ordered paid.
Building and Maintenance Committee: Mr. Johnson reported that everything was progressing satisfactorily.

Renovation for the new quarters for the Fern Creek Branch were nearing completion. He reported that new shelving had been installed and that the installation of furniture was expected soon.

At this point, Mrs. Hendon read the following letter from Third Ward Alderman Jerry Abramson:

March 7, 1977

Mrs. James R. Hendon  
Chairman, Board of Trustees  
Louisville Free Public Library  
Fourth and York Street  
Louisville, Ky. 40203

Dear Mrs. Hendon:

Citizens of the Belnap Neighborhood have contacted me about expansion of the Outer Highlands Branch of the Library. Apparently, the residents feel that the space would be ideal to expand this branch to better serve the people of the area, particularly the students who use this branch a great deal.

I recognize, of course, the limitations of the Library's budget. If your Board and the Library staff would investigate the situation, perhaps we will be able to work together with the neighborhood and the Aldermen to accomplish the expansion.

Please advise me of your findings. I will be happy to get together with representatives of your Board, the Library staff and the neighbors at your convenience.

Very truly yours,

Jerry Abramson,  
THIRD WARD ALDERMAN

In the discussion which followed, it was decided that the Secretary should write a letter to Alderman Abramson expressing the appreciation of the Board in Alderman Abramson's interest in the matter of more facilities for the Outer Highlands Branch Library. The Director was instructed to start collecting information financially and otherwise as to what an enlargement of the facility would or should entail.

When some preliminary facts become available, it was suggested that a group consisting of representatives of the
Belnap Neighborhood Association, the Library staff, Mrs. Hendon and, if possible, Alderman Abramson visit the Outer Highlands neighborhood to look at on-the-spot possibilities for enlarging the facility.

Mrs. Hendon called upon the Director to explain a matter concerning Jefferson Branch Library.

The Director explained that an examination of the original deed of Jefferson Branch Library showed that if the property ceased to be used for public library purposes it would then become the property of the City of Louisville.

The Director stated that, in his opinion, most of the members of the Board had suggested it would be advisable to relinquish ownership of this property inasmuch as the branch had been abandoned. In discussing this matter with representatives of the City Law Department, it had been suggested that the Director ask for authority from the Board to sign a "Quitclaim Deed" transferring Jefferson Branch to the City.

In the discussion, Mr. Brown endorsed the idea and moved that the Director be empowered to sign such a document. The motion was seconded by Mr. Johnson and carried unanimously.

Budget and Finance Committee: The statistical report for the month was distributed to the members of the Board and was ordered received and filed.

Mrs. Hendon presented the following report on her discussion with members of the Executive Committee:

LOUISVILLE FREE PUBLIC LIBRARY

MEMORANDUM

TO: MESSRS. BROWN, JOHNSON AND ULMER
MEMBERS OF THE EXECUTIVE COMMITTEE

FROM: MRS. JAMES R. HENDON, PRESIDENT
BOARD OF TRUSTEES

DATE: MARCH 4, 1977

I am sending you copies of the enclosed memorandum from W. H. Garner to C. R. Graham. This is so that you may have time to study the matter before the Board meeting on Tuesday, March 8, 1977, at which time I would hope that the matter would be brought up and that the Board would approve the granting of a one-time $50.00 bonus which has already been received by other employees of the City, and that the Board would grant a 2% salary increase for Library personnel retroactive to January 1, 1977 depending on whether the Board of Aldermen passes such action at its regular meeting on the night of March 8, 1977.
If, for any reason, the City does not take action to grant this increase, the action of the Board concerning the 2% increase at its meeting prior to the Board of Aldermen would be null and void.

I hope that this plan meets with your approval.

LOUISVILLE FREE PUBLIC LIBRARY

MEMORANDUM

TO: C. R. GRAHAM, DIRECTOR

FROM: W. H. GARNAR, ASSISTANT DIRECTOR

RE: $50.00 BONUS AND 2% SALARY RAISE FOR LIBRARY PERSONNEL

DATE: MARCH 3, 1977

This morning I received a telephone call from Mr. Larry Lenihan, City Budget Analyst for the Library. Mr. Lenihan said that budget personnel from both City and County met yesterday, March 2, 1977, concerning bonuses and 2% salary raises for joint agencies. According to Mr. Lenihan, it is the County's position that they will not fund a $50.00 bonus. Mrs. Hendon has already received a letter from Judge Hollenbach indicating that fact. Mr. Lenihan said that since the County will not fund their portion of the $50.00 bonus, the City will not fund their portion of the $50.00 bonus.

In connection with the $50.00 bonus, I reminded Mr. Lenihan that several months ago he stated to me his opinion, having studied the Library's monthly reports, that the Library could fund the $50.00 bonus by using surpluses already existing in the personnel lines of the Library's budget. I agreed at that time that this was possible. During today's conversation, I asked if there was any reason which he could see why the Library Board could not release some of this surplus to fund the $50.00 bonus since it was not going to be funded by either the City or the County. He said he could see no reason why the Board could not take such action.

According to Mr. Lenihan, the County is agreeable and will fund their portion of the 2% salary increase effective January 1, 1977 and retroactive to that date. The City has already introduced an ordinance before the Board of Aldermen on February 22, 1966 which includes $10,240.00 to fund the City's portion of the 2% salary raise for Library staff. Mr. Lenihan anticipates that this ordinance will be approved by the Board of Aldermen at its next meeting on March 8, 1977.
It is my suggestion that the Executive Committee recommend to the Board of Trustees at its March 8, 1977 meeting: 1) The $50.00 bonus be approved and implemented as quickly as possible. 2) That the 2% salary raise should also be approved and implemented as quickly as possible.*

I would hope that the Board move these two actions at its March 8, 1977 meeting because: 1) The staff has been waiting since December, 1976 for news as to the fate of the $50.00 bonus. 2) the request budget should be submitted to City Hall the first week of April and should include computations for the $50.00 bonus and the 2% raise if they are to be given.

*Mr. Steve Evans, Business Manager, has checked the expenditures in the personnel lines of the budget. Projecting our current spending rates through the end of this fiscal year, the Library will have enough money left to fund the 2% salary raise even if by some outside chance the City and County appropriations are not approved.

Mrs. Hendon stated that this matter had been discussed by telephone with members of the Executive Committee, and the Executive Committee agreed to recommend passage of the $50.00 bonus.

After more discussion, Mr. Ulmer moved that the Board grant a one-time $50.00 bonus, and that the Library give a 2% salary increase to the employees of the Library effective January 1, 1977 if such a 2% increase is funded by both the City and County. It was seconded by Mr. Butt and carried unanimously.

Ad Hoc Committee to Search for a New Director: Miss Mercer reported that to date the committee has received seventy-six applications for the position of Director. She reported also that in addition to Mr. Charles Hinds of Frankfort, Kentucky and Mr. Edward Howard of Evansville, Indiana, who had already visited Louisville in conjunction with their applications, Mr. Ronald Kozlowski of Pensacola, Florida would be arriving for an interview and would be available on March 22nd at a coffee to be given so that members of the Board of Trustees could meet him. Miss Mercer thanked the committee for its work, and Mrs. Hendon suggested that the Director's Secretary, Mrs. Rakestraw be commended for the extra amount of good work that she had done on this project.

Audio-Visual Committee: Mr. Butt said that some portions of the new equipment were still being tested. It was a good possibility that the two stations would be on their increased power within the next two months.

Mr. Butt brought up the possibility that the Library might broadcast the meetings of the Board of Aldermen on its radio station WFPL. Mr. Butt stated that the matter had not been discussed with the Board of Aldermen as yet. The consensus of the Board, after considerable discussion, was that Mr. Butt be authorized to introduce this subject to the Board of Aldermen for discussion.

A motion to this effect was presented to Mr. Johnson, seconded by Miss Mercer and carried.
Director's Report: The Director read a letter from Mrs. James O. Risch, Assistant Director of Law for the City of Louisville. This letter outlined a proposed agreement between the Louisville Free Public Library and the University of Louisville for microfilming the Library's card index of the Louisville Courier-Journal. His letter said:

"The contract meets the criteria established by the Law Department to protect the interests of the City of Louisville and therefore I suggest it will protect the Louisville Free Public Library and its interests. My next question is whether the Louisville Free Public Library Board should pass a resolution authorizing the execution and delivery of such an agreement. I would suggest that at your next Board meeting a motion is made and a resolution is carried authorizing such an agreement."

After discussion, it was moved by Mr. Heath, seconded by Mr. Brown and carried that the Director be authorized to sign the proposed contract.

The Director stated that Mrs. Kuhnle had presented her Board of Trustees Oath of Office, and it was now on file.

The Director called attention to a fine article on the Library's Home-bound Program for the elderly in the Louisville Times for Monday, March 7, 1977.

Present: Ms. Hendon, Kuhnle, Layne and Mercer; Messrs. Brown, Butt, Johnson, Ulmer and the Director. The Assistant Director and Ms. Livingston, representative from Charles Roberts' Office, also attended.

Mrs. Hendon presided.

Minutes: It was moved by Miss Mercer and seconded by Mrs. Layne that the minutes of the March 8, 1977 meeting be approved. The motion carried.

Communications: The Director read a communication from Mr. Henry Dosker, Assistant Director of the Community Development Cabinet notifying the Board that the Community Development Block Grant Office has funded the project to renovate restrooms adjacent to the Library for the Blind and Physically Handicapped by granting an amount not to exceed $15,000.00. The Board expressed appreciation of this action.

Planning and Interior Operations Committee: Mr. Brown read a certification that bills in the amount of $78,405.37 had been audited and found correct.

He moved, it was seconded by Mr. Ulmer and carried unanimously that bills in this amount be ordered paid.

Building and Maintenance Committee: In the absence of Mr. Johnson, Chairman, the Director reported that the renovated Fern Creek Branch was then open and doing business. The Fern Creek Library Committee is planning a formal opening later. The Director stated that if any members of the Board would like to visit the newest renovated agency, Miss Banks would be glad to have such members accompany her on her next trip to Fern Creek.

Budget and Finance Committee: The Director announced that due to an emergency caused by the short time given to preparing the Request Budget the statistical report would be later in arriving and would be sent out as soon as the work had been completed. He called upon Mr. Garnar to report on the status of the Request Budget as tentatively approved by the Executive Committee.

Mr. Garnar distributed the memorandum concerning the Budget which had been previously distributed to the Executive Committee. It was the recommendation of the Director and the Assistant Director that since the funds were already available in the Personnel Lines of the budget, that the Board approve implementation of the 2% across-the-board pay raise retroactive to January 1, 1977, the date on which other city departments had received the increase. Mr. Brown moved, Mr. Ulmer seconded and it was carried that this recommendation be approved.

Audio Visual Committee: Mr. Butt, Chairman of the Audio-Visual Committee, reported that at that moment technicians were climbing our tower installing the new antennas. He reported that periodically the Library stations would probably have to be off the air due to this installation.
Ad Hoc Committee to Search for a New Director: Miss Mercer reported that the committee had been working hard. Mr. Emerson from California had visited the library for an interview, and on the following week two more candidates would visit.

In the name of the Board of Trustees, the Director thanked Jeffersontown City Council for this generous gift.

OLD BUSINESS:

A letter to the Director concerning the purchase of Eastern Branch Library from Mr. William B. Gatewood, Director of the Community Development Cabinet, was read to members of the Board as follows:

April 7, 1977

Mr. C. R. Graham, Director
Louisville Free Public Library
4th and York Streets
Louisville, Kentucky 40203

RE: Acquisition of Eastern Branch Library Property

Dear Mr. Graham:

This letter is to officially inform you of the City of Louisville's desire to purchase the below described property from the Louisville Free Public Library.

The property is located at 600 Lampton Street, Louisville, Kentucky, and is known as the Eastern (sic) Branch Library. It is the City's intent to acquire fee simple title to this property.

The City of Louisville is hereby offering the sum of $21,000, an amount which is believed to be just compensation for the property. This determination of just compensation is not less than the review appraisal of the fair market value received by the City of Louisville. This determination of just compensation is based upon inspection of the property and a consideration of the appraisal and review appraisal made independently by competent professional appraisers. The determination of the fair market value disregarded the public improvement for which the property is to be acquired.

If you feel that the City's offer of just compensation does not represent the true value of the property, you may refuse to accept it, and provide to the City evidence concerning the value of damage that warrants a change in the City's determination of just compensation. If the City, upon receipt of this evidence, determines that there should be a change in the amount of just compensation, the price will be adjusted accordingly.
If you have any questions, please contact Bill Herron of the Works Department at 587-3106. Your prompt attention and response to this offer will be appreciated. If the offer is acceptable to the Library Board, please execute the attached real estate sales contract and return it to Mr. Kanzler.

Yours Truly,

William B. Gatewood, Director
Community Development Cabinet

In the discussion which followed, Mrs. Hendon brought out the fact that the Presbyterian group interested in purchasing the property had had it appraised at $30,500.00.

It was also brought out that the Library's appraisal had been at a figure between $21,000.00 and $35,500.00.

After more discussion, Mrs. Hendon gave the communication to Mr. Ulmer with the request that as head of the Finance Committee he look into the matter.

Mr. Johnson moved that the Executive Committee be authorized to act on the matter if necessary before the next meeting. This was seconded by Miss Mercer and passed.

Mrs. Layne asked about the status of the request for increased service for Outer Highlands Branch which the Director answered by saying that he had talked to Alderman Abramson about the request and that Alderman Abramson reiterated his interest in the project but said that he would need to talk to the Mayor before anything else was done. The Director was of the understanding that the Library Board should wait until they heard again from Alderman Abramson.

Statement from the President: Mrs. Hendon stated that the annual meeting will be postponed until the situation pertaining to membership and vacancies on the Board of Trustees is clarified.

Mrs. Hendon announced that a Trustees Meeting representing the trustees of the Kentuckiana Region would be held at Hurstbourne Holiday Inn on April 23, 1977. She invited all of the members of the Board who could come to attend.

Louisville, Kentucky 40203

Dear Mr. Graham:

Meadow Heights Woman's Club wishes to inform you that we are planning to give to the Bon Air Library a sum of money in the approximation of $1,500.00 with the written assurance that the entire sum be used to purchase new books.

Feelings are, that since Bon Air has a lack of funds and that as a community minded club, having supported them for many years, Meadow Heights wishes to donate to this branch.

We would like to extend an invitation to you and Ms. Byrne to attend our May meeting to be held on the 17th at Executive Inn East, at which time the check will be presented. An approximate time of your arrival could be 10:15 a.m. Lunch will follow the program.

The Director read the following letter addressed to Mr. William Garnar from Mr. John F. Martin, Assistant Curator of the J.B. Speed Art Museum:

May 4, 1977

Mr. William Garnar
Louisville Free Public Library
301 West York

Dear Mr. Garnar:

As you are aware the Speed Art Museum is organizing an exhibition surveying Kentucky Painters of the 19th Century to be shown from June 4 to June 26, 1977. The exhibition will include approximately fifty works by approximately forty artists drawn mainly from the museum's permanent collection, and spiced with special works from other public collections.

A survey of 19th century painting in Kentucky has never before been undertaken. The selections will be limited to one or two works by any one artist so that the scope of the period can be more fully conveyed.

We are writing at this time to formally ask you to lend to our exhibition two important works: Sidney Gorham's Spanish Girl and Henry Mosler's The Last Sacrament. The loan of these works would be a major contribution to the show, and we hope very much that we can have your support. The Speed Museum will assume all expenses involving insurance and be in charge of transportation.

Your consideration of our request will be greatly appreciated, and I look forward to hearing from you soon.

Sincerely,

John F. Martin
Assistant Curator

After discussion, it was moved by Mr. Heath and seconded by Miss Mercer that the loans mentioned in the letter be authorized. The motion passed unanimously.

At this time, Father McGee announced his resignation as Chairman of the Ad Hoc Friends Committee due to lack of time.
Mr. Brown suggested that Mrs. Layne be asked to serve as Chairman. The suggestion was enthusiastically endorsed and Mrs. Layne was named as Chairman of the Ad Hoc Friends Committee.

Planning and Interior Operations Committee: Mr. Brown read a certification that bills in the amount of $94,832.75 had been audited and found correct. He moved, and it was seconded by Miss Mercer that bills in this amount be ordered paid. The motion passed.

Building and Maintenance Committee: Mr. Johnson read the following report from the Department of Physical Facilities:

MEMORANDUM

RECOMMENDATION OF THE PHYSICAL FACILITIES DEPARTMENT

TO: LOUISVILLE FREE PUBLIC LIBRARY BOARD OF TRUSTEES
FROM: DEPARTMENT OF PHYSICAL FACILITIES
DATE: MAY 9, 1977
RE: VEHICLE PURCHASE

As attempts to secure special appropriated funds from the Board of Aldermen have been unsuccessful in the past and the need for replacement of our two delivery vans has become most pressing (95,500 and 110,500 miles logged), the Department of Physical Facilities requests authorization to order two new vans from funds still available in the furniture, fixture and equipment account of the current budget.

In anticipation of granted authorization, this department sought bids from Louisville Ford, Chevrolet and Dodge Truck Dealers. Ford Motor Company was unable to bid as all vans have been sold for this model year and 1978 vans will not be available before October.

Results of bidding are as listed:

- V.V. Cooke Chevrolet: $4,604.02 ea.
- Bob Smith Chevrolet: $4,688.12 ea.
- Broadway Chevrolet: $4,820.07 ea.
- Falls City Dodge: $4,707.28 ea.
- St. Matthews Dodge: $5,110.39 ea.

As V.V. Cooke Chevrolet is actual low bidder and has the additional advantage of close proximity for service, it is recommended that we honor the Cooke bid and place our order with them at once.

After some discussion, it was moved by Mr. Johnson, seconded by Mr. Butt and passed that this recommendation be adopted.
Budget and Finance Committee: The statistical report for the month was distributed and ordered filed.

Audio Visual Committee: Mr. Butt reported on a conference he had attended concerning public radio. He further reported that the renovation of the radio stations was moving ahead on schedule. They should be in operation at increased power in approximately one month. During June and July, the Audio Visual Committee will be studying the contract between the Library and the Jefferson County Schools and hopes to report on his findings to the new Director sometime in August.

Ad Hoc Committee to Search for a New Director: Miss Mercer, Chairman of the Search Committee, reported that the work of the committee was almost complete and in the near future she would request a called meeting to consider their recommendation.

Director's Report: The Director relinquished his time to Mrs. Hendon for two reports.

Mrs. Hendon announced that Mrs. Hendon and Messrs. Butt and Johnson had been reappointed to the Board of Trustees for four-year terms.

She also announced that at the coming Spalding College commencement on May 15, 1977, the Director would receive an honorary L.L.D. degree.

Nominating Committee: Mr. Johnson read the report of the Nominating Committee as follows:

The Executive Committee, acting as a Nominating Committee, offers the following slate for officers of the Board for the year ending April, 1978:

Mrs. Sarah Hendon President
Mrs. Randolph A. Brown Vice-President
C. R. Graham Secretary
Stephen Evans Treasurer

Mr. Johnson asked for further nominations from the floor. Miss Mercer moved and Mr. Butt seconded that nominations be closed. The motion carried.

Mr. Butt moved and Miss Kuhnle seconded that the Secretary cast one ballot for the entire slate. The motion passed.

At 4:51 p.m., Mrs. Hendon called for a Closed Session concerning litigation and the transfer of real estate. It was moved by Mr. Brown and seconded by Mr. Butt that the Board go into Closed Session. The motion carried.

The Board came out of Closed Session at 5:01 p.m.

There being no further business, the meeting adjourned at 5:10 p.m.
A special called meeting of the Board of Trustees of the Louisville Free Public Library was held May 26, 1977 at 4:15 p.m. in the Board Room to hear the report of the Ad Hoc Committee to Search for a New Director.

Present: Ms. Churchill, Fitzmayer, Hendon, Kuhnle, Layne and Mercer; Messrs. Brown, Butt, Heath, Johnson and the Director. The Assistant Director and Ms. Rose Livingston from the Public Works Department also attended.

Mrs. Hendon presided.

Before consideration of the report of the Search Committee, Mrs. Hendon used the time to announce the forthcoming book sale to be held on June 11, 1977 from 10:00 a.m. to 5:00 p.m. and June 12, 1977 from 1:00 p.m. to 6:00 p.m.

Mrs. Hendon called on Miss Mercer as Chairman of the Search Committee to present the report of the committee. Miss Mercer read the following report:

The Ad Hoc Committee to Search for a New Director recommends to the Board of Trustees that they offer the position of Director of the Louisville Free Public Library to Ronald S. Kozlowski, Director since 1974 of the West Florida Regional Library, Pensacola. The Committee studied the letters and material of 77 candidates, interviewed a considerable number of these, and concluded that Mr. Kozlowski's qualifications were outstanding.

He has very successfully directed a regional library, which has grown under his leadership. It serves two counties, with headquarters in Pensacola, five branches, and three bookmobiles. He has, we learn, been able to communicate the needs of his library to its three supporting bodies: the city of Pensacola, Escambia, and Santa Rose Counties. He has been active there, and as a member of a national group - the American Library Association, Association of State Library Agencies, State Aid Study Committee - has investigated new ways to secure aid for libraries throughout the nation. He has led an active and effective Friends of the Library in their search for new financial resources for the institution and in vigorous work to bring together the Library and the communities it serves. He has been active in the local community in various ways, for example, in the Chamber of Commerce's Task Forces on Education and on Charter Government.

Before going to Pensacola, he had had public library experience in the Evansville, Indiana - Vanderburgh County Library, first as head of one of its branches, then as Assistant Director of the Library. He also has a background in audio-visual work, having been Audio-Visual Librarian in Triton Junior College, River Grove, Illinois - experience which would be useful to us, with our radio stations, and relatively rare among public librarians.
He was born in Illinois in 1937, and received the degree of B. S. Education from Illinois State University in Normal, Illinois, and after teaching English and Journalism for several years, an M.L.S. from Rosary College in River Forest, Illinois. He also had a year as Head of Acquisitions and Reference at Indiana State University in Evansville before turning to the public library positions which have been his chief concern.

He is, we were glad to discover, strongly interested in Louisville, and our region. He has family in Madisonville, Kentucky. His wife, the former Barbara Hartlein, was a native and resident of Evansville. Her mother, now the widow of the late Charles F. Leich, M.D., lives in Evansville. Mrs. Kozlowski's paternal grandmother, the late Mrs. Nelson Ringmacher, lived for many years in Louisville.

Mrs. Kozlowski, a graduate of Southern Illinois University and a teacher before her marriage, has been active in community affairs in Pensacola. Mr. and Mrs. Kozlowski have four children, who with their parents have often camped and stayed in Kentucky.

Mr. Kozlowski's home address is 3999 Potosi Road, Pensacola, Florida 32504, and his home telephone number is (904) 478-4405.

Miss Mercer then moved the acceptance of the recommendations of this report. The motion was seconded by Mr. Butt. After discussions, a vote was taken and the motion passed unanimously.

There being no further business, the meeting adjourned at 4:50 p.m. after motion by Mr. Heath, seconded by Mr. Brown and passed.

Distribution of Insurance
Other Agencies

Gentlemen:

As you are aware this agency has supervised the insurance program for the Louisville Free Public Library for many years, and the participation of other agents in this program has followed an outline that was last revised in 1961.

The present procedure is to allocate a portion to each agency that is a member of the Louisville Board of Independent Insurance Agents and which maintains an office inside the city limits of Louisville. Also an agency which once participated because of such membership is entitled to the same amount even though he discontinues his affiliation with the Louisville Board, providing he is in good standing with the companies he represents and enjoys a good business reputation.

Many changes have taken place during the past 16 years; we suggest a revision of this procedure and present the following for your review and hopefully your approval:

1. To be eligible for participation an agency must be a member of the Louisville Board at the time and must have been so for at least two years.

Reasoning: Similar to most organizations of today, there are changes in the membership from time to
time, and it has become an impossible task to main-
tain records on agencies that have resigned. In
addition, we believe it is preferable for us not
to accept the responsibility of being a judge of
an agency's operations with respect to its qualifi-
cations. (a member of the Louisville Board must
maintain certain minimum standards at all times.)

2. Eligibility would be extended to include all Louisville
Board agencies with offices in Jefferson County as well as
within the limits of Louisville.

   Reasoning: Board membership now covers the entire
County and many well recognized and long established
firms have moved to offices outside Louisville. Also
Jefferson County and the City of Louisville now
contribute almost equal amounts to the operating
funds of the Library.

   We will appreciate your consideration of these recommendations and
your decision with reference to placing them into effect.

   Yours very truly,

   Kenneth A. Dick

At the regular Board Meeting June 14, 1977, this letter was
read after which it was moved by Mr. Ulmer, seconded by
Mr. Heath, and carried that the recommendations be approved
by the Board.

The Director also read the following Communication from Mr.
Masterson, Vice-President and Treasurer of Stewart's concerning the
lease on 427 River City Mall:

Mr. C. R. Graham
Director
Louisville Free Public Library
Fourth and York Streets
Louisville, Kentucky 40203

May 16, 1977

We have completed the insurance form on the Ary Way Building
located at 427 River City Mall: and forwarded the form to
Swope and Dick, as requested.

I'm sure you realize the lease on this property expires on
January 1, 1980. At present, we do not have any plans to utilize
this building or to renew the lease. Since it is difficult
for us to sub-lease this location for the two year period, we
would like to discuss the possibility of an immediate cancellation
of the lease with a prepaid adjusted rent amount. An immediate
cancellation of the lease would permit the library to begin their
search for a new tenant for the building. Since this rental income
is part of the library budget, its replacement should be of
immediate concern to your finance committee.

Please let us know what further action we should take to proceed further on this course of action for cancellation of the lease.

Sincerely,

John E. Masterson
Vice President and Treasurer

JEM:nc

The Director also read a letter which Mr. Ulmer had advised him to write in answer to Mr. Masterson:

Mr. John E. Masterson
Vice President and Treasurer
Stewart's
P.O. Box 1319
Louisville, Kentucky 40201

Dear Mr. Masterson:

In answer to your letter of May 16, 1977, let me say that this letter concerning the lease situation of the Board’s property at 427 River City Mall will be brought to the attention of the Board of Trustees at its next meeting on June 14th.

Sincerely yours,

Director

After discussion it was recommended to the Director that he state to Mr. Masterson that the Board could not decide about anything concerning the lease until it could find out what is happening to the Galleria proposals.

The Director then read the following letter from the Younger Woman's Club of Louisville:

May 18, 1977

Mr. C. R. Graham
Louisville Free Public Library
Fourth and York Streets
Louisville, Kentucky

Dear Mr. Graham,

The Younger Woman's Club of Louisville is pleased to inform you that the Library has been granted a $2,000.00 Endowment fund for Children's Reference Books.

Mrs. Edward
Charities Group Chairman

The Director also ready his answer as follows:

Mrs. Edward Callahan
Charities Group Chairman
The Younger Woman’s Club of Louisville
P.O. Box 6853
Louisville, Kentucky 40206

Dear Mrs. Callahan:

Let me thank you on behalf of the Library for the generous grant of $2,000.00 Endowment Fund for Children’s Reference Books. Let me also personally thank you very much for this action.

Your letter will be read to the Board of Trustees at its next regular meeting on June 14th.

Mr. Garnar will be happy to work with your group in setting up the Endowment Fund.

If there are any questions which I can help with, I shall be happy, either before or after my retirement, to consult with you.

Thank you and the club for this important step in helping the Library.

Sincerely yours,

Director

Mrs. Hendon suggested that a formal communication from the Board be sent to the Younger Woman’s Club of Louisville in response to this generous gift.

The Director suggested that the Assistant Director, Mr. Garnar, be appointed acting Director from the time of June 30, 1977 until the new Director arrives, to assume his duties, sign all necessary papers and checks.

Mr. Brown moved that Mr. Garnar be named acting Director with power to sign checks & necessary papers from June 30, 1977 until the new Director arrives to assume his duties.

Mr. Ulmer seconded the motion and it was carried unanimously.

Adjournment: There being no further business, the meeting adjourned at 4:57 p.m.
LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
JULY 12, 1977

(No meeting held -- Lack of a Quorum).

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
AUGUST 9, 1977

The regular monthly meeting of the Board of Trustees of the Louisville Free Public Library was held August 9, 1977 at 4:15 p.m. in the Board Room.

Present: Ms. Kuhnle and Layne; Messrs. Butt, Heath, Johnson, McGee, Ulmer and the Director. The Assistant Director also attended. In the absence of the President and Vice-President, Mr. Butt moved that Mr. Ulmer be elected President Pro-Tempore. The motion was seconded by Mrs. Layne. The motion carried. It was moved by Mr. Heath and seconded by Mrs. Kuhnle to appoint Mr. Kozlowski Secretary to the Board of Trustees. The motion carried.

Minutes: It was moved by Mr. Butt and seconded by Mr. Heath that the minutes of the June 14, 1977 meeting be approved. The motion carried.

Mr. Heath moved ratification of the Executive Committee's action ordering payment of bills for June in the amount of $96,546.08 after the regular meeting of July 12 was cancelled because of the lack of a quorum. Mr. Butt seconded and the motion passed unanimously.

Planning and Interior Operations Committee: Mr. Butt read a certification that bills in the amount of $91,820.05 had been audited and found correct. He moved, the motion was seconded by Mrs. Layne, and unanimously carried that bills in this amount be paid.

Building and Maintenance Committee: Mr. Johnson reported that every activity in this area was progressing satisfactorily.

Budget and Finance Committee: The 1977-78 budget (attached) was presented. After discussion, Mr. Butt moved approval. The motion was seconded by Mr. Heath and passed unanimously. Included in the new budget was a 7½ percent pay raise for employees with the exception of pages.

The July statistical report was distributed to those present and ordered received and filed.

Audio Visual Committee: Mr. Butt reported that the Committee met with representatives of the Jefferson County School Administration to discuss the long-standing fee of $1,800 paid to the Board by the schools for access to radio programs. Mr. Butt further reported that many programs were out of date, that teachers were not using programs, that the fee paid was just a token, and that valuable air time was being wasted. Lastly, he moved that the Director be permitted to renegotiate a contract with the School Administration which would reduce the number of hours devoted to school programming. This arrangement would constitute a year's experiment to see whether or not the Library should continue providing the service. Mr. Johnson seconded the motion which passed unanimously.
Ad Hoc Committee to Form a Friends of the Library Group: Mrs. Layne reported the Committee has met twice to compile names of individuals to serve on a Friends Planning Committee. The meeting will take place on September 14. She also suggested that the Director be named liaison between the Board and the Friends. Mr. Johnson moved that the Director be made liaison and Mr. Butt seconded. The motion passed. Mr. Ulmer stated that Mrs. Haynes, City's Law Office, be consulted for legal restrictions regarding the Friends of the Library group. Mrs. Layne also explained that branches already having "Friends" would be represented on the Planning Committee.

Director's Report: The Director explained the new paperback browsing collection would be instituted throughout the system by October 1. The books are being purchased at a 32 percent discount from the Louisville News Agency, who are supplying 27 free revolving racks. Experiences throughout the country have shown that the public responds to paperbacks displayed in heavy traffic areas. This response usually generates greater use of the regular circulating collections.

The Director reported that full service on Sundays was being investigated by a committee of the staff, at his direction. Presently, no library cards are issued on Sunday, nor can materials be charged out, nor is the Children's Room open. If the staff committee's recommendation is positive, full service will begin on Sunday, October 2.

Mr. Kozlowski informed the Board that a policies and procedures manual is taking shape and will be published by the end of the year.

Revenue of $30,000 has been received for the sale of Eastern Branch; Mr. Kozlowski recommended that at the September Board meeting the revenue be allocated to specific accounts.

The Director told the Board that, within a year, he and the staff would present a five year Plan of Operation to the Board for their approval. This Plan would include both short term and long range goals for the system.

A report from the Fire Marshall was read and discussed. Needed renovations to make the main library adhere to fire codes may cost up to $40,000. Mr. Ulmer recommended the Building and Maintenance Committee look into the matter and hire a building consultant, if necessary. Mr. Johnson directed Mr. Kozlowski to request an extension of the time limit for completion imposed upon us by the Fire Marshall.

The Director reported that the City had excluded library employees from their tuition reimbursement plan. Mr. Ulmer directed the Administration to draft a letter from the Board indicating their displeasure with the City's action.

Mr. Kozlowski reported on two grant proposals submitted to the Louisville and Jefferson County Manpower Consortium. The major proposal is entitled "Operation Visibility". The second grant submitted was a request for one clerical position to organize the stack area.
