Planning and Interior Operations Committee: Mr. Brown read a certification that bills in the amount of $135,411.03 had been audited and found correct; he moved acceptance. Mr. Butt seconded the motion which passed unanimously.

Building and Maintenance Committee: Mr. Voyles reviewed Executive Committee action which recommended contracting with the Merchants Adjustment Company for the collection of delinquent overdue accounts. He moved acceptance, Mrs. Heath seconded the motion, and the motion passed unanimously.

Mr. Voyles again reviewed Executive Committee action regarding the purchase of an off-set duplicating press. He moved acceptance of the Committee's action, Mr. Brown seconded the motion, and the motion unanimously passed.

Lastly, Mr. Voyles requested the Board accept Executive Committee action to declare a Ford Cortina vehicle and assorted silk screening equipment surplus, to advertise same, and to sell these items to the highest bidder. The Director reported that expenditures, overall, had been conservative to date.

Audio Visual Committee: Mr. Butt recommended that the Wire Network, with the exception of service to the Kentucky School for the Blind, be terminated. Mrs. Hodge seconded the motion which passed unanimously.

Ms. Matton, representing Mr. Donoho, reported that pledge week generated thirteen thousand dollars in pledges to the Library's radio stations.

Director's Report: Mr. Kozlowski recommended that two school-housed branches, located in Frost Middle School and Fairdale High School, be closed on December 31, 1979. These two branches have become extremely expensive to operate because of low usage, it was reported. Cost per transaction at Frost Branch was $2.99; at Fairdale the cost was $2.93.
He suggested bookmobile service to replace the branches, effective January 1, 1980. After lengthy discussion, Mr. Brown moved acceptance, Mrs. Heath seconded the motion, and the motion unanimously passed.

The Director then discussed a request from the Ku Klux Klan to make available their monthly newspaper on the libraries' free pamphlet shelves. He reviewed the Library's current policy on free material for distribution to patrons. After discussion, Mr. Wilson moved denial, and Father Eifler seconded the motion. Discussion continued, with Mr. Wilson withdrawing his motion and Father Eifler his second to the motion. Mr. Voyles then moved that a letter be sent to Mr. Kennedy, Klan representative, stating that the Library would subscribe to the newspaper and include it in the Main Library's periodical collection. Mr. Brown seconded the motion which passed unanimously.

Old Business: Mrs. Hendon gave a status report on the Board's request for $83,000 from the Fiscal Court to match the same amount received from the Board of Aldermen. The money, she commented, is for staff salary increases. To date, the County has not indicated when they would take formal action on the request.

Adjournment: There being no further business, the meeting was adjourned at 5:22 p.m.

BOARD OF TRUSTEES MEETING

The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on December 11, 1979, at 4:15 p.m.

Mr. Yussman, City Law Department; Ms. Somerville, Children's; Ms. Banks and Douthitt, Extension; Ms. Hamilton, Circulation; Ms. Manning, Community Relations; Mr. Cahanev, Physical Facilities; Mr. Donoho, Library Broadcasting; Mr. King, Staff Association; and the Assistant Director and the Director also attended. County Commissioner Watson, Commissioner-Elect Brown, and citizens from the Valley Station and Fairdale areas also attended. Mrs. Hendon presided.

Minutes: Mrs. Heath moved approval of the minutes of the November 13, 1979, meeting. Mrs. Kuhnle seconded the motion, and the minutes were unanimously approved.

Planning and Interior Operations Committee: Mr. Brown read a certification that bills in the amount of $132,007.87 had been audited and found correct; he moved acceptance. Mrs. Kuhnle seconded the motion which passed unanimously.
Building and Maintenance Committee: No committee report was given. The Director commented that roof work at Iroquois had been completed and Main's roof renovation was in progress.

Budget and Finance Committee: Mrs. Hendon read a letter from the Staff Association President in which the staff thanked the Board and Administration for their persistence in obtaining funding for the recent salary increases. The Board President, in the absence of the Budget Chairman, requested ratification of the Budget and Executive Committees' action to implement raises December 16, retroactive to July 1, 1979. Mrs. Graff moved approval, Mrs. Heath seconded the motion, and the motion passed unanimously. The Director reported that expenditures for the month were in order.

The Assistant Director reported that circulation had increased fourteen percent over the same period last year, that registration had increased twenty-six percent over the same period last year, and that reference requests had increased sixty-five percent over the same period last year.

Audio Visual Committee: Mr. Butt announced that a proposal from the Louisville Orchestra was received earlier in the day. The proposal focused on a benefit concert in January, with some of the proceeds benefiting the Library radio stations. Mr. Butt and the Audio Visual Committee will review the proposal, after which the Executive Committee will take action. Attorney Yussman requested the Board to pass a resolution enabling Mrs. Hendon to sign a contract with the Louisville Gas and Electric Company. (The contract will solidify arrangements with the utility company for implementation of the National Public Radio satellite dish.) Mr. Brown moved approval of the resolution; Mr. Butt seconded the motion, and the motion passed, with Mr. Voyles dissenting.

President's Report: Mrs. Hendon announced that the Kentucky Library Trustees Association will sponsor a legislative breakfast on January 10, 1980, in Frankfort. Mr. Kozlowski commented that board members would be notified shortly after the first of the year and arrangements would be made by the Administrative Office.

Director's Report: The Director requested the Board approve the reclassification of Community Relations Specialist and Head of Circulation from LII to LV, effective immediately. He read a two page proposal which contained his rationale for the reclassifications. Mr. Butt moved approval, Mr. Schlich seconded the motion, and the motion passed unanimously.

Mr. Kozlowski then read a letter of thanks from the Attorney General of Indiana for the Library's efforts in collecting gift books for the flooded library in English, Indiana.

Old Business: Mrs. Hendon read a statement regarding the November action to close the Frost and Fairdale school-housed branches. Mr. Kozlowski read a statement which enumerated the differing philosophies and missions of school libraries and public libraries. He mentioned the Library's current involvement in developing a long range plan and he also reported on the contents of a special package of materials concerning the Frost and Fairdale branches. Mrs. Hendon requested comments from the audience.

Members of the audience who addressed the Board, requesting them to postpone the branch closings, included Commissioner Watson, Commissioner-Elect Brown, Ms. Butterworth, Frost Community School Coordinator, and other citizens from the Valley Station and Fairdale areas.

After further discussion, Mrs. Hendon requested Mr. Brown, Vice-President of the Board and Chairman of the Planning and Interior Operations Committee, to give a report. Mr. Brown stated that although the Committee believes that the closings of the Frost and Fairdale Branches are justified, based upon
negligible usage during the past six years ($2.99 each time a book is checked out at Frost, $2.93 each time a book is checked out at Fairdale), the Committee recommends keeping these facilities open until the end of the fiscal year, June 30, 1980.

Furthermore, the Committee recommends that should usage increase substantially between January 1 and June 30, the Administration and the Board will consider establishing a non-school housed public library branch in these areas. This development would be contingent upon adequate funding for the fiscal year 1980-81.

Lastly, the Committee wishes to go on record to indicate its support of public library branches housed in a non-school environment.

Mrs. Hendon requested a motion to rescind the November action to close the branches. Mr. Voyles moved the earlier motion be rescinded; Mr. Schlich seconded the motion. The motion passed, with Mrs. Heath and Mr. Butt abstaining.

Mr. Brown then moved to postpone the closings until June 30, 1980, during which time the Library will determine whether the location of a viable branch in the general area is justified and, if so, at what location a branch should be opened and how funded. Mrs. Kuhnle seconded the motion which passed unanimously.

Mrs. Hendon thanked all for their interest, and Mr. Brown specifically thanks Mrs. Watson for her support of the Library.

Adjournment: There being no further business, the meeting was adjourned at 5:35 p.m.

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
January 8, 1980

The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on January 8, 1980, at 4:15 p.m.

Ms. Mason from Commissioner Watson's Office; Ms. Manning, Community Relations; Ms. Hamilton, Circulation; Mr. Donoho, Library Broadcasting; Mr. King, Staff Association; and the Assistant Director and Director also attended. Mrs. Hendon presided.

Minutes: Mrs. Heath moved approval of the minutes as amended by mail, Mrs. Kuhnle seconded the motion, and the minutes were unanimously approved.
Mr. Kozlowski introduced Ruth Wolfish from CLSI who presented a report on the benefits of an automated circulation system.

Planning and Interior Operations Committee: Mr. Brown read a certification that bills in the amount of $221,834.39 had been audited and found correct; he moved acceptance. Mr. Butt seconded the motion which passed unanimously.

Building and Maintenance Committee: The Director read a letter from the Real Estate Service Corporation of Louisville regarding the sale of the Old Museum Building. Board members suggested the Building and Maintenance Committee investigate the proposal.

Budget and Finance Committee: The Director reported that expenditures for the month of December were routine in nature. The Assistant Director reported that Circulation had increased twelve percent over the same period last year, that registration had increased twenty-eight percent over the same period, and that reference requests had increased thirty-nine percent over the same period last year.

Audio Visual Committee: The Director recommended the Committee change its name after hearing a report from the Assistant Director. Mr. Garnar reviewed the organizational changes, already implemented, within the Audio Visual Department. The department is now designated "Library Broadcasting," and Film Services has become a section of the Circulation Department. The ordering of films will be accomplished by a committee of staff from Main and branches. Processing of films will be handled by Technical Services. Reasons for the change include the realization that films have much in common with other circulating library materials and little in common with the public radio stations. With the changes, the Administration hopes to revive the film service section and, at the same time, permit the Library Broadcasting Department to focus solely on radio.

Mr. Butt, after hearing the report, moved to change the Committee's name from Audio Visual to Library Broadcasting. Mr. Brown seconded the motion, and the motion passed unanimously.

At this point in the meeting, Mr. Brown moved that the monthly meetings begin at 4 p.m. rather than 4:15 p.m. He stated this would enable Father Eifler to remain for the entire meeting. Mrs. Hodge seconded the motion which passed unanimously. The time change becomes effective with the February meeting.

President's Report: Mrs. Hendon stated that the Executive Committee, upon the recommendation of the Audio Visual Committee, agreed to contract with the Louisville Orchestra for a benefit concert on January 18. The agreement required no financial outlay on the part of the Library. Mr. Butt moved approval of the Executive Committee's action, Mrs. Heath seconded the motion, and the motion unanimously passed.

Director's Report: The Director suggested a resolution be passed authorizing the Executive Committee to finalize the sale of the Kaufman-Strauss Building to Oxford Properties. Oxford Properties has indicated the sale may take place prior to the next Board of Trustees' meeting. Mr. Butt moved authorization for such Executive Committee action, Mrs. Kuhnle seconded the motion, and the motion passed unanimously.

Mr. Kozlowski requested permission to close the Library System on February 22, 9 a.m. to 2 p.m., for Staff Development Day. Mr. Brown moved approval, Mrs. Hodge seconded the motion, and the motion passed unanimously.
Old Business: Mr. Brown distributed a resolution which would approve the concept of a foundation for the Library. The foundation would solicit gifts beneficial to the Library. After comments, Mr. Brown moved approval of the foundation concept, Father Eifler seconded the motion, and the motion passed unanimously. (Resolution adopted on 1-8-80 is attached) Mr. Kozlowski reviewed arrangements for the Legislative Breakfast in Frankfort on January 10.

Adjournment: There being no further business, the meeting was adjourned at 5:14 p.m.

He moved that these raises become effective March 4, 1980, and that the Committee send a letter to Fiscal Court and the Board of Aldermen indicating their action. Mr. Butt seconded the motion, and the motion unanimously passed.

Library Broadcasting Committee: Mr. Donoho reported that over six hundred dollars had been received as a result of the Louisville Orchestra's benefit concert for WFPK-FM.
President's Report: Mrs. Hendon announced that the Regional Board meeting was scheduled for February 26 in Henry County, and that board members interested in attending should contact the Administrative Offices.

Proceeds from the sale of the Kaufman-Straus Building, she reported, had been invested in short term certificates. She indicated that the bank had requested a Board resolution authorizing her as the Library's designated officer in regard to the deposit. Mr. Cahaney reported that South Central Bell had requested the use of easement property at Highland Branch Library and recommended that the telephone company be granted their request. Attorney Yussman stated that, after proper insurance guarantees had been arranged with the Bell Company, he would recommend the Board grant the request. Mr. Voyles moved acceptance, Mrs. Kuhnle seconded the motion, and the motion unanimously passed.
Mr. Cahaney then gave a status report on the Main Library roof renovation. He indicated the contractor was ahead of schedule and that the North Building's roof would, most likely, be completed by April 1, or shortly thereafter. LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
June 10, 1980

The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on June 10, 1980, at 4 p.m.

Present: Ms. Graff, Hendon, and Maupin; Messrs. Butt, Conway, Eifler, Minton, Schlich, and Voyles;
Ms. Banks, Extension; Ms. Hamilton, Circulation; Ms. Manning, Community Relations; Mr. Donoho, Library Broadcasting; Mr. Yussman, Board Attorney; Mr. King and Ms. Sullivan, Staff Association; Ms. Stein, Adult Reader and Reference Services; and Ms. Helm, Community Relations attended. The Assistant Director and Director, as well as over twenty-five citizens, also were in attendance.

Mrs. Hendon presided.

Minutes: Mr. Butt moved approval of the minutes of the May 13, 1980 meeting. Mr. Schlich seconded the motion, and the minutes were unanimously approved.

Planning and Interior Operations Committee: No formal report was given. The Director stated that roof renovation at Main had been delayed because of the continuing carpenters' strike.
Budget and Finance Committee: The Director stated that expenditures for the year to date were in order. The Assistant Director reported that circulation had increased fifteen percent over May of last year and sixteen percent for the year to date. Registration, he stated, had increased forty-nine percent over May of last year and thirty-three percent for the year to date. He also reported that reference requests had risen one hundred and sixty-five percent over May, 1979.

Library Broadcasting: No formal report was given.

President's Report: Mrs. Hendon commented that the Friends' Book Sale was a success with over nine thousand dollars earned. She reported that the regional follow-up meeting regarding last year's White House Conference on Library and Information Services was held on June 4, Shelbyville Mall Community Room. The Director, who was elected a national delegate from Kentucky, served on the reporting panel at this meeting. The President reported that she, Mr. Voyles, Mr. Garnar, and Ms. Hamilton attended the regional follow-up meeting.

Director's Report: The Director began his report by giving background information on the FY 1980-81 Budget Request and the cuts suggested by the Mayor and County Judge. He stated that administrative staff had made suggestions and that all of these factors lead to his memorandum of June 3, 1980, to all Trustees. He reviewed his suggested system-wide cuts and the reduction of services, including the closing of seven branch libraries and one bookmobile. Much discussion ensued among members of the Board. Mrs. Hendon reiterated the Director's comments that although library usage was higher than at any previous time in the history of the Louisville Free Public Library, a funding cut of close to nine-hundred thousand dollars necessitated the recommended service cuts.

Discussion continued with various individuals from the public speaking of their support to keep open Western and Frost Branches. Mrs. Hendon, other Board members, and staff requested these individuals to contact their elected officials in order to assist the Library in its attempt to have funding restored.

Upon completion of discussion and comments from the public, Mr. Butt moved "that the recommendations of the Director, contained in the memorandum dated June 3, 1980, entitled, Service Cuts - Recommendations, be adopted and approved. Furthermore, that the Director is directed and authorized to take all action necessary to implement the provisions of the memorandum, provided, however, that in the event funding is restored, the Director is to prepare recommendations as to the restoration of service cuts as outlined in his memorandum". Father Eifler seconded the motion, and the motion passed, with Mrs. Maupin dissenting.

The Director stated that the Employee Relations Committee (Staff Association) had prepared a lay-off procedure in the event that funding cuts would require staff complement reductions. He also informed the Board that each vacancy would be scrutinized closely and evaluated prior to the advertising of these positions.

Adjournment: There being no further business, the meeting was adjourned at 5:25 p.m.

MEMORANDUM

DATE: June 3, 1980
TO: Members, Board of Trustees
FROM: R.S. Kocikowski

Should the Board of Aldermen and County Commissioners not restore funding cuts proposed by the Executive Branches of local government, the following library service cuts are recommended:

1. Eliminate eleven new personnel positions.
   Savings: $106,450. (These eleven positions were requested for branches and Main where usage has risen dramatically but staff complement remains the same.) Further study may support a reallocation of existing Main staff to branch services.

2. Reduce allotment requested for subscriptions to newspapers and magazines at Main and branches from $120,000 to $100,000.
   Savings: $20,000.

3. Reduce local travel request from $6,500 to $4,000.
   Savings: $2,500.

4. Eliminate request for TARC subsidy for staff.
   Savings: $9,000

5. Reduce out-of-town travel fund from $7,000 to $5,500.
   Savings: $1,500.

6. Reduce staff tuition reimbursement from $5,000 to $3,000.
   Savings: $2,000.

7. Reduce special programming request from $10,000 to $5,000.
   Savings: $5,000.

8. Reduce request for insurance allotment from $75,000 to $70,000.
   Savings: $5,000.
9. Reduce auto repair fund from $15,000 to $12,000.  
Savings: $3,000.

10. Reduce MIS fees account from $66,000 to $16,500.  
Savings: $49,500.  
(This action would permit us to maintain the automated payroll but all other attempts to automate the accounts and records of the Business Office would be postponed for at least one year).

11. Reduce the books, films, records and tapes budget at Main and branches from $766,400 to $594,400.  
Savings: $172,000.  
(This action would cause a reduction in the purchase of materials used to serve the public. Should the City and County insist we not cut this item, as they have in past years, we would need to cut an additional $122,000 from public service agencies.)

12. Reduce the amount for purchase of library materials processing supplies from $100,000 to $80,000.  
Savings: $20,000.

13. Reduce janitorial supplies request from $12,500 to $10,000.  
Savings: $2,500.

14. Reduce the furniture and equipment allocation at Main and branches from $92,000 to $50,000.  
Savings: $42,000.  
(This will cause a severe hardship in replacement of antiquated equipment, such as typewriters, film projectors, etc.)

15. Eliminate city branch renovation.  
Savings: $26,000.

16. Reduce city branch roof replacement from $183,550 to $8,000.  
Savings: $175,550.  
(This would assume only minor patch repair would be possible on one of two branch roofs needing replacement).

17. Eliminate county branch renovation.  
Savings: $12,000.  
(Proposed work at the Jeffersontown Branch would not take place.)
18. Eliminate the purchase of two new panel trucks.  
   Savings: $14,500.

19. Eliminate broadcast studio renovation.  
   Savings: $30,000.

20. Close the Main Library on Friday evenings and Sunday afternoons.  
   Savings: $14,000.

21. Close Frost Branch Library (County).  
    In addition to books, subscriptions, and furniture and equipment, this closing would save $9,100 in personnel and maintenance costs.  
    Staff complement in this agency is one permanent part-time employee and one part-time page.  
    This agency, housed in Frost Middle School, ranked twenty-seventh out of twenty-eight in public usage.  
    The branch is approximately six and one-half miles from the next nearest library - Southwest.

22. Close Fairdale Branch Library (County).  
    In addition to books, subscriptions, and furniture and equipment, this closing would save $10,500 in personnel and maintenance costs.  
    Staff complement in this agency is one permanent part-time employee and two part-time pages.  
    This agency, housed in Fairdale High School, ranks twenty-eighth out of twenty-eight in public usage.  
    The branch is approximately four miles from the Okolona Branch and five miles from the Iroquois and Southwest Branches.

23. Close Middletown Branch Library (County).  
    In addition to books, subscriptions, and furniture and equipment, this closing would save $9,200 in personnel and maintenance costs.  
    Staff complement in this agency is one permanent part-time employee and two part-time pages.  
    This agency, housed in Eastern High School, ranks twenty-first out of twenty-eight in public usage.  
    The branch is approximately four miles from the Northeast and Jeffersontown Branches and six miles from Eline Branch.

24. Close Harris Branch Library (City).  
    In addition to books, subscriptions, and furniture and equipment, this closing would save $17,200 in personnel and maintenance costs.  
    Staff complement in this agency is one full-time employee and one part-time page.  
    This agency, located in public housing, ranks twenty-sixth out of twenty-eight in public usage.  
    This branch is approximately one mile from the Parkland Branch, one and one-half from the Shawnee Branch, two and one-half miles from the Newman Branch and three miles from the Main Library.
25. Close Shelby Park Branch Library (City). In addition to books, subscriptions, and furniture and equipment, this closing would save $38,200 in personnel and maintenance costs. Staff complement in this agency totals two full-time and two part-time page employees. This branch is twentieth out of twenty-eight in public usage. This branch is approximately one mile from the Main Library, one and one-half miles from the Highland Branch, and two and one-half miles from the Fincastle Branch. The System owns this facility which is in need of roof replacement.

26. Close Western Branch Library (City). In addition to books, subscriptions, and furniture and equipment, this closing would save $58,000 in personnel and maintenance costs. Staff complement in this agency includes three full-time and four part-time page employees. This branch is thirteenth out of twenty-eight in public usage. This branch is approximately three quarters of a mile from the Main Library, two miles from the Parkland Branch, and two and one-half miles from the Shawnee and Portland Branches. The System owns this facility which needs auditorium renovation and an electronic security system.

27. Close Highland Park Branch (City). In addition to books, subscriptions, and furniture and equipment, this closing would save $3,400 in personnel and maintenance costs. Staff complement in this agency totals one permanent part-time employee and two part-time pages. This agency, housed in a rented store front, ranks twenty-fifth out of twenty-eight in public usage. This branch is approximately one mile from the Iroquois Branch, two and one-half miles from the Fincastle Branch, and three and one-half miles from the Main Library.

28. Discontinue permanently the operation of Bookmobile IV (City). In addition to books and subscriptions, discontinuance would save $24,600 in personnel and maintenance costs. Staff complement in this facility totals two full-time employees.

NOTE: Closing an agency requires sixty days. This time is necessary in order to:

a.) facilitate a personnel lay-off plan.
b.) notify the public.
c.) notify vendors and lessors.
d.) remove library equipment and materials.
During this sixty day decommissioning period, $30,000 will be expended to pay staff, pay maintenance costs, and, in general, to keep open the doors.

After the two library owned buildings (Western and Shelby Park) are closed, and while disposition of these buildings is being decided, monthly maintenance costs will run approximately $300 per month.

These recommendations are made with the assumption that none of the Executives' budget cuts will be restored by the legislative branches of local government. Recommendations regarding Louisville Free Public Library's long-range plan will be presented to Trustees in future meetings.

It is with deep regret that staff must forward these recommendations to the Board of Trustees, especially at a time when our usage is at an all time high.

LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
July 8, 1980

The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on July 8, 1980, at 4:00 p.m.

Present: Ms. Graff, Maupin; Messrs. Brown, Butt, Conway, Eifler, Minton, Schlich, and Voules; Mr. Yussman, Board Attorney; Ms. Banks, Douthitt, and Sullivan, Extension Department; Ms. Hamilton, Circulation; Ms. Manning, Community Relations; Mr. King, Staff Association; Mr. Donoho, Library Broadcasting; and the Assistant Director and Director also attended. In addition, Ms. Patrick, County Judge's Office, and over fifteen citizens were also in attendance.

Mr. Brown presided.

Minutes: Father Eifler moved approval of the minutes of the June 10, 1980, meeting. Mr. Conway seconded the motion, and the minutes were unanimously approved.

Planning and Interior Operations Committee: Mrs. Graff read a certification that bills in the amount of $196,634.69 had been audited and found correct; she moved acceptance. Mr. Schlich seconded the motion which passed unanimously.

Building and Maintenance Committee: No formal report was given.
Budget and Finance Committee: The Assistant Director reported that expenditures for the last month of the fiscal year were in order. He further reported that circulation had increased fourteen percent over June of last year and sixteen percent for the year to date. He mentioned that the Library System had completed the busiest year of public usage since it was established. Registration, he stated, had increased twenty-seven percent over June of last year and thirty-two percent for the year to date. He also reported that reference requests had risen one hundred and ninety-six percent over June, 1979.

Library Broadcasting Committee: No formal report was given.

President's Report: Mr. Brown, substituting for Mrs. Hendon, called on Ms. Hedgepeth, Landmarks Commission, who had requested to address the Board. Ms. Hedgepeth recommended the Board consider requesting the Crescent Hill and Shelby Park Branches be placed on the National Register of Historic Places. Placement on the register, she stated, would possibly qualify the buildings for receipt of Community Development Funds for renovation. Mr. Brown requested a letter indicating the particulars be sent to the Board prior to the August meeting.

Director's Report: Mr. Kozlowski reviewed the status of the Library's 1980-81 budget request. He stated that the Board of Aldermen allocated $80,680.00 for the replacement of the Shelby Park Branch roof and $97,200.00 for roof replacement at the Parkland Branch. Both of these allotments will come from Community Development federal funds. The Aldermen also allocated $75,000.00 above the Mayor's recommended amount, but only if Fiscal Court equally matched the amount and only if all city branches remain opened during FY 1980-81.

The Director then reviewed the rationale for over twenty-five cuts that had been approved at the June Trustees' meeting. He explained that almost $900,000.00 of the requested budget had been denied.

Five individuals from the "Save Western Branch" committee addressed the Board, explaining the significance of the Western Branch Library to the total community.

Mrs. Maupin agreed with the Director that if city and county officials would transfer some of the book funds to the general appropriation fund, Western Branch could operate during the upcoming fiscal year. Kozlowski stated that the Library had requested $700,000.00 for books and other circulating materials, based upon the assumption that all branches would remain opened; however, the full $700,000.00 would not be needed if branches were closed.

After continued discussion, Mr. Butt recommended that the Board keep open the Western Branch if a source of funding becomes available. He suggested the following possible sources:
1) the Board of Aldermen could grant $75,000.00, not making it contingent on the County's matching the amount, or
2) the city and county could follow the recommendation of the Trustees and Staff to reduce by $100,000.00 the requested $700,000.00 for books, records, and other library materials and transfer the amount to the general appropriations fund for Western's operation, or
3) the Library Board could close additional branches in order to keep open Western.

Mr. Butt moved approval; Father Eifler seconded the motion, and the motion passed, with Mr. Conway dissenting.

Adjournment: There being no further business, the meeting was adjourned at 5:20 p.m.
The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on August 12, 1980, at 4:00 p.m.

Present: Ms. Graff, and Maupin; Messrs. Brown, Butt, Conway, Eifler, and Voyles; Mr. Yussman, City Law Department; Ms. Douthitt and Sullivan, Extension Department; Ms. Manning, Community Relations; Ms. Somerville, Children's Department; Ms. Hamilton, Circulation; Mr. King, Staff Association; Ms. Patrick, County Judge's Office; and the Director and Assistant Director also attended.

Mr. Brown presided.

Minutes: The minutes of the July meeting were corrected, page three, second to the last paragraph, to read "Mr. Butt moved approval". After the correction was made, the minutes were approved by consensus.

Planning and Interior Operations: Mrs. Graff read a certification that bills in the amount of $170,196.04 had been audited and found correct; she moved acceptance. Mr. Conway seconded the motion which passed unanimously.

Building and Maintenance Committee: Mr. Voyles reported on the status of the Main Library re-roofing project. Based upon the recommendation of the Director, Mr. Voyles moved that the Shelby Park and Crescent Hill Branches be submitted for placement on the National Registry of Historic Places. Mrs. Maupin seconded the motion, and the motion passed unanimously.

In view of the fact that the Board of Aldermen granted $177,880 in Federal Community Development funds for roof replacement at Parkland and Shelby Park Branches, staff recommended proceeding to contract with an architect. Mr. Voyles moved approval, Mr. Conway seconded the motion, and the motion passed unanimously.

Budget and Finance Committee: Father Eifler discussed the final 1980-81 Budget figures, including cost of living raises and the adjusted salary schedule. After discussion, he moved approval, Mr. Voyles seconded the motion, and the motion passed unanimously. He then read a Board resolution which addressed the City and County's transfer of $150,000.00 from the Materials Budget (books, films, records, tapes, pamphlets) to the General Operating Budget. The purpose of this action by the City and County was to keep open the Western, Shelby Park and Highland Park Branches. Discussion among the members ensued and included the Director's recommendation that the Board agree to keep open these three branches. Father Eifler moved approval of the resolution, Mr. Conway seconded the motion, and the resolution passed unanimously.

Mr. Butt requested staff to continue working on a report for the review of branch hours.
The Assistant Director reviewed financial figures for the first month of the fiscal year. He also reported that circulation had increased five percent over July of last year, registration had increased ten percent over July of last year, and reference requests had increased sixty-two percent over the same period last year.

Library Broadcasting Committee: No formal report was given.

President's Report: No formal report was given.

Director's Report: The Director's report had been given earlier as part of the Budget and Finance report.

Adjournment: There being no further business, the meeting was adjourned at 4:44 p.m.

The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on September 9, 1980, at 4:00 p.m.

Present: Ms. Graff and Hendon; Messrs. Brown, Butt, Minton, Schlich, Voyles, and Wilson. Mr. Rawlings, Board Attorney; Ms. Sullivan, Summit Services; Mr. Cahaney, Physical Facilities; Ms. Hamilton, Circulation; Mr. Donoho, Library Broadcasting; Mr. King, Staff Association; Ms. Patrick, County Judge’s Office; and the Assistant Director and Director also attended.

Mrs. Hendon presided.

Minutes: Mr. Voyles moved approval of the minutes of the August 12, 1980, meeting. Mr. Minton seconded the motion, and the minutes were unanimously approved.

Mrs. Hendon chose to give her report early in the meeting. She assigned Mr. Conway to the Budget and Finance Committee and Mr. Minton to the Building and Maintenance Committee.

Planning and Interior Operations Committee: Mrs. Graff read a certification that bills in the amount of $160,387.69 had been audited and found correct; she moved approval. Mr. Schlich seconded the motion which passed unanimously.

Building and Maintenance Committee: Mr. Voyles requested a report on the status of Main’s reroofing project. Mr. Cahaney stated that most of the major work had been completed and that final completion should occur in three weeks.
Budget and Finance Committee: The Director reported that expenditures for the year to date were in order. The Assistant Director stated that circulation had increased thirteen percent over August of last year, registration had increased thirteen percent over August of last year, and reference requests had increased thirty-one percent over the same period last year.

Library Broadcasting Committee: Mr. Butt, after discussion, moved approval of a contract between the Library and the Kentuckiana Radio Information Service which would provide broadcasting services to the visually impaired via a sub-carrier channel. Mr. Voyles seconded the motion, and the motion unanimously passed.

Mr. Donoho reported that National Public Radio had granted the stations money for an extensive awareness campaign. He mentioned that a matching amount -- some four thousand dollars -- would come from listener contributions and not from any local operating funds.

Director's Report: Per the Board's instructions, the Director had earlier mailed to Trustees a proposal regarding revised branch library hours. Kozlowski suggested the new hours become effective November 1, 1980. He stated hours were revised to reflect the Library's inability to hire eleven additional staff to assist in branch operations despite the great upsurge in library usage. However, the Director stated that the new hours would provide greater access to all segments of the public, more systemwide consistency in hours of opening, and additional hours for staff to complete such activities as filling reserve requests, sending overdues, selecting new books, records, and pamphlets, and weeding the collections. He noted that all branches, with the exception of the school-housed Okolona Branch, would be open on Saturdays.

Mr. Voyles voiced concern about the reduction in Highland Branch's hours. Members pointed out Highland's circulation and proximity to other branches. The Director stated the need to increase hours at Southwest because of its heavy usage and because Frost and Fairdale Branches had closed in that area of Jefferson County.

After further discussion, Mr. Brown moved approval, Mr. Butt seconded the motion, and the motion passed, with Mr. Voyles dissenting.

Gail Janensch, President of the Louisville Art Gallery, accompanied by Gallery board member Kate Vogt, requested permission to open the Main Library on Sunday, November 9, 1980, for a private party to honor the Gallery's quilt exhibit. The Gallery would provide money to defray guard service and cleaning services for the event. Ms. Janensch stated that she had discussed details with the Director and had come before the Board at his invitation. Mr. Brown moved approval of the request, Mrs. Graff seconded the motion, and the motion passed unanimously.

Adjournment: There being no further business, the meeting was adjourned at 5 p.m.

The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on October 14, 1980, at 4 p.m.

Present: Ms. Graff and Hendon; Messrs. Butt, Conway, Eifler, and Minton. Mr. Rawlings, Board Attorney; Ms. Hamilton, Circulation; Ms. Manning, Community Relations; Ms. Sullivan, Summit Services; Mr. King, Staff Association; Mr. Cahaney, Physical Facilities; Ms. Patrick, County Judge's Office; and the Assistant Director and Director also attended.

Mrs. Hendon presided.

Minutes: The minutes of the September meeting were corrected, page two, last paragraph, to read "Kate Vogt". Mr. Conway then moved approval of the corrected minutes, Father Eifler seconded the motion, and the minutes were unanimously approved.

Planning and Interior Operations Committee: Mrs. Graff read a certification that bills in the amount of $186,923.29 had been audited and found correct; she moved approval. Mr. Conway seconded the motion which passed unanimously.

Building and Maintenance Committee: The Director requested the Board Attorney to report on the agreement between the Community Development Cabinet and the Library regarding roof repair money. Mr. Rawlings stated that the Community Development Cabinet had agreed to a modification of the terms of the contract. The change specifies that should a shortage of operational funds necessitate the closing of Shelby Park and/or Parkland Branch Libraries in the future, the Library will not be obligated to repay the money received for roof repairs. Repayment would only occur if the Board sold these two facilities within the next five years. Board members, who had previously approved the contracts, agreed to the modification.

Mr. Cahaney, Physical Facilities Coordinator, and the Director discussed their recommendation to place the Old Museum Building for sale. After considerable discussion, trustees agreed to defer the vote to the November meeting because of the lack of a quorum. Kozlowski reminded the Board that all motions approved at this meeting would have to be ratified at the November meeting.

Budget and Finance Committee: Father Eifler discussed the possibility of investing money for income producing purposes; he stated more money could be earned than is now being realized. The Director agreed but stated the Library should not invest money in a high risk investment plan. Mrs. Hendon suggested that the Executive and Budget and Finance Committees meet with the Director and Assistant Director prior to the November Board meeting to discuss the matter.

The Director reported that expenditures for the year to date were in order. The Assistant Director stated that circulation had increased twelve percent over September of last year, registration had increased twelve percent over September of last year, and reference requests had increased fifty-five percent over the same period last year.
Library Broadcasting Report: Mr. Butt announced that the radio stations would begin broadcasting at 5:45 a.m., rather than 6 a.m., every morning. No expenditures are involved in this change.

President's Report: Mrs. Hendon announced the Friends Used Book Sale would take place on Saturday, October 18, and Sunday, October 19.

Director's Report: The Director deferred the discussion and recommendation regarding selling works of art to the November meeting.

Kozlowski read a request from the Kentuckiana Girl Scout Council; the Council requested permission for 30 Scouts and a chaperone to view the sculpture in the Bernheim Gallery on Sunday, October 26, 1:15 p.m. to 1:30 p.m. This viewing, the request stated, was part of a Festival of Arts to take place with the cooperation of the Altrusa Club. The Director recommended approval. Mr. Butt moved approval, Mr. Minton seconded the motion, and the motion granting permission passed unanimously.

Adjournment: There being no further business, the meeting was adjourned at 4:55 p.m.

BOARD OF TRUSTEES MEETING
November 13, 1980

The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on November 13, 1980, at 4:00 p.m.

Present: Ms. Graff and Hendon; Messrs. Brown, Eifler, Voyles, and Wilson. Mr. Rawlings, Board Attorney; Ms. Manning and Helm, Community Relations; Mr. Donoho, Library Broadcasting; Mr. Evans, Business Office, Mr. Cahaney, Physical Facilities; Ms. Sullivan, Staff Association; Ms. Patrick, County Judge's Office; and the Assistant Director and Director also attended.

Mrs. Hendon presided.

Minutes: The minutes were approved as mailed.

Planning and Interior Operations Committee: Mr. Brown read a certification that bills in the amount of $115,035.21 had been audited and found correct; he moved approval. Father Eifler seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: Mr. Voyles moved to place the Old Museum Building for sale, in the usual legal manner, for the purpose of conveying the property to the highest and most appropriate bidder. Mr. Brown seconded the motion which passed unanimously. The Committee directed the staff to declare and sell the unwanted contents prior to placing the property on the market.

Mr. Voyles then read a letter from the National Register of Historic Landmarks which stated that the Crescent Hill Branch had been nominated for placement on the Register.
Budget and Finance Committee: The Director reported that expenditures for the year to date were in order.

The Assistant Director stated that Circulation had increased twelve percent over October of last year, registration has increased ten percent over October of last year, and reference requests had increased seventy-six percent over the same period last year.

Father Eifler moved that the Director be permitted to secure an out-of-town appraisal of all sculpture and paintings now held by the Library to determine their value and cost, where applicable, of restoration. He stated that the appraisal by a local individual appeared too conservative and that another appraisal appeared to be in order. Mr. Brown seconded the motion, and the motion passed unanimously.

Father Eifler commented on circulation increases in some of the branches; the Director indicated some additional remarks from branch heads would be forthcoming.

Library Broadcasting Committee: Mr. Donoho reported that the radio stations' membership campaign had received, to date, $9,200 in pledges.

President's Report: Mrs. Hendon stated that ratification of action taken in September by the Executive Committee would be deferred until a quorum of the full Board was present.

Director's Report: The Director reported that Fiscal Court had reduced budget allocations to jointly-funded agencies. The Library's reduction totaled $43,675. He stated that a freeze on most vacancies, equipment, and maintenance may make up the amount of the reduction. He further stated that the six month report may necessitate budget reallocations. Kozlowski added that not filling vacancies will mean slower and less efficient service to the public.

The Director reported that neighborhood groups served by Highland Branch had met with him and other staff to discuss Highland's placement in Group II hours of service. Kozlowski indicated that a neighborhood representative plans to address the Board at the December meeting.

Lastly, the Director stated that members had received a letter of commendation from Governor Brown for the Library's fast-growing circulation.

Adjournment: There being no further business, the meeting was adjourned at 5:10 p.m.

Planning and Interior Operations Committee: Mr. Brown read a certification that bills in the amount of $116,850.80 had been audited and found correct; he moved approval. Mr. Conway seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: No report was given.

Budget and Finance Committee: The Director reported that expenditures for the year to date were in order.

The Assistant Director reported that circulation had increased twelve percent over November of last year, registration had increased eight percent over November of last year, and reference requests had increased sixty-five percent over the same period last year.

Father Eifler moved that money from the sale of the Monsarrat (Old Museum Building) Building be used to automate circulation services; Mr. Brown seconded the motion, and the motion passed unanimously. In earlier meetings, the Director had commented on the need for automating many of the Library's procedures, and Mr. Kozlowski had distributed an automation fact sheet and proposal at the November Board meeting. Discussion continued regarding an automated circulation system.

Father Eifler also announced the Budget and Finance Committee would meet with staff, sometime in January, to examine the Library's investments and possible additional investment of funds. Mrs. Hendon commented that the sale of the Kaufman-Straus Building provided the Library with the first opportunity to invest a large and significant amount of money.

Library Broadcasting Committee: No report was given. Mr. Donoho reiterated that $14,000+ had been pledged recently to the radio stations from the general public.

President's Report: Mrs. Hendon requested ratification of Executive Committee action which was taken at the October and November meetings (lack of a quorum occurred at both meetings.) Mr. Kozlowski reviewed the motions at Mrs. Hendon's request. Mr. Conway moved ratification, Mr. Schlich seconded the motion, and the motion passed unanimously.

Mr. Brown requested the Executive Committee's report be postponed.

Director's Report: Mr. Steinbock, Cherokee Triangle Association, addressed the Board and requested they adopt the following resolution:

"Resolved, that the Highland Branch, a Group II branch, be allowed nine additional public hours per week effective as soon as possible. The hours will be the same as Group I branches, 39 hours per week. Volunteers will be used for routine duties on a schedule of approximately 18 hours per week, thus freeing a Library staff member for professional tasks. All volunteers will apply and be approved through the existing Library Community Relations Office. The coordinating of volunteers and hours will be done by a volunteer. This increase in hours can be cancelled at any time."

The Director gave additional background on the work that had been accomplished by Library staff and the various meetings which had been arranged to discuss the neighborhood's request. The Board concurred that increasing the hours of service at Highland Branch should be tried on an experimental basis, subject to cancellation at any time by the Director.
The board left the implementation date to the discretion of the Director.
Mr. Voyles moved approval, Father Eifler seconded the motion, and the motion passed unanimously.

Mrs. Kuhnle, President, Friends of the Louisville Free Public Library, requested the Board to approve the Friends' establishing a gift shop in the Main Library. Mrs. Kuhnle further explained details of how the shop would be managed, what it would sell, etc. The Director endorsed the concept and informed the Board that utilities and other costs could be prorated and that all details could be included within a contractual agreement between the Library and the Friends. Mrs. Hendon stated her support of the Friends' proposed gift shop. Father Eifler moved approval, Mr. Conway seconded the motion, and the motion passed unanimously.

Adjournment: There being no further business, the meeting was adjourned at 4:45 p.m.

Budget and Finance Committee: The Director reported that expenditures for the first six months of the fiscal year were in order.

The Assistant Director stated that circulation had increased five percent over December of last year, registration had increased two percent over December of last year, and reference requests had increased twenty-two percent over the same period last year.
The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on February 10, 1981, at 4:00 p.m.

Planning and Interior Operations Committee: Mrs. Graff read a certification that bills in the amount of $180,565.72 had been audited and found correct; she moved approval. Mr. Schlich seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: Mr. Voyles moved, with Father Eifler seconding the motion, that the Board accept the Preservation Alliance's bid to purchase the Old Museum Building. He stated that staff had recommended this action to his Committee. He also reported that the Alliance's bid of $215,000.00 was the only bid received. Mrs. Hendon recalled that the property had been professionally appraised at $175,000 - $200,000 in 1980. After further discussion, the Board unanimously voted to award sale of the building to the Alliance.

Mr. Voyles requested that discussion regarding a formal policy on serving the handicapped be postponed until the March meeting.

Budget and Finance Committee: The Director reported that expenditures for the first seven months of the fiscal year were in order.

The Assistant Director stated that circulation had increased two percent over January of last year, registration had decreased four percent over January of last year, but for the year to date registration showed a six percent increase. He further reported that reference requests had increased thirteen percent over the same period last year.

Father Eifler requested the Director to report, briefly, on the proposed budget revision for the current fiscal year. Mr. Kozlowski stated that, as usual, after the first six months of any fiscal year, it is necessary to transfer some funds from one account to another in order to make provision for unanticipated shortages. This year's revision, Kozlowski said, included the County's reduction of $43,875 from the earlier approved amount. Father Eifler stated that the Administration had given a thorough justification for the few revisions to the Budget and Finance Committee and, consequently, he moved approval. The motion was seconded by Mr. Conway and the Revised 1980-1981 Budget was approved unanimously.

Father Eifler then requested the Director to review the 1981-82 Budget Request with the Board. After much discussion, Father Eifler recommended approval, Mr. Conway seconded the motion, and the 1981-1982 Budget Request was unanimously approved for submission to the City and County budget offices.

Library Broadcasting Committee: No report was given.

President's Report: Mrs. Hendon read a letter from the National Register of Historic Places which indicated that the Shelby Park Branch had been accepted on the Register.

Director's Report: The Director reported that the Atlantic Richfield Foundation and the Kentucky State Library had contributed $10,000 each to the Library. This gift money was requested in order to inaugurate library services to the deaf and hearing impaired within Jefferson County. The Director recalled that, in the fall of 1980, staff had requested permission from the Board to pursue outside funding for the proposed program. No local funding will be expended for the program. Grant monies will be used to purchase special equipment and library materials.

The Director proceeded to request Board approval for submission of a books-by-mail grant request to KIPDA. Should KIPDA fund the proposal, the homebound could receive library service through the mail. Total grant money requested is $27,000. Mr. Voyles moved approval, Mr. Minton seconded the motion, and the motion passed unanimously.
Kozlowski announced the following special programs: Friends of the Library Volunteer Award Reception, February 14; Friends of the Library Winter Program, February 15; and Western Branch Open House, February 15. He encouraged trustees to attend.

Lastly, Kozlowski requested approval to close the library system on Wednesday, April 22, 1981, until 2:00 p.m. for the annual Staff Development Day. He stated that the morning's activities would focus on the future in technology as well as reports to the staff from the administration. Because branch libraries regularly open at 2:00 p.m. on Wednesdays, only the Main Library and bookmobiles will not provide service before 2:00 p.m. Mr. Conway moved approval, Mr. Butt seconded the motion, and the motion passed unanimously.

Adjournment: There being no further business, the meeting was adjourned at 5:00 p.m.

(As mentioned aforehand, Policy printed on reverse side.)
1. The Louisville Free Public Library Board of Trustees and Administration are cognizant of the need to serve the physically handicapped. In recent years a sub-regional library for the Blind and Physically Handicapped was opened in the Main Library.

2. Many buildings housing branch libraries are not owned by the library system. Some branches are located in county-owned buildings, some branches are housed in buildings owned by 4th class cities and other community agencies, and still others are housed in buildings owned by private citizens. Making these branches more accessible to the handicapped is the responsibility of the building owners and not the Library.

3. In the branches owned by the Library, those built in the last decade have had provisions made for the handicapped. Branches built before the sixties are mainly not accessible to the handicapped. To renovate them for this purpose would cost great sums of money; these monies would have to be supplied by the city and county with some assistance, perhaps, from the federal government.
The monthly meeting of the Board of Trustees of the Louisville Free Public Library was held on April 14, 1981, at 4:00 p.m.

Present: Ms. Hendon and Maupin; Messrs. Brown, Butt, Eifler, Minton, Schlich, and Voyles; Messrs. Donoho and McDaniels, Library Broadcasting; Ms. Manning, Community Relations; Mr. Evans, Business Office; Ms. Sullivan, Extension Department; Mr. King, Staff Association; Ms. Patrick, County Judge's Office; Mr. Rawlings, Board Attorney; and the Assistant Director and Director also attended.

Mrs. Hendon presided.

Minutes: Father Eifler moved approval of the minutes of the March 10, 1981, meeting. Mr. Voyles seconded the motion, and the minutes were unanimously approved.

Planning and Interior Operations Committee: Mr. Brown read a certification that bills in the amount of $164,632.58 and expenditures of $18,676.37 in restricted funds had been audited and found correct; he moved approval. Mr. Minton seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: Mr. Voyles recommended, per staff suggestions, that the Highland Duplex property be painted and minimally repaired. He further recommended the property be placed for sale in late summer. After discussion, Mr. Voyles moved approval of his recommendation, Mr. Minton seconded the motion, and the motion passed unanimously.

Budget and Finance Committee: Father Eifler reported that the Budget and Finance Committee had recommended to the Executive Committee investment of the Library's funds with the Hilliard and Lyons money management program. He requested Mr. Evans to detail the program. Upon the conclusion of Mr. Evans' report, Mrs. Hendon stated that the Executive Committee had met and approved the Budget and Finance Committee's recommendation to invest funds. Mr. Brown moved that the Executive Committee's recommendation be approved, Mrs. Maupin seconded the motion, and the motion unanimously passed.

Mr. Kozlowski then reported that expenditures for the first three quarters of the current fiscal year were in order. He also reported that a joint city-county budget review had taken place, as well as a County budget review, since the last Board meeting. A session with the City was scheduled for Friday, April 17, he stated.

Mr. Garnar reported that circulation had increased three percent over March of last year, registration had increased five percent over March of last year, and reference requests had increased forty-three percent over the same period last year.

Library Broadcasting Committee: Mr. Butt reported that the radio stations had received notice that commercial broadcasters, headquartered in Tennessee, had petitioned the FCC to change the frequency of WFPK-FM. Because of the costs involved in such a change and because the change in frequency would drastically diminish the station's effectiveness, Mr. Butt's Committee requested the Executive Committee's approval to engage an attorney, in Washington, D.C., who was familiar with FCC activities. The Executive Committee
had approved the request and had stated that no more than $1500 from listener contributions could be used at this stage of the deliberations. Mr. Donoho informed the Board regarding details of the files petition.

After discussion, Mr. Brown moved approval of the action, Mr. Butt seconded the motion, and the motion passed unanimously.

President’s Report: Mrs. Hendon reported that the Crescent Hill Branch Library had been placed on the National Register of Historic Places. She also reported that Mr. Voyles had been appointed to the American Library Trustees Association’s Legislative Committee.

Lastly, Mrs. Hendon reminded trustees of the Kentuckiana Regional Library workshop on the legal responsibilities of the library trustees. The session will take place on Monday, May 11, 1981, Masterson’s Restaurant, from 4 p.m. - 9 p.m. She requested that those interested should call the Administrative Office to make reservations.

Director’s Report: The Director read a letter of commendation from Vernon Cooper, Chairman of the State Library Advisory Committee. The letter praised the Louisville Free Public Library for its fast-growing circulation and for receiving a ten thousand dollar grant from the Atlantic Richfield Foundation.

Kozlowski also read a letter from the State Librarian which indicated the progress of the State Library automation project. The Director recommended that the Library pursue information for automating circulation services, and the Board agreed.

Lastly, the Director reported that the Speed Museum would not be requesting appraisers from Christie’s in New York for at least another year. Kozlowski suggested he call Christie’s for price information in order to proceed with the earlier Board request to have paintings and statuary owned by the Library appraised by an out-of-town expert. The Board agreed.

Adjournment: There being no further business, the meeting was adjourned at 5:05 p.m.

The Director then read a memorandum he had included in Trustee packets. Mr. Voyles, who had attended a seminar on library automation contracts, stressed the need for hiring an independent consultant. A series of informational questions and updates on the project were asked by trustees. The director stated that requests for proposals were investigative and would not, in this preliminary step be binding. After considerable discussion, Father Eifler moved that the director be permitted to seek proposals from independent computer consultants, Mr. Voyles seconded the motion, and the motion passed unanimously.

Old Business: The director gave a progress report on the professional appraisal of library-owned works of art. A second report from Christie's of New York is anticipated.

She mentioned Mr. Kozlowski was Chair of the KLA Legislative Committee and that he, Mr. Garnar, and five trustees would attend.

Mr. Schlich seconded the motion, and the motion passed unanimously.

Mr. Kozlowski requested Mr. Garnar present the next item of the director's report. The assistant director gave justification for requesting proposals from consultants who would review the Library's position and

However, Mr. Voyles stated that no trustee had any objections, at that time, to Mr. Rawlings handling the Board’s legal matters. Ms. Stultz seconded the motion. Mrs. Graff stated she felt Mr. Rawlings had done a fine job and should be retained. The motion passed.

In their letter, the group requested permission to use a section of the basement of the Jeffersontown Branch Library for the distribution of canned and boxed foods to families needing emergency assistance. Trustees stated that, prior to permitting use of a room in the branch library basement, the Jeffersontown group would have to agree to the following conditions: (1) Because the branch is housed in a county-owned building, the County must approve, (2) the group's hours of opening must coincide with the branch's hours of opening, (3) the group must carry its own liability and contents insurance and show proof of such, (4) the group must serve all individuals, regardless of creed, race, or ethnic background, and (5) the group will store and distribute only canned and boxed foods. LOUISVILLE FREE PUBLIC LIBRARY
BOARD OF TRUSTEES MEETING
March 9, 1982

The monthly meeting of the Board of Trustees was held on March 9, 1982, at 4:00 p.m.

Planning and Interior Operations Committee: Ms. Stultz read a certification that bills in the amount of $174,001.88 and expenditures of $26,023.13 in the restricted account were audited and found correct; she moved approval. Mr. Conway seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: Mr. Voyles requested the Director to give the report which had been earlier mailed to committee members. Mr. Kozlowski indicated that Goose Creek Properties had proposed that we move Northeast Branch to a 1500 square foot space within the Westport Plaza Shopping Center. In return for one year of free rent and a reduced monthly rental for the second year, the library would transfer title of the mobile unit to Goose Creek Properties. (The branch is currently housed in the mobile unit.) The Director requested permission to negotiate a three-year lease, with the first year free of rent and the second and third years at one-half the commercial monthly rental rate. He also pointed to the document which appraised the trailer at a value of $2,700. (The unit had been donated to the Library by Liberty National Bank in late 1978.)

Board members agreed that the offer was outstanding, and Mr. Conway moved that the Director proceed to negotiate a lease agreement with Goose Creek Properties. Mr. Schlich seconded the motion, and the motion passed unanimously.
Mr. Kozlowski informed the Board that ownership of the property which houses the Outer Highlands Branch, 2225 Bardstown Road, had been sold by the L and H Investment Company to St. Paul's United Methodist Church. He stated that the Library was not notified of this action by either the former owner or the new owner until after the transaction had been made. Kozlowski informed members that staff were actively pursuing another storefront location within the same neighborhood. The current lease expires on August 31, 1982, and the new owner had indicated no interest in renegotiating a lease with the Louisville Free Public Library.

Budget and Finance Committee: Mr. Kozlowski reviewed expenditures to date.

Mr. Garnar reported that circulation had increased fourteen percent over the same month last year, registration had increased thirteen percent over the same month last year, and reference requests had increased seven percent over the same month last year.

The Director presented the 1982-93 budget request as approved by the committee. After discussion, Mr. Mitchell moved approval of the budget request, Mr. Conway seconded the motion, and the motion passed unanimously.

Library Broadcasting Committee: No report was given.

President's Report: Mrs. Hendon reviewed a bill from Mr. Heyburn for legal services in 1980 and 1981 connected with the establishment of the Louisville Free Public Library Foundation, Incorporated. She recommended the bill, although unanticipated, be paid. Trustees entered a lengthy discussion regarding the matter. Mrs. Graff moved that the bill be paid and Mr. Schlich seconded the motion. The vote indicated Ms. Hendon, Graff, Cooper, and Mr. Schlich for the motion, but Messrs. Voyles, Conway, Mitchell and Ms. Stultz against the motion. Further discussion ensued with the members agreeing that the Board President request Mr. Heyburn to indicate his hourly fee and number of hours worked. Mr. Schlich made a motion to that effect, Mr. Mitchell seconded the motion, and the motion passed unanimously.

Director's Report: Mr. Kozlowski requested Mr. Garnar present the first item on the agenda. The Assistant Director reviewed proposals received from position and compensation consultants. Mr. Garnar recommended the work be awarded to the lowest bidder, Yarger and Associates. He outlined what the consultant will undertake. The Director requested approval to launch a pilot program of lending videocassettes to the public. He gave details of the proposal and indicated the project could begin in late summer or early fall. Mr. Mitchell moved approval, Mr. Voyles seconded the motion, and the motion passed unanimously.

Mr. Kozlowski requested to close the system until 2 p.m. on April 21 for the purpose of a staff development meeting. Mr. Voyles moved approval, Mrs. Graff seconded the motion, and the motion passed unanimously.

 Lastly, the Director announced a library budget hearing was scheduled by the County for 2 p.m., April 12.

Old Business: The Director gave a report on the status of House Bill 144, State Aid to Public Libraries.

Adjournment: There being no further business, the meeting was adjourned at 5:16 p.m.

APPROVED:
The monthly meeting of the Board of Trustees was held on April 13, 1982, at 4:00 p.m.

Present: Ms. Cooper, Graff, Hendon, and Stultz; Messrs. Conway, Eifler, Mitchell, Schlich, and Voyles. Mr. Gottlieb, Community Relations; Mr. Donoho, Library Broadcasting; Ms. Somerville, Children’s Services; Mr. Pennington, Physical Facilities; Mr. Evans, Business Office; Mr. King, Staff Association; Mr. Keith, Attorney; and the Assistant Director and Director also attended.

Mrs. Hendon presided.

Minutes: Mr. Conway moved approval of the minutes of the March 9, 1982, meeting. Mr. Mitchell seconded the motion, and the minutes were approved as mailed.

Planning and Interior Operations Committee: Mrs. Graff read a certification that bills in the amount of $206,897.65 and expenditures of $11,107.42 in the restricted account were audited and found correct; she moved approval. Mr. Voyles seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: Mr. Voyles requested the Director give the report. Mr. Kozlowski recommended entering into an agreement with the Continental National Bank of Louisville to fund the leasing and purchase of equipment for the Main Library’s new telephone system. After discussion, Father Eifler moved approval, Mr. Conway seconded the motion, and the motion passed unanimously.

Budget and Finance Committee: Mr. Kozlowski reviewed expenditures to date. Mr. Garnar reported that circulation had increased eight percent over the same month last year, registration had increased five percent over the same month last year, and reference requests had increased four percent over the same month last year.

Father Eifler informed trustees that his committee interviewed investment managers from three local institutions on March 30. After these interviews occurred, members of the Budget and Finance Committee agreed that library operating and restricted funds currently with Hilliard and Lyons remain with that firm. Furthermore, when the current Kaufman-Straus investment matures on November 1, 1982, the Committee recommends transferring the principal to Hilliard-Lyons.

Father Eifler proceeded to report that his Committee also recommends that all Uri estate assets currently managed by the First Kentucky Trust be transferred first to the Board and then to the trust department of the Citizens Fidelity Bank and Trust Company as soon as possible.

A rather lengthy discussion ensued after which Father Eifler summarized the rationale for the Budget and Finance Committee’s recommendation. Father Eifler moved approval of the Committee’s recommendation to retain current investments managed by Hilliard-Lyons, to transfer the Uri estate assets first to the Library Board and then to the Citizens Fidelity Bank and Trust Company, and, lastly, to deposit the Kaufman-Straus principal
with the other restricted accounts at Hilliard-Lyons when the current investment matures. Mr. Conway seconded the motion, and the motion passed unanimously.

Father Eifler gave a status report on the art works project. He reviewed his plans for a possible art auction in the fall, after his ad hoc committee has had the opportunity to review the material. Mr. Kozlowski suggested Father Eifler might want to draft a letter to those local art experts from whom he wishes participation.

Library Broadcasting Committee: Mrs. Graff requested staff review the report she and her committee members had received in the mail. Mr. Kozlowski stated that he, Vice President Bing of the University of Louisville, Mr. Donoho, and Mr. Landers, General Manager of the University's public radio station, met and agreed that discussions between the two radio station managers take place to determine whether or not the Library's two stations and the University's one station could be merged into two public radio stations serving the metropolitan area. Kozlowski requested Mr. Donoho amplify his written report.

No formal action was taken; however, trustees directed staff to await a formal proposal from the University-owned station.

President's Report: Mrs. Hendon reported that Mr. Heyburn had responded to her letter regarding legal fees connected with the establishment of the Louisville Free Public Library Foundation, Incorporated. Mrs. Graff moved payment of the bill, Mr. Conway seconded the motion, and the motion passed with Ms. Graff, Cooper, and Stultz, and Messrs. Eifler and Schlich voting in the affirmative, and Messrs. Mitchell, Voyles, and Conway voting no. Mrs. Hendon abstained.

Director's Report: Mrs. Kozlowski requested permission to mail requests for proposals for automated services and systems to vendors recommended by the automation consultant. Mr. Voyles moved approval, Mr. Conway seconded the motion, and the motion passed unanimously. Kozlowski stated that Trustees Voyles and Stultz were members of the Automation Review Committee.

The Director requested permission to open the Main Library on Sunday, April 18, 2 - 3:30 p.m., for the Friends of the Louisville Free Public Library annual meeting and volunteers' recognition. Father Eifler moved approval, Mr. Mitchell seconded the motion, and the motion passed unanimously.

Mr. Kozlowski requested extending the banking cycle from two to four years. Changing banks every two years, he said, has provided unnecessary work for the Business Office. He recommended extending the Library's bank account with First National Bank for an additional two years, adding additional banks to the rotational schedule, and changing banks every four years. Mr. Conway moved approval, Mrs. Graff seconded the motion, and the motion passed unanimously.

Lastly, the Director read a letter from the American Library Association congratulating the Louisville Free Public Library for winning a John Cotton Dana Award. Mr. Voyles moved that trustees officially comment Jeannene Manning and the Community Relations Department staff for work which brought the prestigious, national public relations award to the Louisville Free Public Library for two successive years. Mr. Mitchell seconded the motion which passed unanimously.

The monthly meeting of the Board of Trustees was held on May 11, 1982, at 4:00 p.m.

Present: Ms. Hendon and Stultz; Messrs. Conway, Mitchell, Schlich, and Voyles. Mr. Gottlieb, Community Relations; Mr. Rees, Extension; Ms. Williams, Business Office; Mr. King, Staff Association; Mr. Pennington, Physical Facilities; Ms. Huffman and Crace, Circulation; Ms. Somerville, Children's Services; Ms. Tingle, City Works Department; Ms. O'Doherty, Louisville Times; Mr. Rawlings, Board Attorney; and the Assistant Director and Director also attended. (On Thursday, May 13, Trustee Cooper was reached by telephone for a review of formal action taken at the meeting; she voted on all the action items.)

Mrs. Hendon presided.

Minutes: Mr. Conway moved approval of the minutes of the April 13, 1982, meeting. Mr. Schlich seconded the motion, and the minutes were approved as mailed.

Planning and Interior Operations Committee: Ms. Stultz read a certification that bills in the amount of $145,766.76 and expenditures of $9,511.59 in the restricted account were audited and found correct; she moved approval. Mr. Conway seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: No report was given.

Budget and Finance Committee: Mrs. Hendon requested staff give the report. Mr. Kozlowski reviewed expenditures to date.

Mr. Garnar reported that circulation had increased eighteen percent over the same month last year, registration had increased seven percent over the same month last year, and reference requests had increased five percent over the same month last year. Mrs. Hendon explained that the Board's operating budget had, since 1904, included investment income from the Kaufman-Straus building. When the Board owned the building, the rental income was a receipt to the Library's operating budget. Since the sale to Oxford Properties, she said, the Library Board has invested the proceeds and used the interest income as part of the Library's budget. Mrs. Hendon said that although the funding bodies are aware of this, a formal resolution was requested by the City Comptroller, to be reflected in the official minutes. Mr. Conway moved that it be noted in the minutes that all interest income from the Kaufman-Straus corpus is used as part of the Library's yearly operational budget. Mr. Mitchell seconded the motion, and the motion passed unanimously.

Library Broadcasting Committee: No report was given.

President's Report: Mrs. Hendon commented that the Mayor's Task Force, which surveyed local government, reinforced certain elements of the Library's Long Range Plan to relocate branch libraries. She stated that the Library Board attempted to implement its plan in 1980. (Mrs. Hendon's Report is attached) A rather lengthy discussion ensued regarding the fact that the Library Board had not received recognition by the Task Force for its 1980 long range plan. Mr. Voyles requested the President compose a letter to both daily newspapers which would
indicate the Task Force's recommendations regarding branch libraries were in reality the Library Board's 1979-80 recommendations. Furthermore, that now, in 1982, those recommendations were neither new nor, perhaps, practical.

Director's Report: Mr. Kozlowski requested permission for the Friends of the Library to hold a reception for elected officials on Friday, June 4, Main Library, after closing time. Mr. Schlich moved approval, Mr. Voyles seconded the motion, and the motion passed unanimously.

The Director also requested the July Board Meeting be changed from the second Tuesday to the Third Tuesday, July 20, 4:00 p.m. He stated some staff and one trustee would be attending the American Library Association Annual Meeting on the day the Board would usually meet. Mr. Conway moved approval, Mr. Schlich seconded the motion, and the motion passed unanimously.

Adjournment: There being no further business, the meeting was adjourned at 4:38 p.m.

Building and Maintenance Committee: Staff reported that the search for a relocation of the Outer Highlands Branch continues. A
thirty day extension, on a month-to-month basis, has been offered by the owner of the current branch site.

Budget and Finance Committee: Father Eifler requested staff give the report. Mr. Kozlowski reviewed expenditures to date.

Mr. Garnar reported that circulation had increased thirteen percent over the same month last year, registration had decreased one percent over the same period last year, and reference requests had increased three percent over the same month last year.

Mr. Kozlowski informed the Board of the public hearings for the 1982-83 City and County budgets.

Library Broadcasting Committee: No formal report was given.

President's Report: Mrs. Hendon yielded the chair to Father Eifler, who then announced the Nominating Committee's slate for 1982-83. The Nominating Committee recommended Mrs. Hendon, President, and Mr. Voyles, Vice-President, for the term ending April, 1983. Nominations from the floor were requested. Mr. Conway moved nominations be closed, and Mr. Mitchell seconded the motion which passed unanimously. Mr. Conway then moved acceptance of the slate of officers, Mr. Mitchell seconded the motion, and the motion passed unanimously.

Director's Report: Mr. Kozlowski requested the Board send a letter of appreciation to the Mayor and the County Judge for their recommended allocations to the Library for FY 1982-83. Father Eifler moved approval, Ms. Stultz seconded the motion, and the motion passed unanimously.

Mr. Kozlowski explained an offer from the State Librarian to administer a statewide automation grant. Louisville Free Public Library would receive a minimum of five thousand dollars to administer funds not to exceed twenty thousand dollars. The State Library will be employing the automation consultant who is under contract with the Louisville Free Public Library. Mr. Voyles moved approval; Mr. Conway seconded the motion, and the motion passed unanimously.

The monthly meeting of the Board of Trustees was held on August 10, 1982, at 4:00 p.m.

Present: Messrs. Conway, Hanley, Schlich, and Voyles. Mr. Rees, Extension; Ms. Somerville, Children's; Mr. King, Staff Association; Mr. Pennington, Physical Facilities; Ms. Huffman, Circulation; Mr. Evans, Business Office; Mr. Gottlieb, Community Relations; Mr. Donoho, Library Broadcasting; Mr. Rawlings, Board Attorney; and the Assistant Director and Director also attended. (On Wednesday, August 11, Trustee Eifler was reached by telephone for a review of action taken at the meeting; he voted on all action items.)

Mr. Voyles presided and began by introducing the new member, Keith Hanley.

Minutes: Mr. Conway moved approval of the minutes of the July 20, 1982, meeting. Mr. Schlich seconded the motion, and the minutes were approved as mailed.

Planning and Interior Operations Committee: Mr. Conway read a certification that bills in the amount of $120,586.75 in the operating account and expenditures of $6,166.46 in the restricted account were audited and found correct; he moved approval. Mr. Schlich seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: Mr. Voyles requested the Director give the report. Mr. Kozlowski stated that an offer to purchase the Highland Duplex for $42,000 had been received. After considerable discussion, Mr. Schlich moved that a counter offer of $47,000 and no payment of points by the Library be made. Mr. Conway seconded the motion. However, on the following morning, Father Eifler voted against the motion. The motion failed because of the lack of a majority vote of the Executive Committee.

Budget and Finance Committee: The Director reviewed expenditures to date for the first month of the new fiscal year.

Mr. Garnar reported that circulation had increased over nine percent over the same month last year, registration had increased twenty percent over the same month last year, and reference requests had increased five and one-half percent over the same month last year.

Library Broadcasting Committee: No report was given.

President's Report: Mr. Voyles reported that Mrs. Hendon had authorized Attorney Rawlings to research the Library Board's authority under state statutes in relation to recommendations of the Charter Commission to Reorganize Local Government.
Mr. Voyles requested Mr. Rawlings summarize the report which had been distributed to members at the beginning of the meeting. In Mr. Rawlings' opinion, any new, reorganized government would have the same relationship to the Library Board that the two local governmental units now have. The new government could not remove the Library Board's powers for governing the library system without requesting such change before the State Legislature. Mr. Rawlings cited elements of the law pertaining to the Charter Commission and how these elements related to the Library's State Statutes. He concluded that the Library Board could not be terminated, made advisory, nor could the Library Staff serve at the pleasure of the Chief Executive of local government unless the Library's statutes were changed by the Legislature.

Director's Report: Mr. Kozlowski requested permission to open the Main Library on Thursday, November 11, 1982, 9:30 p.m. - 11:30 p.m. He stated the Southeastern Library Association and the Kentucky Library Association joint conference would sponsor a reception in the library on that date. The building closes to the general public at 9 p.m. on Thursdays. Mr. Conway moved approval, Mr. Schlich seconded the motion, and the motion passed.

Mr. Kozlowski then read two letters commending library services. One of the letters had been written by Congressman Mazzoli.

Lastly, the director gave a status report on the automation project. He reported that proposals had been received from four nationally-known library automation vendors, and that three vendors had been invited to demonstrate their software and hardware to the Automation Review Committee and the general staff.

Kozlowski further stated that the Review Committee, along with the Library's automation consultant, had reduced to two the number of viable vendors. These two vendors will be requested to return to Louisville in mid-September for additional in-depth demonstrations and question-and-answer sessions.

The Director also mentioned that libraries with similar automated installations had been called for opinions and assessments. Kozlowski reported that a final decision and a subsequent recommendation will come before the Board late this year or in early 1983.

Adjournment: There being no further business, the meeting was adjourned at 5:00 p.m.

Mr. Mitchell seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: Mr. Voyles requested the Director give the report. Mr. Kozlowski reviewed the staff's efforts to find a new location for the Outer Highlands Branch Library. (The current, rented facility has transferred owners and the new owner will not renew the Library's lease.) After considerable discussion, he recommended renting a facility on Dorothy Avenue for three hundred dollars per month. Mr. Graff recommended approval, Father Eifler seconded the motion, and the motion passed unanimously.

The Director then requested permission to advertise for bids to re-carpet the Bon Air Branch Library. Mr. Conway moved approval, Mr. Schlich seconded the motion, and the motion passed unanimously.

Lastly, Mr. Kozlowski reported that the Executive Committee's counter-offer to sell the Highland Duplex for forty-nine thousand dollars had been accepted, contingent upon the buyer's receiving bank financing.

Kozlowski also mentioned he had been appointed to a task force to examine arts education in the public schools.

Lastly, the Director requested permission to close the Library System on Friday and Saturday, December 24 and 25, and Friday and Saturday, December 31 and January 1. Mr. Conway moved approval, Mr. Schlich seconded the motion, and the motion passed unanimously.

Old Business: Mr. Voyles reminded trustees of the new state statute, effective July 15, 1982, governing public library trustee attendance at meetings. He voiced concern that although ratification by the full Board of earlier action taken by the Executive Committee was deemed legal, he felt uncomfortable with this situation. Various trustees commented, with the final recommendation being to re-draft the appropriate sections of the Board's By-Laws by Attorney Rawlings. The recommended changes will be presented at the October meeting for the Trustee's discussion and consideration. Mr. Hanley moved approval of this action, Father Eifler seconded the motion, and the motion passed unanimously.

Mr. Kozlowski was directed to poll other libraries in the Commonwealth to determine how their boards were dealing with the new statute on trustee attendance.

October 12, 1982, at 4:00 p.m.

Present: Ms. Cooper, Graff, and Hendon; Messrs. Conway, Eifler, Hanley, Schlich, and Voyles. Absent: Ms. Maupin and Stultz and Mr. Mitchell. Mr. Gottlieb, Community Relations; Ms. Somerville, Children's Service; Mr. Evans, Business Office; Ms. Huffman, Circulation Services; Mr. Rees, Extension Services; Mr. King, Staff Association; Mr. Rawlings, Board Attorney; and the Assistant Director and Director also attended.

Mrs. Hendon presided.

Minutes: Mr. Conway moved approval of the minutes of the September 14, 1982, meeting. Ms. Cooper seconded the motion, and the minutes were approved as mailed.

Planning and Interior Operations Committee: Mr. Conway read a certification that bills in the amount of $179,225.37 in the operating account and $9,164.39 in the restricted account were audited and found correct; he moved approval. Mr. Schlich seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: The Director stated that he had received a report from Physical Facilities which indicated the guttering at the Highland Branch was beyond the usual repair. The Louis and Henry Architectural firm had recently strongly urged replacement of the gutters as soon as possible. Kozlowski commented that, based on this professional advice, the project be declared an emergency, so that work could proceed before winter. Kozlowski stated that Mr. Voyles, Chairman of the Building and Maintenance Committee, had concurred that work should begin quickly. Kozlowski further stated that the project could be completed for no more than seven thousand dollars, and that additional roof repairs would be included in this cost. Father Eifler moved that the Highland gutter replacement and roof repair be declared an emergency, so that work could begin immediately. Mr. Conway seconded the motion, and the motion passed unanimously.

Budget and Finance Committee: The Director reviewed expenditures to date for the first quarter of the current fiscal year.

The Assistant Director reported that circulation had increased eight and one-half percent over the same period last year, registration had increased fifteen percent over the same period last year, and reference requests had increased seven percent over the same period last year.

Mr. Kozlowski reminded the Board that monies received from the sale of the Kaufman-Straus Building would need to be reinvested on November 1. Library Broadcasting Committee: No report was given.

President's Report: Mrs. Hendon reported that Mr. Wilson had resigned from the Board because of heavy business commitments. She requested Attorney Rawlings review proposed amendments to the by-laws. After Mr. Rawlings presentation, considerable discussion was held regarding the two proposed amendments and regarding which of the two was superior. A consensus was reached which directed staff to mail both proposed amendments to each trustee, prior to the November board meeting. A cover memo will stipulate that a formal vote (on which amendment to adopt) will take place at the December meeting.

Director's Report: Mr. Kozlowski reported that he had called a number of other libraries in the state regarding their handling of the new statute on trustee attendance. Mr. Voyles felt no local formal action was needed because of the statute. Trustees in attendance agreed that the Board President should write a letter to a member who had missed three meetings within the prescribed time frame. This letter would warn the member that a fourth meeting missed within the time frame would, per state law, constitute removal from the Board of Trustees.

Kozlowski reminded trustees of the upcoming joint conference of the Southeastern and Kentucky Library Associations. He encouraged Board participation.

Lastly, the Director requested permission for the Staff Association to hold its Christmas party in the Main Library, after public hours, on Friday, December 17. Mr. Conway moved approval, Mr. Hanley seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: Mr. Voyles requested the Director give the report. Mr. Kozlowski stated that bids for the re-carpeting of the Bon Air Branch Library had been received. Mr. Kozlowski stated that although line item adjustments within the current budget are usually made in the February revision, Mr. Voyles had suggested the possibility of transferring some funds into the out-of-state travel account before the end of the calendar year so that monies were available to assist staff and trustees who

He stated that Mr. Evans had investigated costs for the Library's automated payroll and personnel reports. Furthermore, needed additional reports would be included in the work performed by the ADP Company. Mr. Hanley requested that local banks be again contacted to determine whether or not they would do the work. Father Eifler seconded the motion, and the motion passed unanimously.

Building and Maintenance Committee: Mr. Kozlowski stated that Father Eifler’s Ad Hoc Art Works Committee had suggested that the windows in the Bernheim Gallery be covered with a film to block the ultraviolet rays which are damaging to the paintings. He stated Mr. Voyles was aware of the suggestion. The Director stated that the Physical Facilities Department had received an estimate of under seven hundred dollars for the protective window covering. The Board’s consensus was to proceed with the work.

Budget and Finance Committee: The Director reviewed expenditures for the first five months of the current fiscal year.

The Assistant Director reported that circulation had increased eight and nine-tenths percent over the same period last year, registration had increased fifteen and eight-tenths percent over the same period last year, and reference requests had increased ten percent over the same period last year.

The Director informed the Board that the 1983-84 budget process had begun earlier in the month.

Library Broadcasting Committee: No report was given.

President’s Report: Mrs. Hendon reported that the funding bodies had approved a four percent cost-of-living raise, retroactive to July 1,
1982, for Library employees. She stated that this action had been approved by the Board in March, 1982, when the budget request was endorsed and submitted to the City and County. The Executive Committee, upon hearing from local governments, requested staff to implement the raise. Mr. Conway moved approval of the action, Mr. Schlich seconded the motion, and the motion passed unanimously.

Mrs. Hendon then addressed the recommended amendment to the Board’s By-laws. After lengthy discussion by various members of the Board and the Board Attorney, a motion to approve the following amendment to the fifth paragraph of Article IV was made by Father Eifler. Mr. Conway seconded the motion, and the amendment passed unanimously.

"Executive Committee. The Executive Committee shall consist of the President of the Board and the Chairmen of the standing committees and shall have specific authority to approve ordinary or current expenditures. Between meetings of the Board or if there is a lack of a quorum for a regularly scheduled Board meeting, and with any other Trustees present also voting, the Executive Committee shall exercise all other powers of the Board (subject to the Board’s approval). It may make recommendations and suggestions it deems advisable for consideration of the Board and standing committees."

Mrs. Hendon read a letter from the County Judge’s Office which stated that Elizabeth Jones would be the Judge’s representative to the Louisville Free Public Library.

Director’s Report: Mr. Kozlowski reported that a survey of local banking institutions indicated that the vast majority of them contracted with the Automated Data Processing (ADP) Company for their payroll needs. This report was a response to a question raised at the November Board meeting.

The Director then read excerpts from a national publication which praised the Library’s publicity efforts. He stated staff pleasure at being so recognized.

Mr. Kozlowski requested permission to move the January meeting date from Tuesday, January 11, to Tuesday, January 18. He stated the change was necessary because he, Mr. Garnar, and Trustee Voyles would be attending the American Library Association midwinter conference on the eleventh. Public service and programming are clearly a priority at the Parkland Branch Library! On just about any given day of the week, you will find several ongoing programs taking place at Parkland, thanks to the initiative of Gloria Hayes.

Even before systemwide emphasis was placed on programming, Gloria was already instituting classes and programs for the community. Parkland offers programs and classes on health, arts and crafts, macrame, crochet, bridge — just to name a few. In addition, with a little persuasion on Gloria's part, a one-day workshop on creative writing turned into an extended 8-week course attended by neighborhood residents as well as by people from Bardstown, Kentucky.

Since she started at Parkland in 1964, Gloria has developed a close rapport with her patrons. Everyone in the community knows Gloria as the "library lady" who is always there at Parkland to help people find pleasure in reading and in learning new skills through free programs. Always positive and cheerful, she displays a friendly smile for everyone who enters Parkland.

Therefore, it is with gratitude and appreciation that I honor Gloria Hayes as "Employee of the Month". She is truly dedicated to developing Parkland as a community center for people to gather and find assistance in their everyday needs.

BOARD OF TRUSTEES MEETING

September 10, 1985

Absent: Ms. Kuhnle.

**Personnel Committee:** Ms. Miller read the following commendation to Mr. James Lockhart:

Nearly every aspect of library service is affected in some way or other by the support services departments. This is certainly true of Physical Facilities. The types of service required of Facilities' personnel are not always pleasant nor do they occur at opportune times. The one person you can count on to secure a building at 3:00 in the morning or bail water all night at a leaky branch is James Lockhart. His dependability is apparent when thumbing through his personnel file. He has an excellent attendance record and usually has to be reminded to take vacation or lose it.

Mr. Lockhart has been "on call" since the new building opened in 1969. If James retires, his beeper will have to be surgically removed.

Therefore, it is with gratitude and appreciation we present "Employee of the Month" to Mr. Lockhart.

Thanks for being there.

Ms. Miller reported the first meeting with the Staff Association and Staff Advocacy Committee would take place in October.
President's Report: Mr. Voyles announced the Kentucky Library Association's Trustees Workshop would take place on Saturday, September 14 at the Ramada Inn on Brownsboro Road.

On October 7, adult reading classes will begin at Shawnee, Shelby, Southwest and Jeffersontown branches. A Parkland class will begin on September 23. Ms. Douthitt requested volunteer help from the Board.

Old Business: Mr. Voyles called for a motion to approve a change in Section VII, paragraph three of the bylaws. The paragraph would read:

Mr. Hanley seconded the motion and, after discussion, it passed with one dissenting vote from Mr. Troutman. Mr. Schulman abstained from voting.

She studied for and earned a third class radio telephone license for duties as a radio technician.

With the separation of audio-visual into Films and Broadcasting, Anna Lee took on new duties in the radio station. She worked in traffic management, handling the responsibility of logging radio schedules to FCC requirements for both stations and making certain that program tapes were in the right place at the right time. When the stations joined the satellite network, Anna Lee took on the added responsibility of scheduling and logging satellite transmissions.

Library and Broadcasting staff daily pay her the highest compliments for her knowledge and efforts. "Ask Anna Lee" is what you hear when a question comes up. Anna Lee Moneypenny has earned recognition for her long service, her dependability and dedication to the Louisville Free Public Library.

It is my pleasure to announce that Mr. Randy Matlow, library assistant in the Business and Technological Sciences area of the main library's Reference and Adult Services Division, is the recipient of this month's Employee of the Month Award.

Mr. Matlow came to the Louisville Free Public Library system in September of 1981 after obtaining a masters degree in Environmental Sciences from Ohio State University. Mr. Matlow worked for seven years in the OSU library system where, even as now, his pleasant, selfless temperament and his genuine dedication to the highest standards of patron services earned him the admiration and respect of patron and staff alike. While there, Mr. Matlow further developed his extensive knowledge of the scientific and technological fields and became adept at instructing users in the intricacies of public access (online) catalogues. He has readily adapted this academic library experience and scientific background to public library service.

Apart from his public service achievements, Mr. Matlow's desire to excel, to achieve his personal potential and to assist others in realizing their potentials, have enabled him to become a most positive role model and staff leader. He has served as president of the Staff Association and chaired many staff committees. Mr. Matlow currently functions as a reference desk librarian and supervises the main library's large page pool.

For nobly discharging his public service responsibilities and enabling this institution to meet and exceed its public service commitments to the residents of Louisville and Jefferson County, Mr. Matlow is to be commended most highly. Mr. Matlow is one of those rare individuals who in the words of Shakespeare "is so far before that the swiftest wing of recompense is hard to overtake" him. I am pleased to honor Mr. Matlow with this award.

After considerable discussion, the following resolution was drafted:

The Louisville Free Public Library Board of Trustees regrets that the Administrations of the City and County were not able to consult the Library Board and or Administration about the Compact Proposal as it relates to the Louisville Free Public Library.

The proposed legislation fails to recognize the unique nature of libraries as a source of public information insulated from censorship and politics.

The Board supports your efforts to achieve greater efficiency in City and County Government through the Compact Proposal. However, the Board stresses that the continuation of an independent, citizen, governing board is essential to the integrity of the library operation. A departure from this would be a serious step backward.

Father Eifler moved approval of the resolution; Ms. Kuhnle seconded and it carried unanimously.

There being no further business, the meeting adjourned at 1:25 p.m.

Personnel Committee: Ms. Miller read the following commendation to Ms. Christine, Shelby Park Branch head:

Barbara Christine
Shelby Park Library
February 1986

Barbara Christine is a dedicated, caring, hard-working librarian. She has worked in a variety of positions at the Louisville Free Public Library for more than twenty eight years. Since 1973, she has been head librarian at the Shelby Park Branch.
During her years at Shelby Park, Ms. Christine has demonstrated a commitment to the Shelby Park community and to the role of the branch in that community that has often gone beyond the bounds of duty and expectation. For example, she regularly volunteers her own time to deliver library materials to homebound residents of the area who are not able to visit the library. She is also keenly aware of the importance that a branch library can have in the lives of disadvantaged children and has worked hard to make the branch a place of exploration and enrichment for children in the neighborhood.

During the recent renovation of the Shelby Park branch she showed again her commitment and caring by keeping the branch running under very adverse conditions, coping admirably with dust, wet paint, and workmen under foot. She worked harder and longer than any of the people doing the renovation work and never lost her patience. When the work was completed it was a pleasure to see the work that had been done but even more a pleasure to note Ms. Christine's excitement and pride.

Ms. Christine's current project is to get Shelby Park's collection converted for computer circulation as quickly as possible. She is showing a real flair for working with the computer. She is anxious for Shelby Park branch to enjoy the advantages of the automated system. As she pushes to get Shelby Park on-line once again the key fact about Ms. Christine as a librarian is demonstrated - she cares.

President's Report: Mr. Voyles asked Mr. Ptacek to update the board on the current status of legislation pertaining to the Library. Mr. Ptacek reported House Bill 269 was being rewritten.

Director's Report: Mr. Ptacek asked Mr. Pennington to lead a tour of the building and identify the improvements made during the renovation.
The next meeting of the Board will be March 11, 1986, at 4:00 p.m. at the Main Library.

I take great pleasure in announcing that Mr. Timothy Hellner, Librarian II supervisor of the Main Library's Fine Arts Division, has been selected as the Louisville Free Public Library's Employee of the Month.

Mr. Hellner has been associated with libraries for the last twenty years: first with Bellarmine's and then with the University of Louisville's library prior to arriving at the Louisville Free Public Library in 1971. Since then, Mr. Hellner has distinguished himself and brought praise to the library not only for the professionalism and resourcefulness with which he discharges his duties, but also for his application of native intelligence, highly developed communicative and interpersonal skills, and selfless, energetic dedication to public service.

Mr. Hellner's dedication to public service may be exemplified by his involvement with a homebound patron who died several years ago. Mr. Hellner not only took reference calls and selected reading material for him, but also personally delivered books to this lonely, demanding patron.

More recently, Mr. Hellner has been the laboring oar in the library's establishment of an Electronic Bulletin Board system at the Main Library; and has assisted the branches with placement and utilization of microcomputers. Almost singlehandedly Mr. Hellner overcame tremendous hardware and software problems to activate the Library's Freeboard, as the Electronic Bulletin Board is called, and to make it an overwhelming success. (By the way, a newspaper article concerning Mr. Hellner and the Freeboard appeared in last Saturday's Scene; and Mr. Hellner is also writing an article for a national newsletter about micros in our library system).
For his many accomplishments, I commend Mr. Hellner, Fine Arts Librarian who has truly developed the fine art of public service.

President's Report: Mr. Voyles recognized Ms. Ceel Wathen, incoming president of the Friends of the Library. Ms. Miller moved the board formally thank Ms. Monica Orr, outgoing Friends President, for her many contributions to the Louisville Free Public Library. Personnel Committee: Ms. Miller read the following commendation to Ms. Linda Zabel, Okolona Branch Head:

Linda Zabel is a relative newcomer to the Louisville Free Public Library system, beginning as a children's librarian at the Jeffersontown branch in May 1984. While there, she was instrumental in implementing the renovation of the children's area. Her knowledge of microcomputers proved to be valuable in teaching children and staff how to use the micros when they were first introduced in the branches.

In August of 1985, Ms. Zabel became the first person to participate in an experiment in which the children's librarian is also the branch head. She became head of the Okolona branch, but continued storytelling and other children related duties. Ms. Zabel's ability to set priorities and the enthusiasm with which she tackles any assigned task will give us a good opportunity to assess this experiment.

She has exhibited outstanding supervisory skills. The transition from a hand-charge agency to a completely automated agency went smoothly under her guidance. She manages various committee assignments and still finds the time to participate in community activities, even as branch circulation continues to rise at record-breaking speed. We are fortunate to have such a capable and pleasant employee on the staff.

Ms. Miller reported a subcommittee of the Staff Advocacy Committee had reviewed the City Personnel Manual. Copies are in the Administrative Office, Reference Department, Library Broadcasting, and Regional Libraries.

The next meeting of the board will be held on May 13, 1986 at the Western Branch.
