Louisville Free Public Library News and Information

SEPTEMBER/OCTOBER 2023

Award-winning author and violinist **NATALIE HODGES**

in conversation with **Emily Chen-Newton**
September 9, 6:30 p.m. • Main Library

In her acclaimed memoir, *Uncommon Measure: A Journey Through Music, Performance, and the Science of Time*, debut author and violinist Natalie Hodges beautifully explores the science of time and consciousness through the lens of her own experiences. A young Korean American and an aspiring concert solo violinist, she was forced to give up her dream due to performance anxiety. Anchoring her story with illuminating research in neuroscience and quantum physics, Hodges traces her own passage through difficult family dynamics, prejudice, and enormous personal expectations to come to terms with the meaning of a life reimagined—one still shaped by classical music but moving toward the freedom of improvisation.

Uncommon Measure was a 2022 National Book Award Longlist and *New York Times* Editors' Choice. To register for this free event, go to [LFPL.org/authors](https://lfpl.org/authors). A book signing will follow and books will be available for purchase from Carmichael's Bookstore.

Family STEAM Day

Saturday, September 30, 10 a.m.-2 p.m.
South Central Regional Library

Family STEAM Day is back with some amazing presentations and hands-on activities to get kids excited about Science, Technology, Engineering, Art, and Math. Join us for a day full of exploration and interactive fun at the South Central Regional Library.

This year's STEAM Day will include Southland Dairy's mobile classroom (with a real cow), Kentucky Science Center exploring the human body, a look at local wildlife with Louisville Nature Center, and sun-gazing with the Louisville Astronomical Society's solar telescopes. Irving Materials will be back to show kids how to make concrete and KMAC will lead art-making.

Family STEAM Day is absolutely free. For more information, including a list of activities and participating groups, visit [LFPL.org](https://lfpl.org).

A My**LIBRARYU** Short Course

New Short Course examines human-environmental interactions from a geographer's perspective

Thursdays, September 7 – 28, 6:30 p.m.
at the Main Library

The work of land system geographers plays an important role in understanding and sustaining the environment and well-being of communities across the globe. In this four-week course, UofL Professor of Geography & Geosciences Dr. Andrea Gaughan will explore different human-environment systems, discuss how geographers think about them, and foster critical thinking skills for a better understanding of the world around us.

Humans and the Environment: A Geographer's Perspective is free and open to the public. Register: [LFPL.org/MyLibraryU](https://lfpl.org/MyLibraryU)

Check out the newly-designed **LFPL.org**

Modern and mobile-friendly, the new site includes: searchable website and catalog, new accessibility features, customizable event calendar, & more!

SEP 8 -
NOV 12
MAIN LIBRARY

Once Upon an Orchestra returns starting in October

LFPL and the Louisville Orchestra are pleased to announce the third season of *Once Upon an Orchestra*, touring to all LFPL locations through April 2024. Families are invited to join LO ensembles for these fun, interactive musical storytelling performances. The tour will include past favorites, as well as new stories and songs. We'll even make instruments from recycled materials so you can play along during the performance!

The series is made possible through funding from The Library Foundation and Louisville Metro. For a complete list of performances, please visit LFPL.org/Orchestra.

LFPL offers free homework help

Students – whether you find yourself needing help with a math problem or with researching a term paper this school year, the Library is here to help. LFPL's Brainfuse HelpNOW is an online tutoring service offering access to live tutors, 2–11 p.m., 7 days a week – absolutely free! Students can chat or text with tutors in real-time, get help with math problems, have papers reviewed, discuss practice test results, and more.

In addition to Brainfuse, LFPL provides free access to some of the leading online research tools and databases, as well as ACT test prep classes and online practice tests. Visit LFPL.org/Kids and LFPL.org/Teens to explore everything LFPL offers to help students succeed in school this year.

Rendering of the Portland Library expansion

What's new with the Library's capital projects?

Late last year, LFPL was generously allocated 23.5 million dollars from Metro government—through capital and American Rescue Plan funds—for four exciting capital projects:

- Expand and re-open Parkland Library
- Renovate and expand Portland Library
- Build a new Fern Creek Library
- Renovate the Main Library's 1969 addition and re-open the third floor to the public

Here is the latest news on each project:

PARKLAND - Demolition work on the interior of the historic Parkland Library began some months ago. Construction fencing is now up and work on the addition is scheduled to begin in September.

PORTLAND - Construction drawings for the Portland Library have been approved, and we expect bids to be received and evaluated by mid-September. Plans are to close the branch at the end of September so construction can begin.

FERN CREEK - Once preliminary designs are drawn up, LFPL will hold a public meeting for residents to provide input on what they would like to see in their new Fern Creek Library.

MAIN - The largest of the four projects, plans for the Main Library renovation and improvement are still in the early stages.

To stay up-to-date on all of these projects, subscribe to our bi-weekly Library Capital Projects newsletter at LFPL.org/newsletter.

Rendering of Parkland Library and new addition

LFPL's Summer Reading Program celebrates more than 40,000 participants, 24,012 completers

The final counts are in and this year's Summer Reading Program was another huge success! 24,012 area kids and teens completed the program, reading more than 386,000 books in the process. As a result, many of those kids returned to school better prepared to learn and succeed.

Thank you to our community partners, Library Foundation donors, staff, and Friends, and the thousands of kids and parents who helped make the 2023 Summer Reading Program a big success.

Special thanks to the following major donors for their support of LFPL's Summer Reading Program

All books for all people

Thanks to the Louisville Free Public Library, **no one has to search far** to spot the perfect book at the perfect moment. Want to keep it that way? Here are two ways you can keep books on the shelves:

1. **Banned Books Week:** From October 1-7, join book warriors around the county to advocate against censorship.
2. **Give for Good Louisville:** On September 14, join us for Louisville's largest day of giving. Support the Louisville Free Public Library Foundation in our efforts to advocate for a strong public library.

Visit www.LFPLFoundation.org to learn more and to get the word search key.

BANNED BOOKS WORD SEARCH ►

The Color Purple	Of Mice and Men
The Kite Runner	Captain Underpants
To Kill a Mockingbird	The Catcher in the Rye
